Rescue Squad siren saves the day

by MARY FOLEY
Lakeland Newspapers

That loud, obnoxious, annoying siren may have saved lives this weekend when the Antioch Rescue Squad's beepers malfunctioned. During an early morning emergency, the beepers did not go off. Yet, three rescue squad members heard and responded to the siren.

There have been numerous complaints in Lipservice, a Lakeland Newspaper citizen opinion column, about the use of the siren. Caller's object to the use of the siren at night because it disturbs resident's sleep.

The fire department limits its use of the siren to day times only, relying on a

beeper system at night. The rescue squad also has beepers, but use the siren as a 24-hour backup.

Just this weekend, the use of the siren paid off. According to 1st Lieutenant

'Those extra 10 minutes could have really made a difference.'

—Lt. Tim Osmond

Tim Osmond, it might have taken the dispatcher 10-12 minutes to realize that the beepers did not go off.

"Those extra ten minutes could have really made a difference" explained Osmond. "We need both the beepers and

the siren in case of this type of situation."

Fortunately, the rescue squad does use the siren. They were able to respond speedily to this emergency.

Like the siren, sometimes the complaining voices sound the loudest. But, during the rescue squad's open house last weekend, residents voiced opposite opinions. Many of them made a special point to tell Chief Popp that they felt the siren was not a nuisance.

"I have lived near the siren for many years and it doesn't bother me one bit" exclaimed Judy Horniacek, an Antioch resident.

Horniacek has a special reason for appreciating the siren. Recently, she

needed the assistance of the rescue squad.

"They saved my life" said Horniacek. "They were there in two minutes. I am a diabetic and needed oxygen. They stayed with me all the way to the hospital."

So, while the siren may wake up some Antioch residents, it should also help them to sleep better at night. Just knowing that the rescue squad is on duty 24-hours allows residents to rest easy.

Wilton recovers after surgery

by MARY FOLEY
Lakeland Newspapers

Bob Wilton, former Antioch mayor is recovering in Evanston Hospital. Following surgery for cancer of the esophagus, Wilton will remain in the hospital for at least another week.

"He came out of the surgery okay" reports Candi Olson, Antioch village clerk.

"I talked with him and he seems to be in high spirits" said former trustee Larry Hanson. "After working with him for over four years we got pretty close. Hopefully the worst is now over and he will be able to enjoy his retirement."

Wilton was first elected mayor in 1973. He served two terms, and was mayor of Antioch during the centennial year. After over a quarter century of service as either a village trustee or mayor, he retired from his position in village politics this past April. At the time, he did allude to some unspecified health problems.

Health Dept. to offer immunization program

All area schools require that students be inoculated for measles, mumps, and rubella before the fall semester. The Antioch VFW and the Lake County Health Department urge all parents not to wait until August to comply with this mandate.

In an effort to reduce the rush in August, the Health Department is offering several inoculation dates at the Antioch VFW Post on 75 North Avenue. The dates are Wednesdays June 16, July 21, and August 18. The hours are from 9 a.m. to 11 a.m. For more information about this program, call 395-5393.

Veterans to be remembered

For many of us, Memorial Day brings picnics, summer days, and the end of school to mind. However, it should not be forgotten that the purpose of the day is to honor the fallen veterans of all wars.

The VFW Post together with the Antioch American Legion and Cub Scout Troop 190 will join for the purpose of paying tribute to our fallen servicemen of all wars.

The Sequoit Veterans of Foreign Wars, Post 4551 will be holding Memorial Day services on Monday, May 31. Beginning at 11 a.m. the services will begin with the placing of a memorial wreath by the cannon at Orchard and Toft Streets in Antioch.

From there, the services will be moved to Hillside Cemetery on Routes 173 and 59. At the cemetery there will be a brief ceremony, rifle salute, and Taps will be played by Antioch Community High School students.

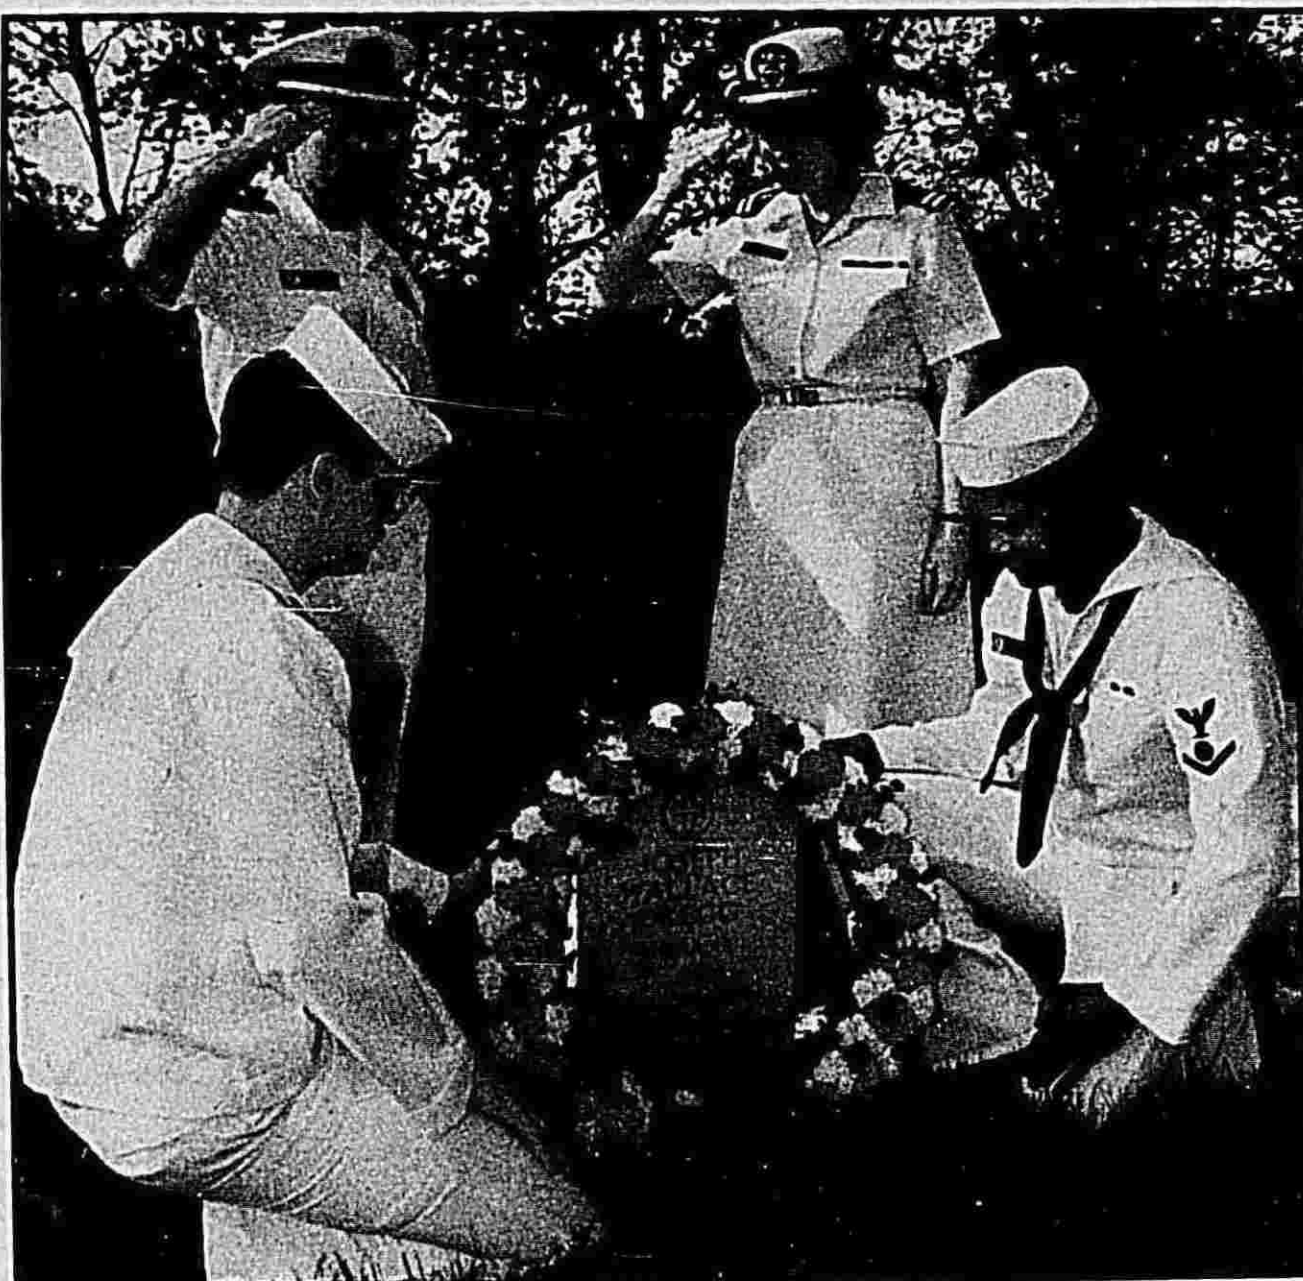

Everyone is welcome to join in the true spirit of Memorial Day.

Rescue Squad starts annual fund raiser

Unlike many other rescue and ambulance services, the Antioch Rescue Squad is funded entirely by donations and volunteers. Even more amazing, they have only two fund raising events a year.

Very soon, residents of Antioch will be receiving a letter from the rescue squad. Once a year, the squad sends a letter out to the community asking for assistance. Besides the letter mailing campaign, the only other fund raising event is the auction at the Lions Club picnic.

During the past year, the rescue squad responded to over 1200 emergency calls. Now, they need your help.

In Memory

Lt. Russell Griffin and Lt. Chorofsky salute as Damage Controlman Third Class Terry D. Bross and Electricians Mate Third Class Jonny Hill place a wreath at the grave of Joseph Wallace Gregg. Gregg was the first recruit to enter boot camp at Great Lakes Naval Training Center when the station opened in the summer of 1911. Joseph Wallace Gregg was laid to rest at Great Lakes in 1966 at the age of 72.—Photo by Bob Hendrickson

Lindenhurst disagrees with first county map

LINDENHURST—Lindenhurst officials are upset at the first draft of a proposed county land use map for undeveloped areas to be put in certain city boundaries. Mayor Paul Baumunk and Village Administrator James Stevens said the map looks suspiciously close to the map drawn by Lake County in its proposal for a sewer contract with the Northeast Facilities Planning District (NIPC). Baumunk said it appears there is collision between Antioch and Lake County to put Lindenhurst's future boundaries at Miller Rd. Lindenhurst's comprehensive plan calls for the expansion of the village boundaries twice as far north as Miller Rd. Lake County Planner Barbara Berlin says the first drawing is only to get feedback from the municipalities. She says if there isn't sufficient demand the county will drop the idea. Berlin says the county will not force the agreement on any municipality.

Asphalt plant hearing continued again

FOX LAKE—The Fox Lake Planning and Zoning Board, which had been under pressure to give the village board a recommendation on the plant proposal by June 1, found it had to continue the May 20 continuance meeting to June 22 at the Village Hall at 7:30 p.m. after discussions on the fifth and final parcel labored into the late evening. Board President Greg Murrey called for the continuance after the hearing entered its fourth hour.

School board decides to change board presidents

LAKE VILLA—The Lake Villa School Board District 41 decided to elect a new school board president even after the current president said he wanted to stay on. Former president Robert Link said he asked if any members were unhappy with his leadership and the members said no. They then voted to suspend the rules to call for an election for president. The vote was 4-2 in favor. Next, Link left, and the board voted 4-1 to appoint Agnes Clifford as the new president. Board member Roberta Ouper was critical about the way the situation was handled. She said that she didn't know until the day of the vote that the vote was to be taken. Clifford said she thought the board was doing what Link wanted them to do.

Dancer student will study at Joffrey

LIBERTYVILLE—Yvonne Cheng will be spending the summer in New York City at the legendary Joffrey Ballet. The daughter of Tien and May Cheng of Libertyville, Yvonne auditioned for the trainee program at Joffrey and was offered a scholarship there. She is in the eighth grade at Highland School and has been a student at Dancenter North since she was four. She has danced the leading role of Clara in "The Magic of the Nutcracker" for the past two years.

Students learn to cope with limitations

LIBERTYVILLE—Gifted students at the SOAR class at Adler Park School got a feel for what life would be like in a wheelchair. Each child had the opportunity to both experience the confines of a chair himself and to serve as a helper to another student taking a turn in the chair. The experiment was part of the Quest program sponsored by the Lions Club.

Lake Zurich relaxes village water restrictions

LAKE ZURICH—Lake Zurich water lovers can rejoice—at least a little bit—as some of the water restrictions will be relaxed. While the village will still police watering of grass during off peak hours, officials realized they were spending too much time worrying about residents who were not using that much water. Village Trustee Laurence Coffey said while restrictions had been imposed last year concerning washing cars, watering plants or filling small inflatable pools, they will be relaxed this year, and removed from the sprinkling ban. "They do not use enough water to have an impact," Village Administrator John F. Dixon said at the public works committee meeting Monday. However, the ban on watering lawns will remain intact.

Sixth-graders travel around the world

MUNDELEIN—Students, teachers and guests at Carl Sandburg Middle School trotted around the globe at the 7th annual International Fair put on by the sixth-grade classes. A spirited program of music and dance from around the world was followed by displays and taste treats from 85 countries.

Lake Zurich to vote on Com Ed substation

LAKE ZURICH—The Lake Zurich Community Development committee has recommended approval for the construction of a Commonwealth Edison power substation in the village's industrial park. After hearing a brief report from Village Administrator John F. Dixon and ComEd Public Affairs Director Harlan Dam, the committee decided to put the new proposal for the substation, along with the committee's previous contingencies, on the June 7 regular board meeting agenda under old business. Coffey said ComEd's proposal to run 138 kilovolt lines across 64 and one-half feet tall poles will significantly reduce the amount of EMF's (electromagnetic frequencies) transmitted more than a Hawthorn Woods proposal calling for 34 kv lines.

Educators mourn death of Dave Duffy

GRAYSLAKE—Flags were flown at half-staff for two days and memories filled the room at the wake as educators and family members paid their last respects to David B. Duffy. Duffy, age 53, lost a four-month battle to cancer May 22. He was born Oct. 8, 1939. Duffy served as superintendent at first Avon then Grayslake District 46. Burial was private for family members.

Waste contract wins approval

GURNEE—Gurnee residents will have a broader range of recycling services to choose from at a reduced rate. Gurnee trustees approved a three-year extension of an agreement with Waste Management. The cost will go down from \$11.84 a month to \$11.05 a month and \$10.28 a month for senior citizens. Also, a new container size, 65 gallons, will be offered in addition to the 90 pound gallons.

Vacant lot may provide dual uses for village

WAUCONDA—A vacated parcel of land owned by Wauconda may be used for two different purposes. Both Habitat of Humanity Lake County and a conglomerate group which wants to construct a bike path want a piece of the 60-ft by 200-ft lot behind Wauconda High School. Representatives from the international Christian organization approached the village about constructing a home of about 1,200 square feet for a disadvantaged family. The other group, comprised of the Lake County Forest Preserve District, the Park District and possibly other village governing bodies wants to connect a bicycle and pedestrian path which would connect Wauconda with the forest preserve trail and a proposed Island Lake path. Since they would only need between eight to 10 feet for the path, the village may be able to accommodate both groups, Village Trustee Bruce Christensen said.

Omni sued by woman for alleged gas injuries

ROUND LAKE BEACH—A Round Lake area woman is suing Omni Superstore for injuries relating to an alleged gas leak at the Round Lake Beach Store. Her attorney Michael Schostok, is seeking damages in excess of \$15,000. He claims Omni is negligent for causing the leak, not evacuating the store soon enough, and the workers of Omni caused the leak. He says his client, Bernadette Curington, and her three-year-old son Taylor are still suffering a burning throat, rashes and other health problems from the incident. Rich Simpson, of Dominick's who owns Omni, said tests have been run and the source of the leak is still to be determined.

Lake Villa and Dist 41 battle for control of site

LAKE VILLA—The Lake Villa Village Board and District 41 School Board are close to litigation over a dispute involving the construction of a mobile administration building at Lake Villa Intermediate School. The village is taking the position that the county has advised them the building is under their jurisdiction and the building requires a building permit. The school board believes the site is under their jurisdiction and they don't need a building permit from the village. The school board met Tuesday night to discuss possible litigation. The village board is meeting at Lakeland Newspapers' deadline to discuss possible litigation.

FREE LUNCH OR DINNER AND ESTATE PLANNING SEMINAR

ZVI POLSTER

Zvi Polster, attorney-at-law, will conduct an informative and entertaining seminar, explaining how proper planning can save time and thousands of dollars.

We will be appearing at the following locations:

- MUNDELEIN FREE LUNCH Thursday, June 3 - 1:00 PM
Holiday Inn FREE DINNER Thursday, June 3 - 6:00 PM
- GRAYSLAKE..... FREE LUNCH Thursday, June 10 - 1:00 PM
Whitney St. Restaurant FREE DINNER Thursday, June 10 - 6:00 PM

- You should attend this seminar if your estate is in excess of \$50,000
- Avoid the lengthy and expensive probate process.
- Maintain privacy and control of your estate.
- Minimize estate taxes with an estate plan that includes a LIVING TRUST
- Avoid multiple probates if you own property in more than one state.
- Avoid guardianship or "Living Probate."

**For Information & Reservations Call

SEATING LIMITED • RESERVATIONS REQUIRED

Listen to Zvi Polster and Dave Allen on Radio 1220 WKRS at 1:00 P.M. Every Tuesday for "LAW TALK".

Suspects still sought in Mills carjacking

When Melissa Green saw three males enter the Spot-Not Car Wash in Gurnee just past 9 p.m. May 20, she did not think anything of it.

According to police reports, she thought the three were, like her, just there to wash their car, a 1984 Chrysler New Yorker.

The three black suspects are now the subject of several law enforcement

agencies after they allegedly attacked the woman.

One is described as in his mid-20's, another wearing a dark blue jacket and another 6-0, 150 pounds with an injury near his left eye.

"One suspect was choking her while another was hitting her head against the wall. It all happened so fast, there was nothing she could do," Gurnee Police

Chief John Ward said.

Gurnee police were called to the scene by someone at neighboring White Castle restaurant. There were other customers washing their car at the time.

"I do not know what the young lady could have done," Ward said.

According to police reports, the attackers at first asked the victim for money. Later, a second said, "let's get out of here," police reports said.

The three headed south on I-94 toward the Deerfield area. They ditched another car

there. Lake County Sheriff's Dept. and Lake Forest police department canine units were called to the scene.

The county's stolen auto task force took charge from there.

The three were later the subject of a chase off the Kennedy at Montrose in Chicago. That is where the three escaped police through an alley.

Speeds on the expressway chase reached 90 MPH.

"They knew what they were doing," Ward said of the carjacking.

Township eliminates adm. aide's position

Ellen Mansfield, long-time administrative aide in the Grant Township supervisor's office and an unsuccessful supervisor candidate, came back from an extended vacation to find her job eliminated.

Technically, township records show that Mansfield was dismissed. Neither Mansfield nor new Supervisor Gordon "Gordie" Kiesgen said she was fired.

They met Tuesday and Mansfield was told that the township was making other arrangements to handle the duties she performed for nearly 10 years as an aide to Supervisor Alberta "Bertie" Miller. Apparently the meeting was amicable.

Mansfield attended a township meeting Tuesday night where Kiesgen and trustees adjourned for an executive meeting for the purpose of discussing personnel matters. Upon resumption of the meeting, trustees voted 4-0 for dismissal. Mansfield was not present when the vote was taken and she was not named in the motion.

After the meeting, Supervisor Kiesgen said an accounting service would be hired to perform the bookkeeping duties Mansfield handled. Kiesgen said he would handle the other duties she performed himself.

The supervisor said the township will save an estimated \$26,000 a year by eliminating the position.

Mansfield was granted a three-weeks vacation by the departing Miller. It is not clear whether she will be paid for the intervening time. The ousted aide's last vacation day was Friday, May 21.

Mansfield, a past president of the Fox Lake Chamber of Commerce and active in township civic and Republican affairs, said she will begin a job search immediately. "I want to keep working," she stated.

The former township employee's husband operates a drywall and decorating business.

VA to drop Fort Sheridan cemetery plan, seek new site

The Dept. of Veterans Affairs (VA) has announced it will review two alternate sites for a new northeast Illinois national cemetery following notification from the Defense Department that the VA's offer for land at the Fort Sheridan Army post was too low.

VA Secretary Jesse Brown was informed that a VA bid of \$6.945 million for 162 acres was considered too far under the appraised fair market value of \$37 million for negotiations to continue. "I am reiterating VA's commitment to construct a new national cemetery for the more than one million veterans of this region. We are immediately reviewing two sites from the original environmental impact process and we will expedite the selection decision," said Brown.

Following a Congressional directive to identify 10 regions in the U.S. with the greatest need for new national cemeteries, VA had earlier chosen the Fort Sheridan land from among three final sites near Chicago. A 270-acre site at Grant Park in Kankakee County, eight miles from the Manteno Veterans Home, and a 200-acre

parcel at Cissna Park in Iroquois County were the other finalists.

VA's original plans involving Fort Sheridan were influenced by the planned closure of the historic base and its proximity to metropolitan Chicago. The Defense Department letter to Brown reiterated the need to receive market value for the land and that local governments and commercial parties had expressed interest.

"In view of the great disparity between your offer and the appraised fair market value of the Fort Sheridan property, it does not make sense to begin negotiations all over again," the letter said.

"America's veterans have earned access to an honored resting place. I am taking steps to ensure there is no further delay in establishing this vitally needed national cemetery," said Brown.

VA operates 114 burial sites in the National Cemetery System, however only 50 have available grave space. VA is developing new cemeteries in several other regions of the country.

Model aircraft field opens at Van Patten Woods

A model aircraft field re-opened at the Lake County Forest Preserves' Van Patten Woods near Wadsworth. This facility for gas-powered, radio-controlled aircraft includes a 1.5 acre grass field, wind sock, spectator area, parking, drinking water and comfort station.

Permits to use the facility are required and can be purchased at the Lake County Forest Preserve General Offices at 2000 N. Milwaukee Ave. in Libertyville, 367-

6640. Purchasers must possess a valid model flyers' license, issued by the Academy of Model Aeronautics, or other equal proof of competence and liability insurance. Permits are valid for one year; the fee is \$40 (\$20 for Lake County residents).

The model aircraft field is located in Van Patten Woods' Special Use Area, on Russell Rd. just east of Rte. 41.

Re-educational Ranch holds first fund raiser

by MARK HAHN
Lakeland Newspapers

The Residential Re-educational Ranch (RRR) will hold its First Annual Fund-raiser on June 5, from 9 p.m. to 1 a.m. at the Ramada Inn in Waukegan.

The RRR is a mentor/big brother type of program designed to assist young males in high risk populations by allowing them to identify with a positive role model, who helps teach them alternatives to negative behavior.

According to Hampton Rose, Director of Prevention Services at the Lake County Community Action Project, the RRR has an eight week curriculum set up to talk to children about discussing their feelings, risk taking, decision making, making appropriate choices, discussing their uniqueness, getting involved in anger management, and cooperation and understanding.

"We've put a lot of time into putting this fund-raiser together," said Rose, "and we've alerted the community and went to radio services as well as newspapers. Flyers were also distributed."

"Personally, I'm expecting a 200 percent turnout, and I base that on the community, and the people who care about these kids."

Rose said that what happens in the first week is that there is a weekend/overnighter where youths are transferred to the Great Lakes Naval Base on a Friday afternoon, and they stay at the Naval Base through till Sunday, when

they are returned back to the Community Action Center after attending church.

The next seven weeks they will leave the Community Action Center at 7:30 a.m. for Great Lakes, where they will spend the entire day. Each week they will discuss a different subject.

At the end of the eight week period, they will have a graduation ceremony where certificates of achievement will be handed out for approved behavior.

Before the start of the program, parents with prospective youths will attend an intake/assessment session, where they will fill out consent and administration forms for their children. This will assess the children's capabilities in order to match the child with a mentor.

Parents will also be introduced to a life-skills group, which is really a parenting group where parents can discuss parenting issues, and provide strategies of better communication with their children.

The group began in October of 1992 and the mentors are volunteers from the community. The beginning age is 18 and mentors also go through an assessment/intake session as the children do on Wednesday nights at 5 p.m.

Musical entertainment for the fund-raiser will be provided by a jazz band featuring Earl Woods, Bobby Baker, Portia Wallace, David Rockingham, Bobby Roberts and John Hawkins. Cameo appearance by Krucial.

Tickets are \$10 per person. For more information call 249-4330.0

Suspects still sought in Mills carjacking

When Melissa Green saw three males enter the Spot-Not Car Wash in Gurnee just past 9 p.m. May 20, she did not think anything of it.

According to police reports, she thought the three were, like her, just there to wash their car, a 1984 Chrysler New Yorker.

The three black suspects are now the subject of several law enforcement

agencies after they allegedly attacked the woman.

One is described as in his mid-20's, another wearing a dark blue jacket and another 6-0, 150 pounds with an injury near his left eye.

"One suspect was choking her while another was hitting her head against the wall. It all happened so fast, there was nothing she could do," Gurnee Police

Chief John Ward said.

Gurnee police were called to the scene by someone at neighboring White Castle restaurant. There were other customers washing their car at the time.

"I do not know what the young lady could have done," Ward said.

According to police reports, the attackers at first asked the victim for money. Later, a second said, "let's get out of here," police reports said.

The three headed south on I-94 toward the Deerfield area. They ditched another car

there. Lake County Sheriff's Dept. and Lake Forest police department canine units were called to the scene.

The county's stolen auto task force took charge from there.

The three were later the subject of a chase off the Kennedy at Montrose in Chicago. That is where the three escaped police through an alley.

Speeds on the expressway chase reached 90 MPH.

"They knew what they were doing," Ward said of the carjacking.

Township eliminates adm. aide's position

Ellen Mansfield, long-time administrative aide in the Grant Township supervisor's office and an unsuccessful supervisor candidate, came back from an extended vacation to find her job eliminated.

Technically, township records show that Mansfield was dismissed. Neither Mansfield nor new Supervisor Gordon "Gordie" Kiesgen said she was fired.

They met Tuesday and Mansfield was told that the township was making other arrangements to handle the duties she performed for nearly 10 years as an aide to Supervisor Alberta "Bertie" Miller. Apparently the meeting was amicable.

Mansfield attended a township meeting Tuesday night where Kiesgen and trustees adjourned for an executive meeting for the purpose of discussing personnel matters. Upon resumption of the meeting, trustees voted 4-0 for dismissal. Mansfield was not present when the vote was taken and she was not named in the motion.

After the meeting, Supervisor Kiesgen said an accounting service would be hired to perform the bookkeeping duties Mansfield handled. Kiesgen said he would handle the other duties she performed himself.

The supervisor said the township will save an estimated \$26,000 a year by eliminating the position.

Mansfield was granted a three-weeks vacation by the departing Miller. It is not clear whether she will be paid for the intervening time. The ousted aide's last vacation day was Friday, May 21.

Mansfield, a past president of the Fox Lake Chamber of Commerce and active in township civic and Republican affairs, said she will begin a job search immediately. "I want to keep working," she stated.

The former township employee's husband operates a drywall and decorating business.

VA to drop Fort Sheridan cemetery plan, seek new site

The Dept. of Veterans Affairs (VA) has announced it will review two alternate sites for a new northeast Illinois national cemetery following notification from the Defense Department that the VA's offer for land at the Fort Sheridan Army post was too low.

VA Secretary Jesse Brown was informed that a VA bid of \$6.945 million for 162 acres was considered too far under the appraised fair market value of \$37 million for negotiations to continue. "I am reiterating VA's commitment to construct a new national cemetery for the more than one million veterans of this region. We are immediately reviewing two sites from the original environmental impact process and we will expedite the selection decision," said Brown.

Following a Congressional directive to identify 10 regions in the U.S. with the greatest need for new national cemeteries, VA had earlier chosen the Fort Sheridan land from among three final sites near Chicago. A 270-acre site at Grant Park in Kankakee County, eight miles from the Manteno Veterans Home, and a 200-acre

parcel at Cissna Park in Iroquois County were the other finalists.

VA's original plans involving Fort Sheridan were influenced by the planned closure of the historic base and its proximity to metropolitan Chicago. The Defense Department letter to Brown reiterated the need to receive market value for the land and that local governments and commercial parties had expressed interest.

"In view of the great disparity between your offer and the appraised fair market value of the Fort Sheridan property, it does not make sense to begin negotiations all over again," the letter said.

"America's veterans have earned access to an honored resting place. I am taking steps to ensure there is no further delay in establishing this vitally needed national cemetery," said Brown.

VA operates 114 burial sites in the National Cemetery System, however only 50 have available grave space. VA is developing new cemeteries in several other regions of the country.

Model aircraft field opens at Van Patten Woods

A model aircraft field re-opened at the Lake County Forest Preserves' Van Patten Woods near Wadsworth. This facility for gas-powered, radio-controlled aircraft includes a 1.5 acre grass field, wind sock, spectator area, parking, drinking water and comfort station.

Permits to use the facility are required and can be purchased at the Lake County Forest Preserve General Offices at 2000 N. Milwaukee Ave. in Libertyville, 367-

6640. Purchasers must possess a valid model flyers' license, issued by the Academy of Model Aeronautics, or other equal proof of competence and liability insurance. Permits are valid for one year; the fee is \$40 (\$20 for Lake County residents).

The model aircraft field is located in Van Patten Woods' Special Use Area, on Russell Rd. just east of Rte. 41.

Re-educational Ranch holds first fund raiser

by MARK HAHN
Lakeland Newspapers

The Residential Re-educational Ranch (RRR) will hold its First Annual Fund-raiser on June 5, from 9 p.m. to 1 a.m. at the Ramada Inn in Waukegan.

The RRR is a mentor/big brother type of program designed to assist young males in high risk populations by allowing them to identify with a positive role model, who helps teach them alternatives to negative behavior.

According to Harripton Rose, Director of Prevention Services at the Lake County Community Action Project, the RRR has an eight week curriculum set up to talk to children about discussing their feelings, risk taking, decision making, making appropriate choices, discussing their uniqueness, getting involved in anger management, and cooperation and understanding.

"We've put a lot of time into putting this fund-raiser together," said Rose, "and we've alerted the community and went to radio services as well as newspapers. Flyers were also distributed."

"Personally, I'm expecting a 200 percent turnout, and I base that on the community, and the people who care about these kids."

Rose said that what happens in the first week is that there is a weekend/overnighter where youths are transferred to the Great Lakes Naval Base on a Friday afternoon, and they stay at the Naval Base through till Sunday, when

they are returned back to the Community Action Center after attending church.

The next seven weeks they will leave the Community Action Center at 7:30 a.m. for Great Lakes, where they will spend the entire day. Each week they will discuss a different subject.

At the end of the eight week period, they will have a graduation ceremony where certificates of achievement will be handed out for approved behavior.

Before the start of the program, parents with prospective youths will attend an intake/assessment session, where they will fill out consent and administration forms for their children. This will assess the children's capabilities in order to match the child with a mentor.

Parents will also be introduced to a life-skills group, which is really a parenting group where parents can discuss parenting issues, and provide strategies of better communication with their children.

The group began in October of 1992 and the mentors are volunteers from the community. The beginning age is 18 and mentors also go through an assessment session as the children do on Wednesday nights at 5 p.m.

Musical entertainment for the fund-raiser will be provided by a jazz band featuring Earl Woods, Bobby Baker, Portia Wallace, David Rockingham, Bobby Roberts and John Hawkins. Cameo appearance by Krucial.

Tickets are \$10 per person. For more information call 249-4330.0

LIPSERVICE

IT'S THE TALK OF THE TOWN

GET "IT" OFF YOUR CHEST (708)223-8073

Lakeland
Newspapers

Lipservice is a phone-in column presented as a feature of Lakeland Newspapers. Lakeland Newspapers makes no claim to the authenticity of the statements. Lakeland Newspapers does not claim the content or the subject matter as fact, but as the personal opinion of the caller. Lakeland Newspapers reserves the right to edit copy or to refrain from printing a message. Call in at 223-8073 and leave your message 24-hours a day. Although the call is anonymous, please leave your village name.

Smoke Screen

Doesn't anyone in Ingleside on Stanton Point Road have garbage pick up? The person who burns plastic, Styrofoam, and garbage should be ashamed of herself. I am surprised she has not been reported for burning toxic material. I want to be able to breathe clean air!

Sweet Home Chicago

If the last Antioch Township meeting is an example of what the voters can look forward to for the next four years, I think I will move out of town and back to Chicago. The newly elected trustees spineless actions in not passing the resolution against the riverboat is reprehensible. Who are they representing?

Kicked Out

Jim Fields should be put on the payroll of the Fox Lake Limited Partnership. I know that his daughter has applied for a job on the boat. We should kick all the bums out!

Great Officials

I am calling to let people know what a wonderful mayor, village clerk, and police department in Round Lake Park. We had a terrible tragedy on Sunday. Our village officials were there to help these people.

Abuse of Office

Antioch High School is broke. No money for counselors, extra-curricular activities, sports, and the prom. Yet, the school board voted about a half-million dollars in retirements and bonuses. This is abuse of office.

You Are Probably White

I live in North Chicago and I take offense by the person who said we made our own slum. Who do you think you are? Where you live is probably no better. Why don't you come down to North Chicago and clean it up. You are probably white and prejudiced.

Can't Afford It

Hey you guys in Wauconda! If Island Lake residents form their own school district, you will be losing our tax dollars! We should all work together about our enrollment problems.

Where Is It Going?

Island Lake officials should wake up and start to offer more to the residents. We pay a lot of tax dollars, but there is not much offered to us. It would be nice to see where our tax dollars are going.

Re-Target

Antioch officials, get a Target Store for the town. Target contributes five percent of their pre-tax dollars to community organizations. Look what good this would do for us here. Don't you think we are important? We need more stores here for our needs and for the area. And, Lipservice, you are one of the best newspaper columns in the area.

Burning Mad

Antioch fire department! Isn't it time to end the

discrimination and allow non-village residents to serve on the force? Why should it make a difference? We live only moments from the station yet, I am not permitted to volunteer. Even stranger, I was told that I could join the rescue squad. Does that make any sense? I do live in Antioch Township. Could two streets over really make that much difference. I was a volunteer firefighter for over 10 years in my old town. Do you have that many experienced volunteers that you can afford to turn me down? I am burning mad.

Remedial Reading

It is true what they say about the very intelligent mind not having any common sense. A certain Dr. at Antioch, a very intelligent man, cannot read a simple no parking sign. He parks there every day he works.

Good Job

I am calling from Norfolk Virginia about the Illinois Officer of the Year. Congratulations, to the guy from Wauconda. Job well done!

Gots Guts

The only Antioch Township Trustee with guts is Ms. Skvarce! She was the only member of the board who voted

to support the wishes of the people. We are proud of you! Her statement, despite a lack of a second from the board, showed she really cares about the people of Antioch.

Throw The Rascals Out

Why should Island Lake residents vote on having a new school put in when a perfectly good one exists now? The police and building departments are using it. We should throw the rascals out and use the building for our children.

Keep It Here

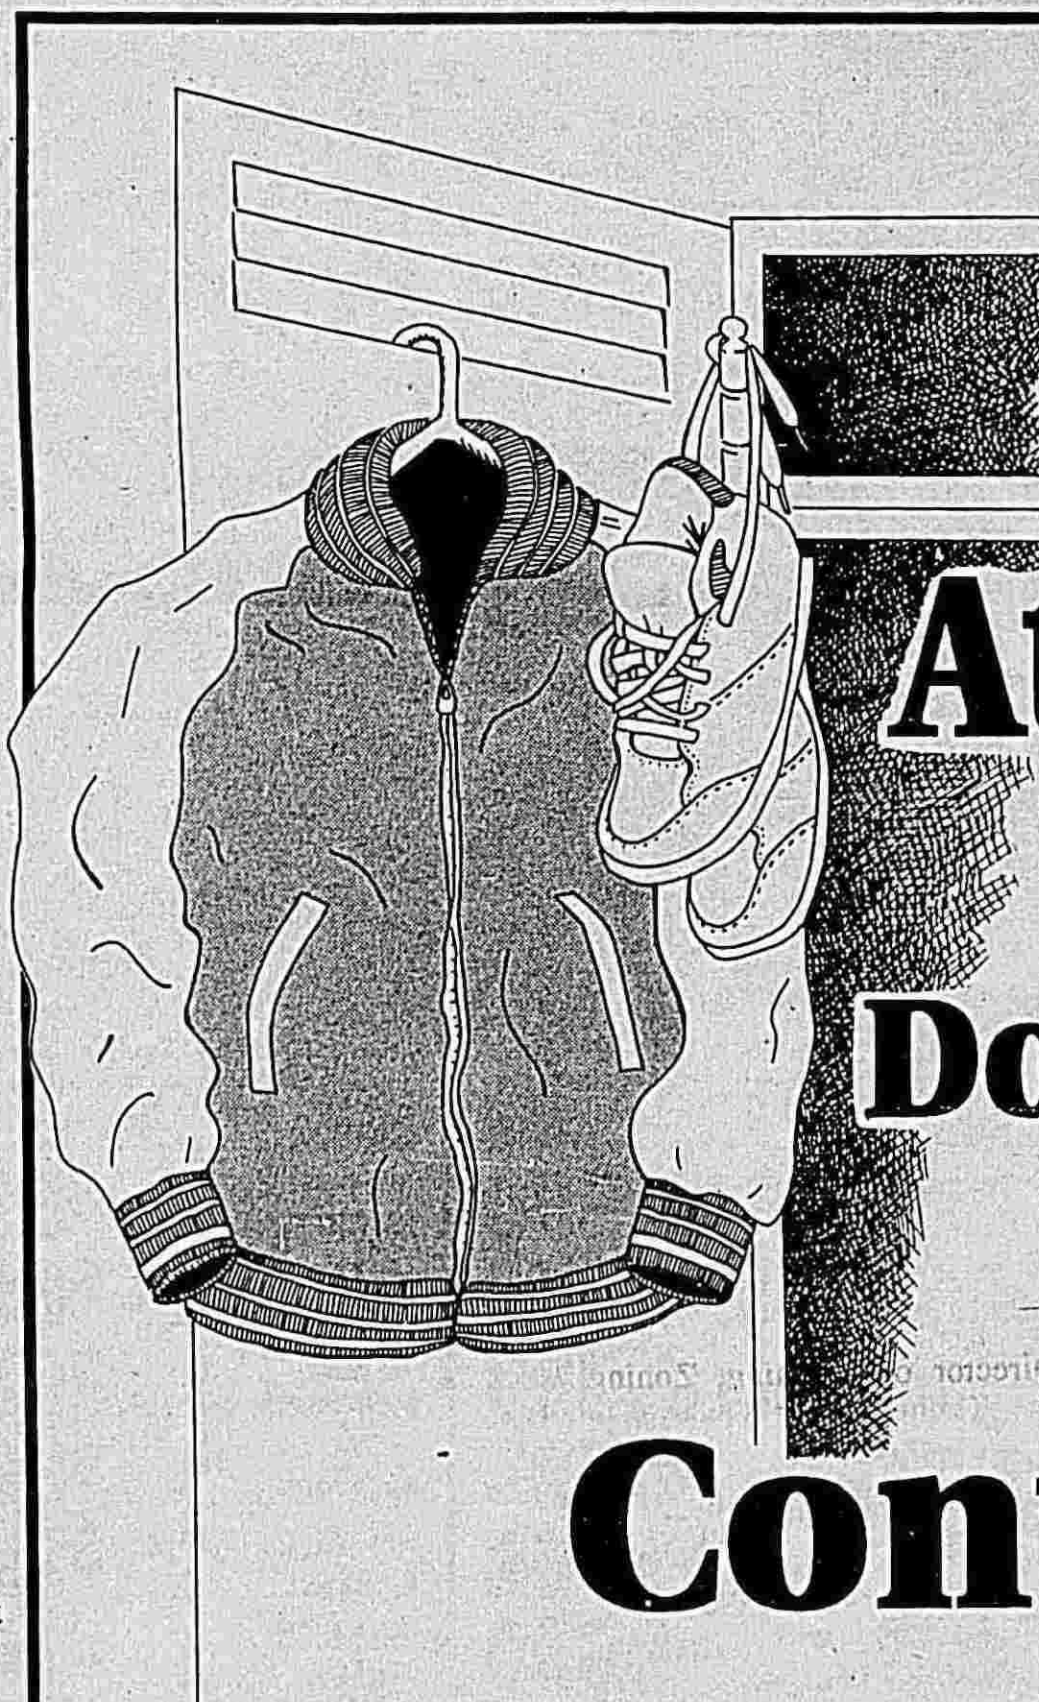

They are talking about moving the Ingleside Post Office into Fox Lake. They should leave it where it is. I am a fifty year resident, and Governor Stratton said it would stay here. I think it should.

Ringers

I think that Judy Martini would have been great, but instead Jim Fields has put in two ringers. It is because of Wilton and Rudak that Martini lost.

What Is Teaching?

I am a student at St. Peters School in Antioch and I am
(Continued on page 14)

Officer challenges body, mind with Tae Kwon Do

by TINA SWIECH
Lakeland Newspapers

Lorinda Broberg doesn't believe in dying at the end of her dreams. Instead, the 32-year-old, 116-pound Mundelein police officer is working hard at becoming the National Champion in the featherweight division competition for Tae Kwon Do.

She's already met many goals. Broberg is the state champion for both Wisconsin and Illinois in which she has recently won bronze and gold medals in the forms and sparring sections of the competition.

A third-degree black belt, the single mother of two explained that she has been involved in the Martial Arts since she was in college in 1978. After three of her chemistry buddies wouldn't stop talking about the sport, Broberg decided to give it a try. At that time, she was enrolled at the University of Wisconsin-Parkside, in Kenosha, working towards a degree in psychology. That's when she first fell in love with Tae Kwon Do.

Ultimately, Broberg went on to compete in state competitions where she won titles for four consecutive years, from 1983 to 1987. She took five years off in 1987 to attend to family and personal matters, she came back to the sport this year, stronger than ever, and recaptured the state title.

When asked how she feels about com-

peting for the nationals, Broberg simply answered, "I'm excited about it." And she should be, as she is working very hard to be a part of the event. Broberg explained that she currently trains six days a week for the competition, which includes being on a special low-fat, high-carbohydrate and protein diet. She also runs a lot, doing sprints and early-morning runs; and trains at a local gym, "Health Systems" in Antioch near her home. The training at the gym is crucial to her preparation for the event, and there she lifts weights besides the Tae Kwon Do exercising she does, with the help of her two instructors, John Seiber and Bob Ludwig.

The National Tae Kwon Do competition is to be held May 27 through May 29 in St. Paul, Minnesota, and winners of that event will then be recruited for the Olympics.

Some men, according to Broberg, can initially be flippant and sarcastic when first meeting the dynamite-packed police woman. But after they get to know her, and see what she can do, "they start to earn respect for me," she said. Especially when she is able to help them in a martial arts class.

The oriental art form has helped Broberg in some instances with her job as a Mundelein police officer, although she explained that what has been taught in the police academy is very similar to what

she has learned in Tae Kwon Do classes. Both, she said, are based on the use of body-mechanics, but Tae Kwon Do is a little stricter, a little rougher, a little quicker, explained Broberg.

Other interests of the black-belt winner, include her love for horses, which she said began as a child while she was in the 4-H Club training and showing the animals while she grew up in Wisconsin. The petite woman also said that at one time, she had been heavily involved in weight (power)-lifting, and brought her weight up to 155-pounds, able to squat lift up to 300-pounds of weights. She also taught martial arts from 1981 to 1987.

Currently, Broberg is attending the College of Lake County where she is working towards obtaining a degree in criminal justice. As part of earning college credits, Broberg said that she is developing a self-awareness type class—Tae Kwon Do—strictly for women. She said that this may be just the thing that many women need, since often times they are too intimidated to go to classes that are geared mainly towards men. Broberg believes that all women should have some type of self-defense training.

Besides her job as midnight-shift police officer, mother of two, winging it alone, and all of her intense training, Broberg finds the time to teach part-time at the Lindenhurst Park District, at a Tae Kwon Do class for children. The champion gives thanks to her family for all of their support and encouragement, and has

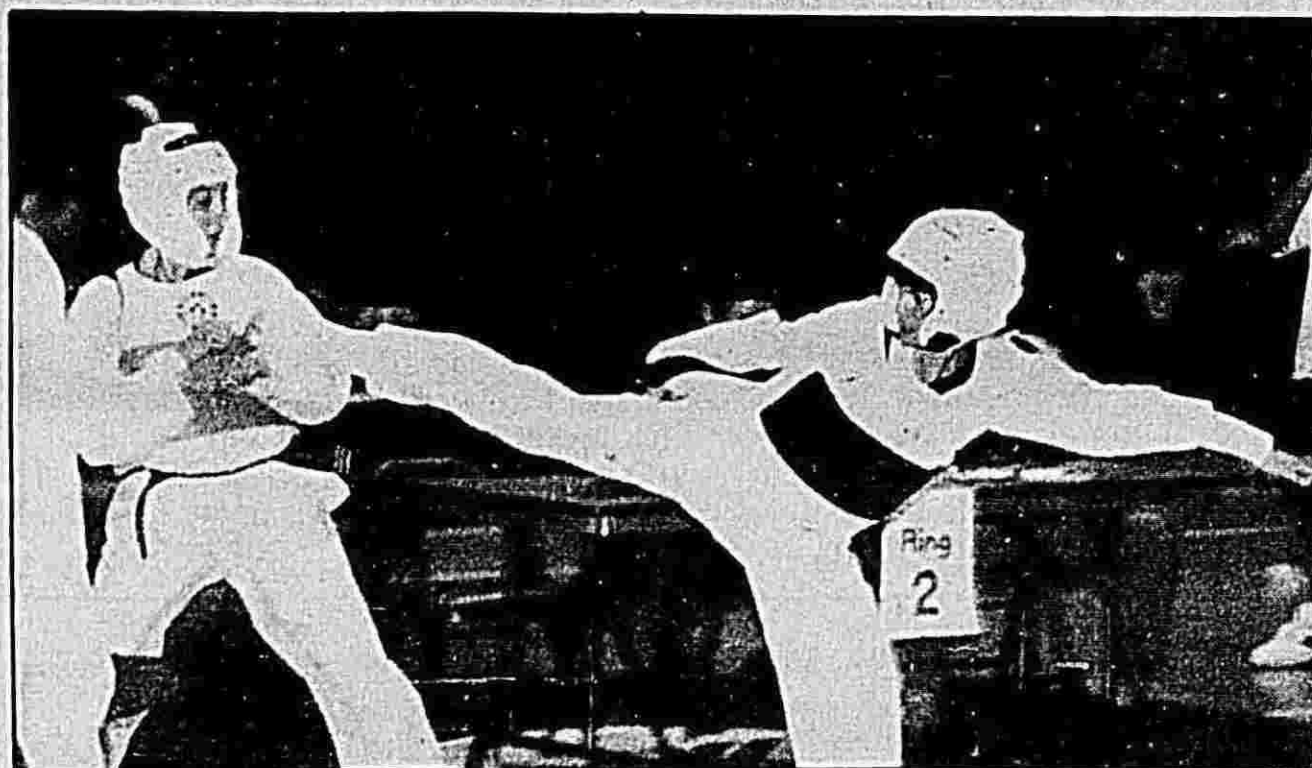

Lorinda Broberg

hopes to bring them home the gold from the national competition.

The positive police woman said that she is one to forever learn, and explained that with continued training, and the backing behind her, she can realistically climb onto the next rung of the ladder—becoming a fourth-degree black belt in the sport of Tae Kwon Do.

When asked how she would sum herself up, the hardworking Broberg said, "I've weathered the storms in my life. I am able to set goals, and once I've reached (those goals), I don't believe in dying at the end of the dream."

Lorinda Broberg competes in a Tae Kwon Do meet. Antioch resident Broberg is a third-degree black belt.

Shineflug names appointments

By MARY FOLEY
Lakeland Newspapers

Antioch Mayor Shineflug made her final appointments at the Village Board meeting on May 17. Before the announcements, however, there was some confusion about the length of term for certain appointments.

Village Attorney, Kenneth Clark suggested that under Illinois state law, the term of some appointments were limited to the same length as the Mayor's term.

"The only board that I know of that can extend beyond the mayor's term of office is the zoning board. I have looked through the state statutes," explained Clark.

"We are going to have to take a look at this" said Clark. In the meantime, with this issue pending, Mayor Shineflug announced her appointments.

Timothy Wells has been appointed

Village Administrator, Joseph Huber the Commissioner of Streets, Charles Miller the Chief of Police, Robert Silhan was made Director of Planning, Zoning & Building, Kenneth Clark was named Village Attorney, McClure Engineering as the Village Engineers, and Donna Henderson as the Special Assistant Attorney for Litigation.

The Park Board Members are Donald Zeman (Chairperson), Vicki Axton, Karol Hintz, Gerri Amundsen, Sue Glenn, Jennifer Tamburino and Theresa Kovach.

The new combined Planning and Zoning Board members are Barbara Johnson (Chairperson), Ed Koziorowski, Justine Lubkeman, James Portalski, Gail Heath, Curtis Denny, and Robert Malone.

Some of the board members are new appointees, while others were appointed on a staggered term by the prior mayor.

Blaze destroys home

The cause of a fire that gutted a home built in the 1940s on Liberty Street in Loon Lake, May 21, is still under investigation, despite rumors of an electrical malfunction causing the blaze.

Antioch Fire Captain Rich Frankson said the fire investigation, which involves several agencies, should be finalized by the end of the week.

"We are looking at human error and other factors," said Frankson, who ruled out arson in the blaze that severely damaged the home at 40221 Liberty St.

"The home received extensive damage."

Frankson added that the blaze burned hot enough to cause heat damage and a secondary fire in an adjacent home. Firefighters extinguished and controlled that fire before exclusively working to flame out the main fire, according to Frankson. Estimated damage was \$100,000 for the home and contents.

Mutual aid departments responding to the fire were Lake Villa, Fox Lake, and Round Lake.

The cause of the fire which gutted a home on Liberty Street in Loon Lake is yet to be determined.

Graduation day nears

by THOMAS STEVENS
Lakeland Newspapers

Now that the Antioch Community High School seniors have gotten their graduation practice and the first of several parties expected to occur during the next few weeks under their belt, the real thing still awaits them on June 6.

According to Student Activities Director Steve Wapon, the graduates and their families can expect to see a traditional commencement ceremony in the North Gym at 2 p.m.

"We are planning a traditional, crisp, ceremony," said Wapon. "We want to

recognize the achievements of the Class of 1993 and get them home as quickly as possible so they can continue their celebrations."

Senior Class President Erin McCallum and Student Council President Colleen Keating are expected to address their classmates during the graduation ceremony. ACHS will recognize Cum-Laude graduates as their names are announced during the graduate's roll call.

Tickets for those wanting to attend the commencement are only available through the individual graduates, who will receive them this week, according to Wapon.

Paige is generous with purple suede boots

Beggar

All of the Camp Crayon children come to camp looking very nice and well-groomed. Occasionally one of the little girls will have on an exceptionally cute outfit or extra special pair of shoes.

I kiddingly remark to them and their moms, "Let me know when you are having a garage sale and I'll come along to buy that outfit (or whatever) for Alyssa Janelle."

Not too long ago little (and I mean little) Paige Majewski came wearing an adorable pair of purple suede boots. I did my usual beggin routine and when Paige out grew the practically brand new boots, she and mom brought them to camp as a gift for Alyssa. You know, there are nice people in this world and then there are "really" nice people in this world.

Thanks, Paige, and thanks mommy Cheri. I am sure Alyssa will love having them and when she wears them I will naturally think of the special little girl who gave them to her and also her special, sweet mom!

Not
We filled out a contest form and were contacted indicating we were winners of one of the three major prizes—an expensive vehicle, a trip or cash. We momentarily got excited, but I was sure it was a sales pitch that was misleading.

To prove it, I called the number contained in the letter. They asked me to give them a nine digit number at the top of the letter and then the four digit number at the bottom.

They wanted to know my name and other so-called pertinent information before checking the computer to see if we would receive one of the "Major" prizes or a consolation prize. I asked why they needed the additional information, after all I gave the listed numbers. They blabbed on about cross referencing computer and I played along. They insisted we were a big winner and all we had to do to claim one of the "Major"

prizes was to set up an appointment to listen to a presentation of their services.

I still felt it was misleading—anything to get us to listen to a sales pitch. I called back four different times above and beyond the first call. Each time I gave a different made up winning number, a false name, false occupation and salary, etc. and guess what, each time they informed me we were winners of one of the three "Major" prizes. Needless to say, we didn't waste our time going to listen to the sales pitch.

Hometown Goodies

Special visitor

Three of Cathy and Carl Dunfrund's four children are former Camp Crayon participants. When little Carl graduated camp last year we have naturally missed chit chatting with Cathy as she dropped him off or picked him up. I told her we were having Cathy withdrawal, so she made plans with little Kirsten Rognstad's dad to get her to and from camp on May 12.

We enjoyed her visit and were pleased to see how well little Dunfrund number five is growing inside of mom in preparation for his June birth. We also enjoyed visiting with little Carl, Jr. when he came with mom to pick up Kirsten and wow did he grow.

Thanks for visiting and don't forget to let us know when the little one makes

his (if the ultra sound is correct) way into the world.

GLS

Congratulations to the following Grass Lake students for achieving high honor roll for the third quarter grading period: Eighth grade: Paul Grob, Cindy Jones and Jean Enslow. Seventh: Abby Clark, Amber Gore and Kristen Miodonski. Sixth: Jessica Cardis and Sarah Ritter.

Congratulations to the following honor roll achievers: Kristen Franzen, Ben Friel, Dan Jorudd, Joel Mosier, Sean O'Donnell, Eric Schultz, Charlie Spencer, David Wallsteadt, Stephanie Welch, Mike Boerman, Jenny Cardis, Tia Chinn, Ryan Dunfrund, Candice Kasprzak and Jenny Konstans.

Bridget Leonard, Kyle Milovanovic, Travis Pinkowski, Eric Ritter, Shelley Schaff, Steve Spencer, Josh White, Christine Charvat, John Gallon, Jennifer Hughes, Tamara Plucker, Nicole Schaller, Brandy Brown, Ricky Lara, Joey Nava, Nicole Santiemmo, Jessica Sauber, Christian Vogel and Sarah Wechselberger.

Emmons School

The monthly Emmons "Stars" are: Dan Wiegel, Shayne Jacobsen, Ane-Marie Marks, Konoah Derifield, Jennifer Watkins, Kristen Jensen, Jaclyn Corso, Brandon Hope, Jenna Diemer, Benjamin Korom, Colin Kevell, Julie Rohde, Ashley Jensen and Sarah Haley.

The eighth grade class officers for the 1993-94 school year will be: Kelly Mihovilovich (president), Cory Cybul (vice president), Jim Koppa (secretary) and Shayne Jacobsen (treasurer). Congratulations.

Congratulations

Fran and Joe Frankenberg are very excited over the birth of their fifth grandchild, who is also their fifth granddaughter. They would like to congratulate their daughter and son-in-law, Donna and Rob Trischan, on the birth of their first child, Jamie Leigh. Jamie was born on

May 11 at Lutheran General Hospital, at 6:30 p.m., and weighed 8 pounds, 3 ounces. Congratulations everyone!

Theatre time

The PM&L actors are busy rehearsing for the next theatre production "Let's Get A Divorce." Scheduled show dates are June 4, 5, 6, 11, 12, 13, 18, 19 and 20. Evening performances are at 8 p.m. The Sunday matinees are at 2:30 p.m. On June 12 there will be both a matinee and evening performance. Seating is limited so make reservations by calling 395-3055.

Lotus/Forest

Congratulations to the following students from Lo-

tus School for receiving the student-of-the-month award for "Good Study Habits." Tera McDevitt, Megan Stanis, Jacob Boomfield, Amanda Brinegar, Etta Bennefield, Kelly Murrey, Cori Finedore and Rachel Rosene.

The following Forest School students were chosen "Hard Worker" for the month: Alec Drews, Josie Chairez, Bobby Schmidt, Erika Carr, Mandy Peczkowski, Jessica Hedrick, Stephanie Fain, Jeff Green, Sean McCaffrey, Kelly Koske, Anthony Gonsales, Brittany Payton and Shannon Gustafson.

Woman's club

Another year is drawing to a close for the Antioch

Junior Woman's Club. All of the community projects the club worked on during the past year were very successful. Much thanks is given to all who gave of their time so freely to accomplish all that the club set out to do. The club is looking to increase its membership.

If you would like to serve your community, meet a lot of nice people and have a great time to boot, consider joining the club. Anyone interested in further membership information, call Terry at 395-6637.

GLS board meeting

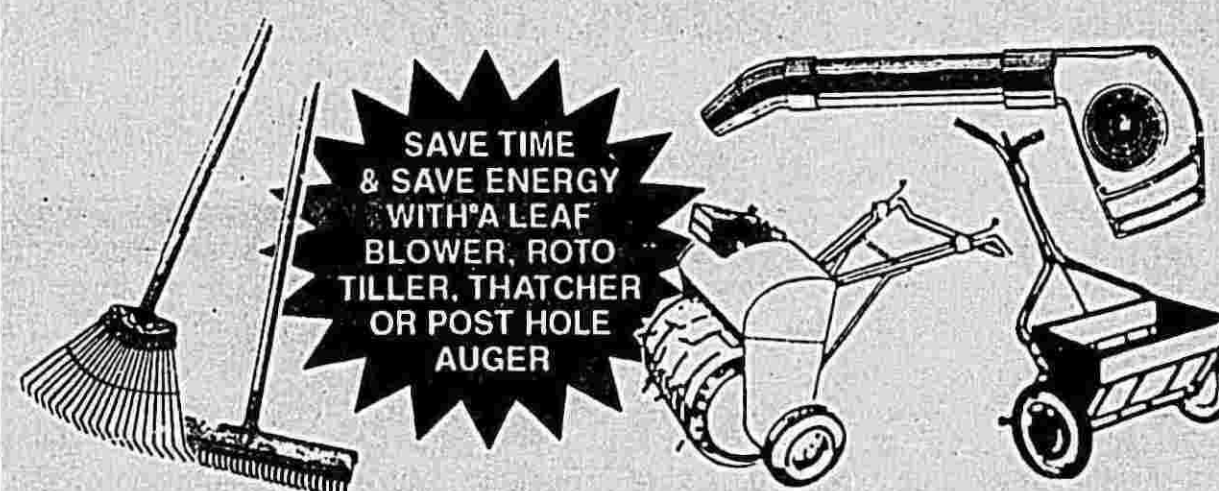

The next scheduled meeting of the board is Tuesday, June 8 at 7 p.m.

Athlete of the Week

Coach Syd Klocke and Jeff Malder, representative of First Chicago Bank of Antioch, congratulate Tricia Keefe for being selected Athlete of the Week for week ending May 8. Tricia placed first in 100 hurdles, 200 meter dash and long jump at an eight-team girls track invitational. In the North Suburban Conference, she placed third in the 100 hurdles. The First Chicago Bank will make a donation to the high school scholarship fund in the name of Tricia Keefe.

Rescue squad puts on thrilling show

by MARY FOLEY
Lakeland Newspapers

Visitors to the Antioch Rescue Squad open house were enthralled to watch the squad in operation during their demonstration of the "jaws of life." In a rescue simulation, volunteers cut "victim" Nicole Axton from an automobile with the "jaws of life" tool.

Despite the predicted poor weather and the airing of the first Chicago Bull's NBA playoff game, a good number of residents turned out to the squad's open house. And, they were not disappointed.

Visitors were treated to tours of the rescue vehicles, a rescue demonstration, a video tape of emergency care, and a chance to meet the volunteers.

The rescue squad purchased their first truck in 1940 and during the first year of operations, administered first aid to 74 people. At that time, there were 12 rescue squad members. Now there are 18 volunteers and four provisionals that comprise the rescue squad. Just this past year they've responded to over 1200 calls for help.

Their numerous trucks are equipped in an identical manner. Equipment and supplies are stored in the same places in

every truck to permit immediate access to rescue personnel. All of the trucks have heart monitors, defibrillator, and radios to send EKG strips to the hospital on route.

Besides the heart equipment, all trucks have oxygen, suction units, medication, and trauma equipment. That way, any emergency that residents may experience can be dealt with.

The only disappointment at the open house was that the helicopter was unable to be present. Due to the fog and overcast conditions, it was determined that the weather made it unsafe for helicopter travel.

"Pilots do not know the nature of any injury, so that their decision to fly is based on weather conditions only" according to 1st Lieutenant Tim Osmond. Even in an emergency, the weather is the determining factor in helicopter transport. "We do not sacrifice one life to save another" he said.

Children who attended the open house were treated to a short EKG tape made right from the ambulance. A video learning tape was featured, demonstrating techniques on first aid. Both children and adults had a great time and even Mayor Shineflug stopped in for a tour.

The Antioch Rescue Squad demonstrates the jaws of life during its open house.

Fire district leader honored by Illinois House

By MARY FOLEY
Lakeland Newspapers

After 31 years of service, Russell Lasco Sr. announced his retirement from the First Fire Protection District of Antioch Township. In recognition of his leadership and commitment to the community, the Illinois House of Representatives passed a resolution to honor Lasco.

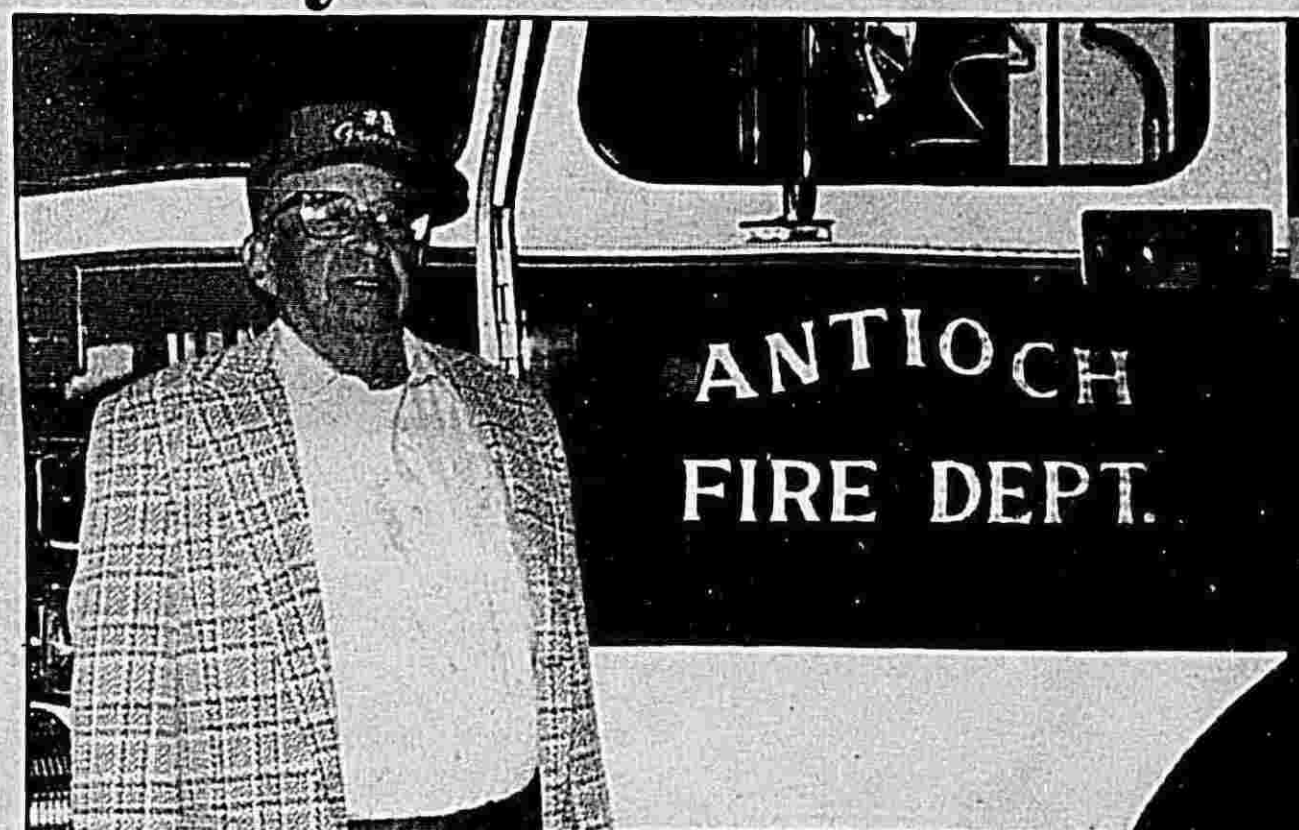

For the past 12 years, Lasco served as President of the Fire District. In April of 1962, Lasco was asked to fill the position left vacant by the death of former President Harold Minto.

During the last 31 years, Lasco served the Fire District faithfully in many

capacities. His leadership skills have earned him the respect of all who have had the privilege of knowing him. His commitment to the Board is legendary; he missed only three meetings in 31 years.

Lasco has been a resident of Antioch all of his life. He opened a local business, Lasco Sanitary Service, in 1947. He is the father of seven children, and grandfather to another seven. Currently, he builds and sells lawn ornaments and windmills.

Besides being presented with a copy of House Resolution No. 388, he was also presented with a clock from the District. The community will sorely miss him.

Russell Lasco Sr. receives recognition from the Illinois House of Representatives upon his retirement as President of the First Fire Protection District of Antioch.

Board monitors Eagle Ridge traffic

by MARY FOLEY
Lakeland Newspapers

The Antioch Village Board is continuing to monitor the Eagle Ridge subdivision's traffic problems. A petition was presented to the board last week requesting assistance in obtaining turn lanes, deceleration lanes, and no passing zones at the entrance of Eagle Ridge and Route 173.

Liz Haubert, the resident presenting the

petition, was told that the Village has spoken with IDOT and that the plans from the developer are in. A permit will be issued as soon as IDOT receives the performance bond from the developer.

Haubert voiced concerns that the project would continue to be plagued by delays. However, the board promised to continue to monitor the situation. According to IDOT, the June 14 construction beginning date was a "reasonable starting date".

SLAA to meet

The Sex and Love Addiction support group meets on Thursdays at 8 p.m. at St. Cathrine's Outpatient Center in Kenosha. Sex and love addiction is a progressive illness, which cannot be cured, but which can be arrested.

The illness may take several forms including compulsive need for sex, extreme dependency on one person, chronic preoccupation with romance, intrigue, or fantasy, or obsessive, compulsive pattern, either sexual or emotional, in which relationships or sexual activities have become increasingly destructive to family, career, or sense of self esteem. For more information, call 838-0518.

Engagement

Caithamer-Mueller

Mr. and Mrs. Anton Caithamer announce the engagement of their daughter, Deborah Caithamer of Antioch, to Dr. David Mueller, son of Mr. and Mrs. Norman Mueller of Fairfax, Va.

The ceremony will be performed by Father Ken Sedlak of St. Michael's, Chicago on Sunday, October 10.

The bride-to-be is a 1976 graduate of Carmel High School and a 1981 graduate of Marquette University and has a bachelor of arts degree in journalism and broadcast communications. She is employed as a media specialist for Invsco International Corp., Chicago.

The groom-to-be is a 1982 graduate of James W. Robinson Secondary, Fairfax, Va., a 1986 graduate of Virginia Polytechnic Institute and State University with a bachelor of arts degree in chemistry and a 1990 graduate from the Medical College of Virginia. He is employed as chief resident of oral and maxillofacial surgery at the

Dr. David Mueller and Deborah Caithamer

University of Illinois at Chicago and Humana Hospital-Michael Reese, Chicago.

The couple are planning a honeymoon to the Greek Isles, and are planning to reside in Virginia.

Wedding

Milner-Bohman

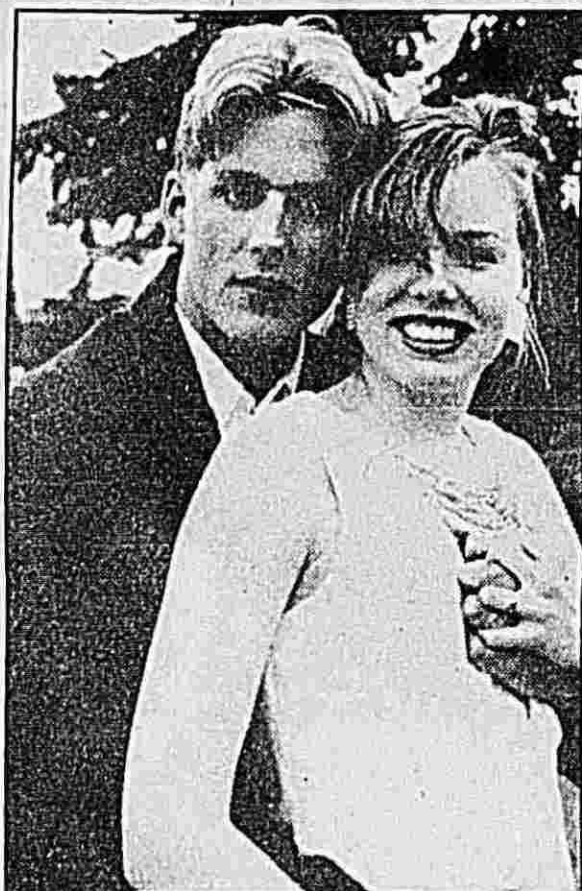

Amanda Lynne Milner and Andreas Arne Haakan Bohman of Antioch were married on April 28 at the Waukegan Court House. Reverend Isaac Johnson officiated the double ring ceremony.

The bride is the daughter of Ms. Kristine Nystrom of Round Lake Beach. She attended Round Lake High School and College of Lake County. She is employed at Accessory Lady, Vernon Hills.

The groom is the son of Mr. Arne Bohman and Mrs. Synnove Bohman-Davidsson of Sweden. He was an exchange student at Antioch High School and attended College of Lake County.

In attendance were Robert Boness, Carolyn Boness and Donna Polkey.

The reception will be at Whitney St. in Grayslake on June 3 at 6 p.m. After the honeymoon in Sweden, the newlyweds plan to reside in Europe.

Mr. and Mrs. Andreas Bohman

People News

National-Louis graduate

National-Louis University announces the graduation of Gunter Haag, of Antioch. Haag earned a bachelor of arts degree with honors in applied behavioral sciences.

Lakeland Newspapers wants to hear news of local people, events clubs, organizations, etc. Black and white photos are also welcome. Please send news items to Claudia M. Lenart at 30 S. Whitney, Grayslake, 60030

Briefs

Salad luncheon

A salad luncheon will be served at the Salem United Methodist Church located on 85th St. just west of Hwy. 83 in Salem, Wis. on Wednesday, June 9 from 11 a.m. to 1 p.m. The public is invited. The menu includes a variety of salads, a hot dish, beverage and dessert. Tickets available at the door are \$4, children six to 12 are \$2, age five and under are free.

Fire Officers

The Antioch Village Board voted to accept Fire Chief Carney's list of Fireground Officers. The Officers are: Chief William Carney, Dept. Chief Dennis Volling, Asst. Chief Leonard Sakalowski, Captain William Eckert, Captain Thomas Gutowski, Captain Jeffery Smouse, Lt. Theodore Jozefiak, Lt. James Little, and Lt. Jeffery VanPatten.

Singers needed

The Antioch 4th of July Committee is asking for people who enjoy singing to participate in the Antioch 4th of July choir. One July 3 the choir will perform on Main Street prior to the parade and at Williams Park prior to the Children's Festival. On the evening of July 4 they will perform prior to the fireworks. Participants are to contact Linda Pederson at 395-7000 or Mabel Lou Weber at 395-4210.

David Miles

Rescue volunteer

David Miles, Antioch Rescue Squad volunteer completed his one year probationary period this month. He successfully completed his EMTA training at St. Therese Hospital. Next, he is planning to attend the paramedic class. Miles is the father of two children and a resident of Antioch Township. Good work David.

Licenses extended

Liquor licenses, which were originally due to expire on May 1 have now been extended to June 17. This is the second extension for liquor licenses this year. The reason given for this extension was to allow for clean approvals.

Planning the Fourth

Claude LeMere, Laurie Stahl, Meg Ortiz and Adam Zakroczymski, members of the 4th of July Celebration committee meet at William Park to plan festivities. Williams Park will host the Children's Festival on July 3 and Sports Tournaments, Bingo, Tug-o-War, the Grease Band, the Antioch Community Choir and a fireworks display.

Ninth in state

Antioch High School student Steve Spronk placed ninth in geometry at the 13th annual ICTM State Math Contest. Steve competed against 200 other students at the contest held at Illinois State University. Steve has made it to the finals on each of his two years at ACHS. Math Team Coach T. Kessell congratulates Steve.

Locks keep long hours

by THOMAS STEVENS
Lakeland Newspapers

Possible changes in the operation times of the McHenry Locks system by the state were averted due to the criticism of the Chain O' Lakes Waterway Agency and several boating businesses north of the dam.

According to Agency Director Karen Kabbes, the state had examined the possibility of limiting the hours of the locks operation to just eight hours a day, noon to 8 p.m. Presently, the locks are open 16 hours daily, from 8 a.m. to midnight, allowing boat traffic to travel north and south past the McHenry Dam.

Agency Chairman Dr. William Dam contacted Illinois Department of Transportation Division of Water Resources Director Donald Vonnahme

last week to express his opposition to the limited hours.

"What a damper effect the proposed closing of the McHenry Locks will have," said Dam. "We who were sworn in to promote tourism and recreation and the economic well-being of the residents of Illinois, are stunned and angry that this was proposed."

Dam added that the area's restaurants, marinas, and sportsman clubs are expecting the end of the economic slump and a new wave of tourism and general enjoyment of the Fox River and Chain O' Lakes area this boating season.

IDOT-DWR, after strong opposition from area businesses and Dam's agency, reversed its proposal and opened the locks just in time for last weekend's busy boat traffic.

Sign permit approved

The Antioch Village Board approved a sign permit for a permanent, off premises sign for Autumn's Hair Affair at the last board meeting. The Hair Affair, located on the corner of Routes 173 and 83, was seeking to place the sign near the Squires sign.

The Hair Affair is located in towards the rear of the property and difficult to see from the road. They wish to put in the new sign so that it can be seen by people passing on the road.

The sign will be 4' by 5' and will overhang the parking lot. However, it will not be over the street. The permit application was brought to the board because it is an off premises sign and there was a question about whether or not it required a variance.

The Board approved the permit by a vote of five to one. Trustee Don Amundsen voted against the permit because it is in violation of the sign ordinance.

Dist. 34 to sell property

A resolution to sell three lots owned by Antioch Community School District 34 was discussed at the last school board meeting. The property is located on the east side of Sequoit Creek near the Upper Grade School and Petty.

At this time, no price has been determined and a professional appraisal will be made. A survey must also be done

to determine the exact dimensions and size of the lots. It is unknown at this time whether the lots will be sold individually or as a unit.

The property is described as farmland and is separated from the schools by the creek. The various programs and projects conducted by students in the creek will be undisturbed by the sale of this property.

Bank shares with needy

The State Bank of Antioch has pledged \$25,000 to the Allendale Assn. in Lake Villa. The money will benefit the residential facility which has been helping children since 1897.

Bank President, Randolph S. Miles stated, "We need Allendale to help Illinois' emotionally troubled children, but unfortunately the facilities need improvements."

Miles continued, "We are helping Allendale fulfill its dream for a new multi-purpose education facility. The current education building built in the early 1900s is no longer adequate to provide space or accommodate its current population."

The State Bank of Antioch has a history of sharing its success with local charities. President Miles not only directs the bank in its business and charitable en-

deavors but serves on Allendale's Advisory Board and other local boards.

Allendale kicked off a capital campaign in 1992 with a goal of over \$8 million. The State Bank of An-

tioch's generous pledge has helped Allendale reach \$5.9 million.

For information regarding the capital campaign or programs contact Allendale Assn. at 356-2351.

Unshackle Rte. 22

Widening project, held up too long by Lincolnshire selfishness, deserves greenlight.

It's high time that the Illinois Division of Transportation (IDOT) put its foot down and stop cow-towing to the selfishness of Lincolnshire residents who are obstructing Lake County's most urgently needed highway improvement, widening Rte. 22.

Flying in the face of overwhelming public support for expanding Rte. 22 to four lanes, Lincolnshire Mayor Barbara LaPiana says she is going to try and get legislators to block state funding for the project that has been in the talking stage for 20 years. While the debate ensues, traffic at certain times of day backs up bumper to bumper both ways from Rte. 41 to Lake Zurich.

Opponents in Lincolnshire offer vague arguments about "increased traffic lowering property values." They are the same persons who opposed a new fire station designed to reduce response time and the same persons who sought to detach from Stevenson High School because they didn't like the class of people attending Stevenson.

The obstructionists have picked up the support of newly elected State Rep. Lauren Beth Gash (D-Highland Park), but Gash's opposition isn't likely to carry

much weight against State Sen. William Peterson (R-Long Grove), an experienced and well connected political leader who also serves as supervisor of Vernon Township. Peterson is well versed in the statistics that cry for widening, like the more than 26,000 cars per day traveling between Rte. 41 and Milwaukee Ave.

Gov. Jim Edgar has called for \$1 million next year for engineering for widening work on 8.1 miles of Rte. 21 from Rte. 41 to Rte. 83 south of Mundelein. The expenditure ought to get the greenlight.

Since early gravel road days when the thoroughfare was paved in 1925, Rte. 22 has been the only direct east-west route on south Lake County. Frustrated commuters, always on the lookout to avoid gridlock, still are forced to use Rte. 22 because there aren't any alternatives.

IDOT historically has maintained a policy of building consensus amongst municipalities when road building issues come up. We support this policy. When the public good is at stake, though, we don't believe government should allow itself to be stonewalled into inertia. That's why Lincolnshire's opposition has been so effective. But it's clearly time to tear down Lincolnshire's wall of selfishness. There's nothing in the statutes giving Lincolnshire legal authority to block Rte. 22 widening. Let's get going, IDOT, and widen Rte. 22.

Relocate asphalt plant

Siting of asphalt plant and possible loss of post office put Ingleside under seige.

Under different conditions and another location, prospects of bringing an asphalt mixing plant with associated jobs and revenue into a community might be looked upon as a significant economic development, especially in a time when jobs are not easily come by and revenues for taxing bodies are shrinking rapidly.

Not so in the Ingleside-Fox Lake area of northwest Lake County where the economic needs of one community are clashing with the well being of a neighbor in a classic collision of divergent suburban interests. Residents of unincorporated Ingleside are hopping mad that officials of Fox Lake are considering annexing territory to permit operation of an asphalt mixing business and gravel mining.

The proposal, fostered by Peter Baker and Sons Paving and Asphalt Co., a well known and respected Lake County business, flies in the face of Ingleside sensibilities. The proposed site is near a school and a neighborhood of upscale homes. Safety and health concerns are obvious considering the location. Since there are ground water connections to the nearby Volo Bog nature preserve, serious environmental questions have been raised. Other questions being asked involve traffic impact on busy Rte. 12, accuracy of revenue statements, amount of air pollutants, land planning values and cost of enforcing control ordinances.

Opposition to the asphalt plant is well organized, centered around 1,249 members of Voices Opposed to Environmental Ruin (VOICE). The organization hasn't left many stones unturned in putting the proposed asphalt business in the worst possible light.

Fox Lake officials are obligated by statute to give due process to the Baker petition for rezoning so they gamely are plowing through the painful procedure of hearings. In Baker's defense, letters of support from neighbors near the company's plant in Rondout have been introduced, including the viewpoint offered by Rondout School officials of a problem-free operation.

In the end, praise for pushing for

economic development in a village sorely in need of new revenue might be faint for Fox Lake village trustees. Somewhat surprising is the fact that two Fox Lake constituencies, business people and residents, haven't been heard from yet. If they take adverse positions, the likelihood that the asphalt plant will be more trouble than it is worth is real, indeed. If trustees do vote to accept the asphalt plant, Ingleside residents likely will take out their wrath on local merchants.

As if the asphalt plant isn't a big enough problem to bite into, now the U.S. Postal Service has floated a plan to merge the Ingleside Post Office with a rebuilt and expanded Fox Lake Post Office. Ingleside residents can't be faulted if they see dirty politics being played with their identity and the best interests of their community.

From an outside viewpoint, Fox Lake would be well recommended to find a different location for the asphalt plant and urge the postal service to drop the merger plan. Ingleside residents aren't the happiest bunch of campers these days and they're getting more angry by the day.

Letters to the Editor

Servants aren't serving

Editor:

May 13 the Antioch Township Trustees held their monthly meeting. The major issue discussed was the adoption of a resolution to oppose the granting of a riverboat casino gambling license to the Fox Riverboat Limited Partnership in Antioch Township. This should have been an easy issue for our public servants since 61 percent of the township voters on April 20 said NO on the "Riverboat Referendum." Claudette Skvarce made a motion to adopt the proposed resolution while the remaining trustees, Tim Osmond, Judy Davis, and Richard Kufalk and supervisor Jim Fields chose to disregard the public sentiment and leave the motion die for a lack of a second.

Failure to pass this resolution indicated that these individuals are not public servants, but prefer their own private agenda. Politicians frequently have to use judgment to determine the will of their constituents, but for this question the answer had been given to them loud and

clear. They merely chose to disregard their public trust and duty as paid township officials and carry on with their own agenda.

Yes we voted. We said a clear NO to riverboat casinos in Antioch Township. Yes we expect our elected township officials to carry out the clear will of its citizens. Yes we are mad. Yes we have a right to expect a government by the people to do the will of the majority. We were not asking their opinion on the question, but merely to state the will of 61 percent of the voters. That's their job and they turned their backs on you. They turned their backs of the American system. They are telling us that our votes don't count in their eyes unless it meets their private agenda.

The Antioch Township trustees clearly reversed basic principles of good government as well as the Republican party philosophy of local rule. The 3,596 voters who voted NO do have the right to complain and complain loudly.

Roy Sackschewsky
Antioch

Keep post office as is

Editor:

The Ingleside Post Office should stay open, exactly where it is.

We moved to Ingleside, 50 years ago. At that time the post office was in the second lot, where Dog and Suds now stand. The corner lot was vacant and we had free movies every Friday night.

When the new post office was built, then Governor Stratton said it would always be at the same location.

The personnel are great. Mail delivery is on time. Mail persons and office persons are very courteous and caring.

The Fox Lake Post Office has no parking and is not handicapped accessible. We have heard that the Fox Lake Post Office is to be relocated for the past 10 years. They are no closer now than they were then.

Margaret A. Tuck
Ingleside

Letters Invited

Letters to the editor are welcome. They should be on topics of general interest, approximately 250 words or less. All letters must be signed, and contain home address and telephone number. The editor reserves the right to condense all letters.

Viewpoint

Powell sees pride in U.S. might

by BILL SCHROEDER

As the flags are being unfurled for another Memorial Day observance, reflection is in order on where the U.S. stands as a military power. We honor our dead mainly by insuring that they did not die in vain.

America still is strong. No. 1 through a combination of design and default. For more than a decade, it was political and governmental policy that the U.S. maintain super-power status. Through the good fortune of the disintegration of the Soviet empire, our nation remains in possession of the mightiest military force on earth.

That position is under assault today due to a combination of reasons, some good, many bad. As residents of an area close to a major military installation, no one

knows better than knowledgeable Lake County citizens of the impact of possible closure or downgrading of a facility like Great Lakes Naval Training Center.

In what's best for our nation, we like the viewpoint of Gen. Colin Powell, America's most respected and revered military leader. Asked about the reality, even with downsizing, that the U.S. still will be the most powerful military force in the world, Powell had this to say:

"I think that's just fine. I think it is very, very useful for world peace and in order to steer ourselves into the future we're all hoping for, for the United States to be seen as a very powerful nation--politically powerful because of our value system, economically powerful, and, yes, militarily powerful. I don't think we should apologize for that. And people are

not afraid of that military power. In fact, our western allies in Europe want us to stay in Europe with part of that power. Our new friends in Central and Eastern Europe are looking toward that power. Why? Because it's power that can be trusted. It's power that does not seek to seize anyone's sovereignty or to take land from anyone. It's power that rests on democratic values and will not be misused."

Well spoken, a credo for our nation and a telling tribute to our nation's military dead.

Education pros forsake needed business methods

by JAMES N. SHEEHAN

With the recent defeat of the Antioch school referendums, the next concern for parents and citizens alike should be where will the effort and focus of the educational establishment (administrators / teachers / school board) be for the future? Will it be focused on teaching and educating or will it be directed at mounting, yet again, another referendum?

Hopefully, Antioch will not take the same road that the Wauconda School District took during the 1980's. Wauconda ignored the voting public in regard to their education fund, five straight times. Only on the sixth try did they succeed by use of an aggressive absentee ballot drive and by holding student athletes hostage. Unfortunately, the Antioch School District also ran up their deficit in their education fund only to turn the threat of student sport program elimination as their "ace-in-the-hole" to secure passage of their referendum.

Proponents of additional funding for the education fund will argue that more money translates into better education. Slogans like "Our Children-Our Future" and "SOS-Save Our Schools" are thrown out to the community. Anyone who challenges these tactics is often harassed and labeled selfish and anti-education. But the one major statistic that always seems to be buried in the sea of facts and figures is where does the money go percentage-wise? Many people would be shocked to learn that 75 to 80 percent of the education fund goes to administrator/teacher salaries and benefits, with the exact figure being different in every school district.

As a parent and citizen, I am con-

stantly amazed and troubled at how representative government has deteriorated even in our most local institutions. When a representative institution (school board/school administration), keeps running referendum after referendum, it is essentially saying to the community, "keep voting until you vote the right way—our way."

Commentary

Is this the type of democracy that is the bedrock of our Constitution and the democratic ideal that American men and women have died for? I think not. I believe it is unethical and immoral to use children and their education as pawns to seek higher wages and benefits. It is unethical and immoral to say you are going to balance the education fund by mainly concentrating cuts on the 20 to 25 percent area that lies outside of the salary/benefit segment.

Make no mistake about it; there are legions of good teachers and administrators throughout our communities. I would imagine that they, too, are just as frustrated with the bureaucratic/political machine that now represents the educational profession just as any senior citizen or parent.

But there are also many teachers/administrators that hide under the huge political umbrella of the teachers unions and various political action committees (PAC's). These people would voice the fact that they have an American right to unionize and strike. Of course they do!

But they have one major and distinct advantage over any private sector union—they are a monopoly!

I work for an airline and I'm like many others who are unionized. For me to get a raise, my company first has to make a profit in the real world of competition. Secondly, if I strike, I put myself and my family at financial risk. True, the traveling public may be inconvenienced, but they can take their money and go to another airline or take another form of transportation. This is because competition gives the people the freedom of choice.

There is real fear and frustration with parents who sometimes lose faith with their local school district and feel trapped because they have no choice, no option. They simply cannot take their own tax dollars and go someplace else. Their only recourse is to leave their children in an undesirable situation or leave their tax dollars behind and dig deeper into their own pockets for private education.

If anything, this seems to justify the growing demand for School Choice. But the political reality is that School Choice is being actively pushed aside by the special interest groups representing socialized education. Unless there is more intervention on the part of parents and citizens, the current educational environment will remain status quo.

If school districts are serious about managing the education fund, they will have to make the tough decisions that many private companies have been forced to deal with, namely wage concessions, favorable work rule changes and layoffs.

If the growth factor is a major con-

cern, as it is in Antioch, the school districts should put more pressure on the local mayors, zoning boards and various planning boards in regard to growth. There is the obvious need for dramatic increases in impact fees for any new housing starts so that it is tax-neutral to existing homes and communities. As it stands now, every new home going up represents high taxes and less disposable income for existing homes and families.

As strange as it may sound, I still have hope and expectations for our school district. The first of my four children will be attending Antioch High School in a couple of years. I pray by this time the school board and administration will be focused on being financially responsible and accountable as any family is expected to be. I also hope that the discussion on education will be in such areas as excellence in core-curriculum; debating the possibility of adding courses in ethics; educating our youth in civics so they can understand how our government works or does not work; re-establishing the importance of American History and basic geography, etc. This is where the educational focus should be.

The people within the educational establishment should look inward and not outward. To me, education is on a higher pedestal than the one labeled profession; it should be on the one labeled vocation.

Editor's note: James Sheehan is employed in the Northwest Airlines maintenance dept., stationed in Milwaukee. He and his wife are the parents of four elementary-age children. They reside in Antioch.

Unexpected undermines reality in our society

by VIRGINIA PARK

How many of us, how many times have had experiences resulting from some past action that brought us astounding results? They may be delightful, as when an old school chum finds you after many years, or devastating as an unexpected financial loss. Whatever they turn out to be, the element of surprise greatly exacerbates the reality.

Commentary

Particularly in the latter part of this 20th century, these unexpected consequences have been particularly evident in the political arena of our country with quite disturbing results.

In our early history we followed in large part the ideals and morality which had been our heritage. We worked and saved, expanded and multiplied, developed and invented, forging a united constituency out of many newcomers.

Then we started experimenting with social engineering by the government—The New Deal, The Great Society, Public Housing, Aid To Dependent Children, Relief, Entitlements...

I actually remember proudly taking visitors from England down to Chicago

to see Cabrini Green and other multiple housing units. Certainly these installations which we thought would be so wonderful have turned out to be in many instances death traps, certainly places of much despair.

Who can deny that Aid To Dependent Children is directly responsible for the large numbers of one-parent, many children "families" in poor neighborhoods, with babies seen only as providers of income rather than treasures to be cherished?

And now under a new President and administration we are hearing about more and more bureaucracy, many new and untried plans and reforms. It's true America voted for change, but it looks like we are going to get more than we bargained for.

With inflation now raising its ugly head again, we hear the resurrection of an old word "stagnation" (inflation in a stagnant economy), and we are worried.

And then there's Lani Guinier F.O.H. (Friend of Hillary) a young, black Law Professor, nominated by the President to head the Justice Department Civil Rights Division.

She is an expert on voting rights laws for racial minorities. She is not content with the one-man, one-vote concept, and has many new and unusual ideas such as cumulative voting and proportional representation. Apparently she feels that some voters are more equal than others. There have been two articles in the Wall Street Journal dealing with her views in great detail which are impossible to reproduce here. "You could look it up!" (May 7 and May 13, 1993).

Will she be approved?

To me there is one simple way to solve all these minority racial and ethnic problems. It is for everyone who wishes to be a citizen of the United States of America to realize that he or she is an American, first, last and always, and not part of a group.

Undoubtedly such an individual has an interesting and colorful background with which to enrich out interaction, but he or she must look at life in America as a unique privilege, and enter into his or her

duties as a citizen willingly and wholeheartedly, not expecting to be in any way denied representation or to deny others...

If this could be accomplished, there would certainly be some wonderful and exciting unexpected consequences, don't

you think?

Editor's note: Virginia Park is an author who writes regularly for Lakeland Newspapers on public issues. She is a resident of Long Grove.

LIPSERVICE

IT'S THE TALK OF THE TOWN

Lakeland
Newspapers

(Continued from page 6)

calling to complain about my 6th grade teacher. She is always screaming, yelling, and practically wailing on the children. If you forget one piece of homework, she will yell at you. That's not teaching, that's screaming. If St. Peters School thinks that is teaching, they may not have anyone to teach next year.

Shame On You

Lake Villa residents should attend their school board meetings. They ousted a perfectly good person and put in their own hand-picked president. I am ashamed for our community. Shame on all of you that were a part of this.

Two Is Better

I believe that Lake Villa School Board has two presidents now. They should check their rule books before taking such drastic action.

Accidents Do Happen

You can accidentally get pregnant! Believe it or not. I know a woman who got pregnant despite using birth control simply because the antibiotics she was taking caused them to fail. Many people did not know this! And, you Pro-lifers should give it a break. It is my body to do with what I want.

Out Of The Window

This is a suggestion to the woman who watches cars go through stopsigns from her window in Saddle Hills/Green Oaks. Get a life. Looking out the windows watching your neighbors is a big hobby with you Saddle Hills matrons. Get your chubby, plain faces and your narrow little minds out of the window.

Full Time

I do not know why the Antioch Rescue Squad takes 20 to 30 minutes to respond to any type of call. We had a cardiac arrest at one of our houses and it took 20 minutes for them to respond. I think they should go full time.

Fire vs Rescue?

I have been reading the paper lately and noticed that people are attacking the Antioch fire department. They should be attacking the rescue squad instead. Their service has been deteriorating for several years now.

Step Back

Cen-Com is the best thing that has ever happened to this community. This is a positive step forward. Round Lake is not going to go backwards, although some people want it to. Don't believe everything you read is true.

Incompetent Fools

I am calling to voice my total disgust with the Fox Lake Police Department. I gave them the address of a loose dog which was causing other dogs to bark. They went to the wrong address. The second time, they do not get out of the car. On the third time, they want ME to point it out. Isn't that what we pay you for? Incompetent fools!

Bet We Do

Three weeks in a row I have called in with messages of poetry. They were ignored. Yet, a caller said "This world really stinks and is full of crap." Is that the type of language appealing to Bill Schroeder and his "so called" refined Lipservice manager? Bet you won't print this one.

Messages From Heaven

Correct me if I am wrong, but didn't we vote in the Lake Villa School Board members? They seemed to think they were ordained. Are they receiving messages from the "gods"? We mere mortals are not getting them.

Too Bad?

This is in response to "Good Letter". I would like everyone out there to know that the white line is the lifeline of our nation. If they don't like it, shut it down. I am from Round Lake.

Yum

All the parents of children in Round Lake and Round Lake Beach area should be aware that the kids are buying ice cream off a truck that has not been inspected by the Lake County Health Department. It is up to you parents to put a stop to this. Please check out the truck and driver before you let your kids buy ice cream from a truck.

Grace and Intelligence?

The people of Round Lake Park are lucky to have an

extremely kind mayor and village clerk. Ms. Beyer and Ms. Southworth are grace and intelligence personified. May all your future endeavors be successful.

Belong In School

It appears that the parents of Grass Lake School think that time off from school for a fund raiser is a good idea. Well, it appalls me. My children should be in school instead of a walk-a-thon. All kids are required to participate! Fund raisers should be by choice, not a requirement.

Hockeyless Hockey

The legal situation of the Iceless Hockey League really upsets me. Some people are using the new Americans With Disabilities Act to force the Iceless Hockey League into including a handicapped player on the team despite his inability to play. Team spirit is wonderful, but this is going too far. Over 800 children will not be able to play this year because of the lawsuit. Can't we work something out? Can't we develop a special team for handicapped players?

Pick On Cops

Why don't we give the Round Lake Beach mayor a chance before we beat him up? Also, a Round Lake policeman turned on his sirens, sped away, and had NO EMERGENCY. Why don't we go after these bad cops and leave the mayor alone?

(Continued on page 54)

County clinics help women have healthy babies

Each day, from open to closing, pregnant women, mothers, fathers, babies, small children and nutrition counselors fill the Women-Infant-Children (WIC) Clinic in Waukegan. It's a busy place because low-income

by **CONNIE KINDSVATER**
Lakeland Newspapers

women can come to WIC Clinics like this one, throughout Lake County, and learn what to do to have healthy babies and children. And, for those who qualify, there is no charge.

An eligible woman can come to a WIC clinic as soon as she knows she is pregnant to receive free food certificates for healthy cereals, juices, legumes, eggs, peanut butter, cheese and milk. She is taught to eat right, to exercise regularly and to avoid the use of alcohol, drugs and cigarettes.

"In 1992 the WIC free-food certificates program added up to \$2.8 million spent on WIC-approved food in WIC-approved grocery stores," said Mary

Carter, the director of the Nursing Division of the Lake County Health Department, which runs the WIC Clinics.

"Eating right is important for the pregnant woman because it will help her have a strong, healthy baby," explained Carter. "Good nutrition and prenatal care are especially important in lowering the risk of premature birth."

Nutrition help, counseling and support are available for women during their pregnancies at the WIC Clinics. The pregnant women are urged to contact the "Start Right Now" project, a special service of the Lake County Health Dept., which stresses prenatal care, pregnancy and childbirth education, the benefits of breast-feeding and parenting-skills training.

"There are many benefits from breast-feeding," said Carter. "Recent studies show that breast-fed infants are less likely to get ear infections for the first two years, apparently partly due to the position in which the infant is held while nursing. And, breast-fed babies gain the benefit of the mother's anti-

bodies, keeping them from getting sick as often as babies who do not breast-feed."

"The trend now is definitely towards breast-feeding," Carter explained. "For many years, women who breast-fed their babies were primarily in the lower-income levels. But, today, women at all economic levels realize the benefits of breast-feeding and are choosing to breast-feed their babies."

Because of the benefits of breast-feeding, the WIC Clinics promote it and have a breast-feeding peer-counselor program. The program is taught by Lake County Health Dept. nurses and nutritionists who successfully breast-fed their own babies.

After the baby is born, WIC Clinics offer an integrated clinic visit for the mother and baby. In just one visit to a WIC Clinic, newborn and well babies are checked for their height, weight, growth and are given all necessary immunizations. Supplemental free food certificates are given to nursing mothers, infants and children under five years of age. And, after six months of age, each baby is given a simple blood test for lead. By combining all of these services in just one visit, the mothers save on transportation costs and time.

"Lead testing is very important," said Carter, "because lead can go into the long bones and the brain, and can cause retardation and behavior problems. Kids will pick at and eat paint containing lead because it has a sweet taste, and kids like it."

Older cribs may be painted with lead paint. Older homes may have lead paint on their walls. It can even be in the dust, the tap water or in the dirt outside older homes in older neighborhoods.

If a young couple buys and refurbishes an older home, they should wear face masks during the renovation to avoid breathing lead dust. A woman with lead in her body can give it to her baby before birth or when she breast-feeds.

Babies exposed to lead before birth may be born too small and/or too early. Later, lead can cause problems that make it hard for a child to learn. It can cause health problems, too, and can even lead to death in severe cases.

According to Carter, if a lead test is positive, the nurse makes a home visit to try and find the lead source. The paint on the walls is tested, the water is tested and the soil is tested. Once the source is determined, the nurse shows the family how to get rid of the lead and how to protect themselves from exposure to it.

WIC Clinics also help a woman plan her family, teach her about healthy choices and healthy lifestyles. "A woman should be in the best health she can be when she conceives," said Sherri O'Shea, a WIC nutritionist.

The WIC caseload is heavy—7,000 per year in Lake County. "Our clinics are hectic at times," Carter said, "but we try to see as many women and children as we can."

WIC Clinics for qualified, low-income women and children are located in Zion, North Chicago, Lake Villa and Waukegan. For information or an appointment call 360-6715 if you are a pregnant woman interested in free prenatal care, call 360-6781 if you are pregnant or you are a mother interested in the Special Supplemental Free Food Program for you or your baby, or call 360-6731 if you are interested in the fee Well-baby Clinics.

Waukegan, IL 60085

BRING THE WHOLE FAMILY! COME TO THE HEALTH FAIR IN GRAYSLAKE

FREE HEALTH SCREENINGS

Blood pressure screening. The symptoms of high blood pressure are often silent. Be sure your blood pressure is checked periodically.

Cholesterol screening. A simple blood test will let you know your total cholesterol level.

Blood sugar screening for diabetes. Determine your blood sugar level and the risk factors for diabetes.

Pulse oximetry. Check for respiratory problems by measuring the oxygen saturation in your blood.

Glaucoma screening. A simple test will determine the level of pressure in your eye. High pressure may indicate glaucoma.

DISPLAYS / DEMONSTRATIONS

Cancer Prevention. Learn the proper technique for breast self-examination and the importance of early detection. Also, tour Victory's Mobile Mammography Unit. Males will learn how to perform testicular self-examination, which should be done monthly by men 18-38. Information about prostate cancer will also be available.

Look Inside the Human Heart. Using a three-dimensional heart display, learn how your heart functions.

Complimentary Non-Alcoholic Punch. Stop by for some delicious and thirst-quenching punch which demonstrates how to enjoy a social situation without drugs or alcohol. Recipes for the punch and information about "signs and symptoms" of chemical dependency will also be available.

Get happy. Get healthy. Enjoy a Sunday strictly dedicated to feeling good. Celebrate the **grand opening of the Victory Medical Building in Grayslake.** Located in Walden Square, on the corner of Center and Atkinson in Grayslake, this new facility offers state of the art health care, family physicians, and diagnostic testing right in your own backyard.

SUNDAY, JUNE 6 • 12 NOON TO 4PM

Weight Control: New Directions and Lifestyles. Learn about two effective weight management programs that have helped many people reach and maintain their ideal weight.

Step Aerobics. 15-minute demonstrations at 12, 1 and 2 pm.

FUN ACTIVITIES FOR THE FAMILY

"Child Identification Program." We'll record your child's height, weight, fingerprint and photograph on a personalized I. D. card.

Bike Safety Check. Members of the Grayslake Police Department will perform the safety checks from 12:00-1:00 pm.

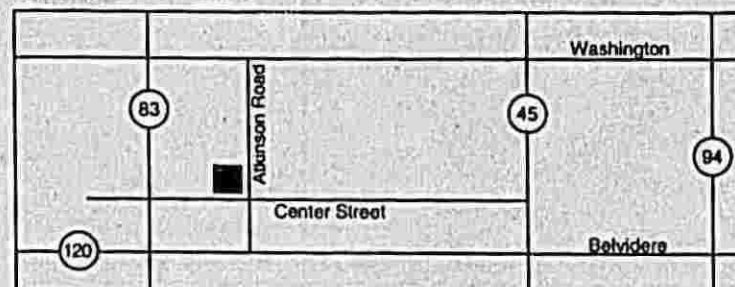

Teddy Bear Clinic. Your child can bring stuffed animals and dolls to be examined and "treated" by a nurse.

Heart Activity Readout. Receive a unique souvenir showing your heart activity.

Peanuts® Booth. "The Psychiatrist Is In." Get a free "stress dot" and learn about stress and anxiety.

Ambulance Tours. Sponsored by Grayslake Rescue Squad and TEK Ambulance.

FREE GIVEAWAYS, PRIZES, DRAWINGS AND REFRESHMENTS

Parsley, sage, rosemary and thyme

by CAROLE STERN
Love Your Heart

Tuscan style white beans

1 lb. dried Great Northern beans
3/4 cup chopped onions
1/3 cup water
1/4 cup loosely packed celery leaves
2 Tbls. olive oil
1 tsp. lemon pepper
4 large cloves garlic, minced
20 fresh sage leaves
1 (13 3/4 ounce) can no-salt added tomatoes
2 Tbls. fresh lemon juice

Sort and wash beans; place in Dutch oven. Cover with water two-inches above beans; bring to a boil. Cook 2 minutes. Remove from heat, cover, and let stand 1 hour. Drain beans. Combine beans and remaining ingredients in a 3-quart casserole; stir well and bake at 375 degrees for 2 hours, 10 minutes or until beans are tender.

Stir in lemon juice and serve.

Serves 12.

Per serving: Cholesterol: (mg) 0; Fat: (gm) 2.7; Calories: 245.

Pasta with gremolata

Gremolata is a combination of parsley, lemon, and garlic with a fresh tangy taste.

1/2 cup packed fresh parsley, finely chopped
1/2 tsp. grated lemon rind
2 large cloves garlic, minced
1 Tbl. extra-virgin olive oil, divided
1 (14 1/2 ounce) can plum tomatoes, undrained and chopped
1 Tbl. chopped fresh basil
3 cups hot, cooked penne (short tubular pasta), cooked without salt or fat
Fresh parsley sprigs

Combine parsley, lemon rind, and garlic; set aside. Heat 1 1/2 teaspoons oil in a medium skillet over

medium heat. Add tomatoes; bring to a boil, and cook 10 minutes. Stir in basil.

Combine pasta and remaining 1 1/2 teaspoons oil in a large bowl; toss well. Add parsley mixture and tomatoes, tossing gently to coat. Serve warm. Garnish with parsley sprigs.

Serves 4.

Per serving: Cholesterol: (mg) 0; Calories: 144.

Cornbread with fresh thyme

1 cup all-purpose flour
1 cup yellow cornmeal
2 Tbls. baking powder
2 tsp. minced fresh thyme
2 tsp. minced fresh chives
1 1/2 tsp. grated lemon rind
1/2 tsp. salt
1/8 tsp. pepper
1/2 cup corn (if using fresh, about 1 ear)
1 cup plain nonfat yogurt
3 Tbls. vegetable oil
1 Tbl. water
1 egg beaten
vegetable cooking spray

Combine first 9 ingredients in a large bowl; stir well. Add corn; stir well. Combine yogurt, oil, water, and egg; add to flour mixture, stirring just until dry ingredients are moistened. Spoon batter into two 5x2 1/2x30-inch loaf pans coated with cooking spray. Bake at 400 degrees for 25 minutes or until a wooden pick inserted

in center comes out clean. Remove from pan; cool on a wire rack.

Makes 2 loaves.

Per serving: Cholesterol: (mg) 10; Fat: 2/6; Calories: 81 per 1/2-inch slice.

Victory Memorial Hospital

DIABETES — On Thursday, June 3 at 6:30 p.m., "Diabetes/Ask The Doctor," will be discussed by a certified diabetic instructor at Victory Memorial Hospital, 1324 N. Sheridan Rd., Waukegan. Call 360-4148 for further information.

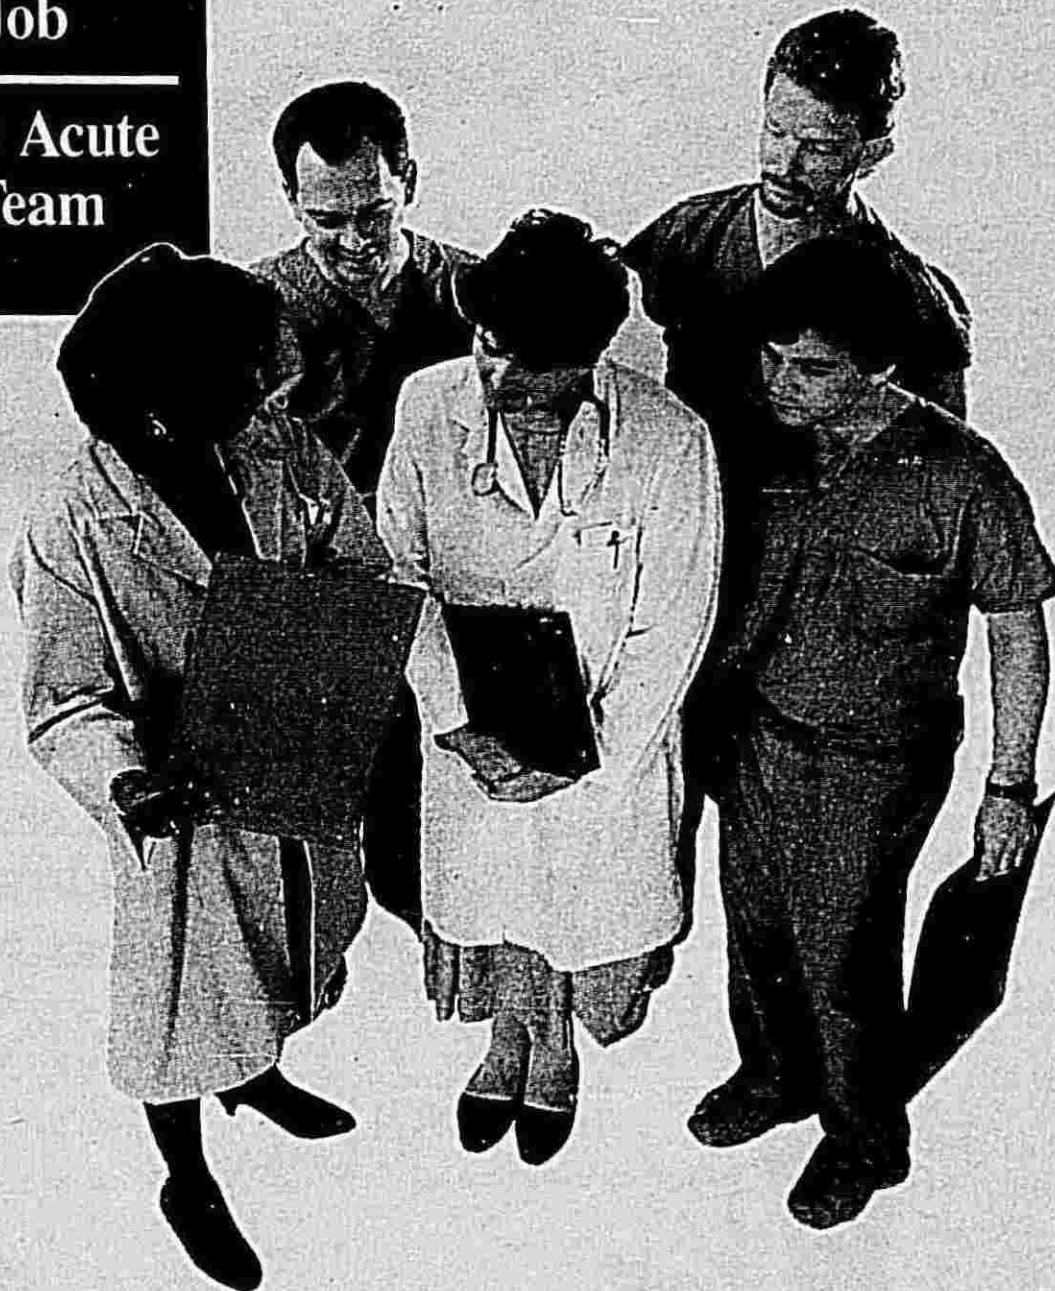

Saint Therese Hospital

GRIEF SUPPORT — The Grief Support Group (Grief Recovery) will meet on Thursday, June 3 from 11 a.m. to 12:30 p.m. and again from 5 to 7 p.m. and Thursday, June 17 from 11 a.m. to 12:30 p.m. and again from 7 to 9 p.m. at Saint Therese Medical Center. The group is open to any adult in the community who has suffered the loss of a loved one through death. The meetings are informal and open ended. Topics for discussion come from the group. For more information call 360-2220.

Central Baptist Home reopens residential program

The Central Baptist Children's Home, 215 N. Milwaukee Ave., Lake Villa, will have an Open House and Rededication Service of their residential and day treatment programs, June 5.

Special dignitaries who have been invited to speak include the Mayor of Lake Villa, Frank Loffredo; Barbara Richardson, Lake County coroner; Fred Forman of Freeborn and Peters, Chicago, formerly U.S. Attorney of Northern District

of Illinois and former Lake County States Attorney; Jerry Stermer, president of Voices for Illinois Children; Millie Myren, interim administrator and representative for American Baptist Churches of Metro Chicago; Rev. Lyle Hearle, pastor of the Federated Church of Wauconda; John Dawson of John Dawson

and Associates, Inc., Chicago; Donald E. Mertic, executive director of Central Baptist Children's Home, including Kathryn Powers, associate executive director and Jimmie H. Smith, deputy director/program operations, both staff members of Central Baptist.

For most of Central

Baptist's history, residential living was provided in small group settings. This offered a natural setting for the care and treatment of emotionally troubled and/or behaviorally disordered youth while working with the family toward reintegration into the community. The residential program has been closed since 1976.

As of June, 1993 Central Baptist's new residential program, entitled Community Alternative Renewal Experience (CARE), will consist of three distinct yet related community-based child and family centered services. CARE will help Lake County troubled youth remain in their homes, communities and schools

through the provision of intensive family counseling. A day treatment program will serve youth who cannot be accommodated in public schools.

The public is invited to attend the open house beginning at 1:30 p.m. on June 5 at the Lake Villa campus.

Tops in Spanish

The following students from Carmel High School in Mundelein scored in the upper 30 percent of all Chicago area students who took the National Spanish Exam:

Level one: Brett Anderson and Leah Hegerle, both from Mundelein. Level two: Ryan Rafferty, Mundelein; Charlie Yingling, Lake Villa; Chris January, Wadsworth; A.J. Case, Antioch; Tina Sio, Zion; and Adam Laud, Mundelein. Level three: Erik Janssens, Libertyville; and Shannon Lundeen, Waukegan. Level four: Justin Buchenberger, Round Lake.

The following Carmel students scored in the upper 20 percent of all Chicago area students who took the exam: level two: Dilcia Burgos, Waukegan; and Leslie Freeman, Gurnee. Level four: Traci Sebastian, Libertyville.

The two highest scores among Carmel High School students were achieved by Traci Sebastian and Dilcia Burgos.

Carmel ready to graduate

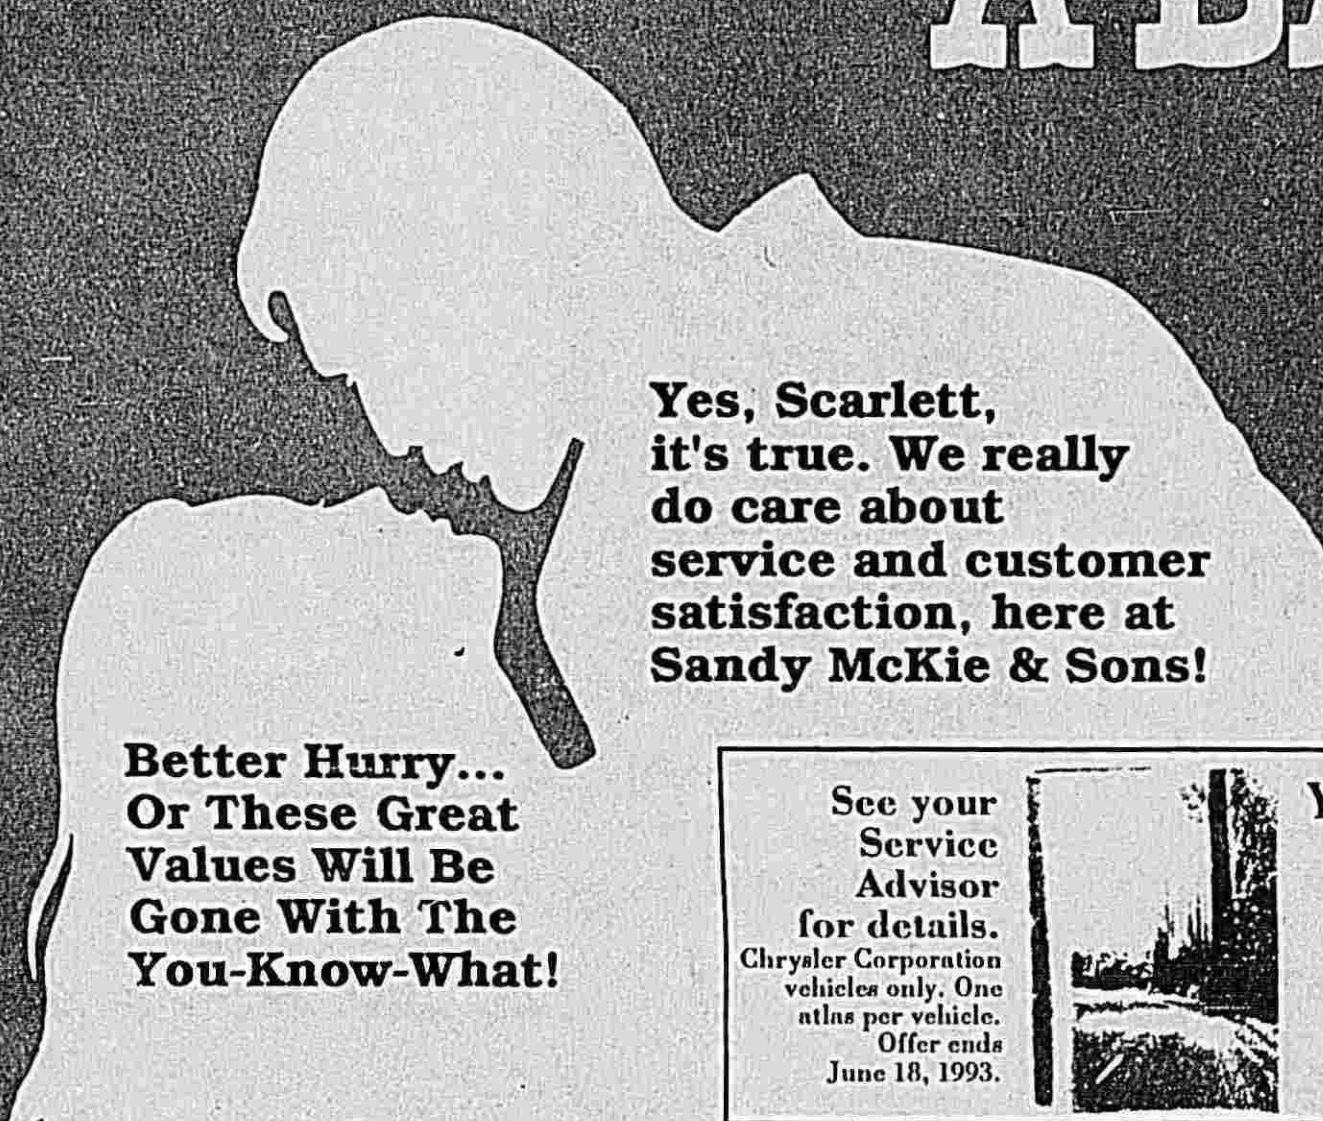

Carmel High School has announced a number of events planned for seniors, their families and guests as part of the graduation festivities at the school.

Senior Day is Friday, May 28. The day begins with the Senior Breakfast at 9:30 a.m. at the Country Squire in Grayslake for the students. At 7 p.m. that evening, the Senior Honors Ceremony is planned for the students, their families and invited guests in the Carmel auditorium. Admission is by ticket only.

Also on Friday evening, beginning at 10 p.m., the Parents' Club will host the Third Annual Graduation Party. This will take place at the Waukegan YMCA. The activities will conclude at 6 a.m. on Saturday morning.

On Sunday, May 30 at 10 a.m., Baccalaureate Liturgy and Graduation will be held in the school gymnasium. Admission is by ticket only.

Business Briefs

Abbott Labs settles baby formula suit

ABBOTT PARK—Abbott Laboratories announced that it settled with all plaintiffs in the infant formula antitrust cases consolidated in federal court in Florida. Abbott Chairman Duane L. Burnham said the settlements require no change in the company's marketing and business practices and contain no admission of guilt or wrongdoing. Financial terms were not disclosed and the settlements will not have an impact on reported net earnings. The company, however, is still party to other antitrust

proceedings, Burnham said, including action brought by the Federal Trade Commission, seven cases in California State Court, one case in Texas State Court, one case in Alabama State Court and five other state investigations.

New chief named at Sears Mortgage

VERNON HILLS—Sears Mortgage Corp. named Salyid T. Naqvi president and chief operating officer. Naqvi will still report to Walter C. Klien Jr., chairman and chief executive

officer of the Sears Mortgage Banking Group. Last week, Sears sold the mortgage company to PNC Bank Corp., based in Pittsburgh.

CLC offers tele-marketing seminar

GRAYSLAKE—Successful telephone marketing strategies will be covered in a two-session evening seminar at the College of Lake County on June 8 and 15 from 6:30 to 10 p.m. The sessions include lectures, exercises and group discussions on the topics of creative prospecting, direct

mail, fax use and script preparation. The cost of the workshop is \$45. To register, call 223-3633.

Gaylord ends its public offering

DEERFIELD—Gaylord Container Corp., based here, completed its public offering of \$225 million of 11.5 percent senior notes due in 2001 and \$300 million of 12.75 percent senior subordinated discount debentures due in 2005. Funds raised from the public offering will redeem subordinated debt and prepay another bank debt.

Newspapers

Business/Real Estate

Wauconda boat dealer prefers direct approach

Paul Fairbank says he is one of the few people in the country and the only one in Lake County whose store truly is a direct factory outlet.

Fairbank is part-owner of Marada boats and sells some of the boats his plant produces right at Direct Marine in Wauconda.

by ALEC JUNG
Lakeland Newspapers

"I am one of the owners of the company that builds the boats," Fairbanks said. "I am one of the few direct outlets in the United States and in Chicagoland."

Fairbanks says the philosophy of Marada and Direct Marine is simple. Give the customer the boat size he wants and keep the overhead low to make the cost much less than the competitor.

"You don't see 50 boats in the wrappers. That's a lot of boats to keep around and the cost is passed on to the customer. If you got 50 boats and they're costing you \$200 a month each, that's costing you a lot of money."

"We make 18, 19 and a half and 21

foot boats. These are the bread and butter of the industry. The boats 25 feet or bigger only account for 6 percent of the market," Fairbanks said.

Fairbanks says he can sell a boat

\$2,000 to \$4,000 less than his competitors because his overhead is lower. He says he can sell a Mirada \$2,000 less than other Mirada dealers.

Fairbanks said he met his partner,

builder Tom Page, when they worked for a large boat retailer and talked about going out on their own with a smaller overhead and the popular boat sizes.

(Continued on page 21)

Wauconda's Direct Marine Factory Outlet is the only store in Lake County that is a factory outlet for Marada boats.

Owner Paul Fairbank sells products that he produces in his Wauconda plant.— Photo by Alec Junge

Lakeland group adds to news management

Three Lakeland Newspapers editorial promotions have been made, announced Publisher William H. Schroeder.

In newly created positions, Claudia Lenart and Rhonda Vinzant will be regional editors, Lenart supervising north Lake County news coverage for the 14 paper community newspaper group, and Vinzant being responsible for Lakeland's south Lake County coverage.

Greg Miller was named to the position of executive sports editor, also a new position.

Lenart, Vinzant and Miller each held positions with Lakeland Newspapers before the promotions. Schroeder noted that the new managers all have extensive experience in newspaper operations.

"With our rapid growth, expanding editorial management responsibilities will help us do a more intensive job of covering the communities we serve as well as streamline internal operations," the publisher stated.

Schroeder said the regional editors and Miller will be working with General Manager William M. Schroeder to bring new features and additional editorial services to the award-winning newspapers that constitute Lake County's only locally owned and operated newspapers.

Lakeland Newspapers was founded in 1956 by the late M.R. Schroeder, prominent Lake County publisher and banker. Some of the newspapers in the Lakeland group are more than 100 years

old and several papers are 50 or more years old.

Lenart has been with Lakeland Newspapers since December of 1991. She has served as managing editor as well as editor of the newspaper's popular Lakelife section.

Lenart is a graduate of Iowa State University. She also studied journalism at Columbia College in Chicago. Before coming to Lakeland, she worked as managing editor of the Forest Park Review in suburban Chicago.

A resident of Antioch Township, Lenart is married to John Hochrek.

Claudia Lenart

Rhonda Vinzant

Vinzant joined Lakeland Newspapers in July of 1991 as a staff reporter covering Lake Zurich and Mundelein.

Prior to that time, she served 10 years on active duty in the U.S. Navy as a public affairs professional. During Operation Desert Storm she was assigned to the Office of Information in Washington D.C. where she worked in the crisis response cell and edited the Navy's world-wide news message. She is currently affiliated with the Naval Reserve.

Vinzant, a native of Vicksburg, Michigan has attended both the University of Maryland and Southern Illinois University studying Journalism and

education. She resides in Zion with her daughters, Amelia, 6, and Mandy Jo, 4.

Miller, an Indiana University journalism graduate, has been at Lakeland for 2 1/2 years. Prior to becoming sports editor, he concentrated on coverage in the Fox Lake area. Miller has been a sports writer for the Fort Wayne (Ind.) Journal-Gazette and Bloomington (Ind.) Herald-Times. Before coming to Lakeland, he was the sports editor at the Martinsville (Ind.) Daily Reporter. Miller has won several awards during his career including honors from United Press International, the Illinois Press Association and the Northern Illinois Newspapers Association.

Business Personnel

Lee Mateja

Lee Mateja has earned the prestigious honor of top 100 distributors with Mac Tools, Inc. Mateja, who resides in Gurnee with his wife Linda, has earned this honor three times since joining Mac Tools in 1986.

Edward Morgan

Edward Morgan Jr. of Libertyville has been named an agent in the Country Companies Lake Zurich Agency. As an agent for the Country Companies insurance group, Morgan is able to provide for all the insurance needs of area residents by offering life, auto, home, farm, health, disability income and commercial insurance. Morgan will serve clients from the Country Companies office at 800 Hart Rd., Suite 311, Barrington.

Van Buehler

The Country Companies selected Van Buehler of Ivanhoe to serve on the insurance group's 1993 Agency Advisory Committee. Buehler is agency manager of the Country Companies Lincolnshire Agency. He began his career with the Country Companies in 1985 as an agent in the Randolph Agency. He was named agency manager of the Lincolnshire Agency in 1990. Buehler has also received various awards acknowledging service excellence.

Roberto Reyes

Roberto Reyes has been promoted to commercial director for Latin America in the international division at Abbott Laboratories. Previously, he was commercial director for Mexico in the same division. He joined the company in 1982 as commercial director for Colombia. Reyes resides in Libertyville with his wife Marcela and three children.

Nicole Fisher

Nicole Fisher, a second-year student enrolled in the Administrative Office Technology program at the Lake County Area Vocational Center, participated in the May 5 to 9 National Leadership Conference of Business Professionals of America in San Antonio, Texas and received fourth place for the State Yearbook. Fisher designed and prepared the yearbook that represented the state of Illinois at the National Convention. She is a member of the National Vocational-Technical Honor Society and has been named Most Outstanding Student in the Administrative Office Technology program at the Vocational Center.

Youngquist-O'Block

Jennifer Youngquist O'Block, an actuarial consultant with Hewitt Associates, Lincolnshire, has been named a Fellow of the Society of Actuaries (FSA). She received a bachelor's degree in mathematics in 1986 from Lake Forest College, Lake Forest. O'Block is a 1982 graduate of Round Lake Community High School, and is a resident of Round Lake Beach.

Nancy Osterman

Grayslake resident Nancy Osterman has been appointed as Quill Corporation's full-time ergonomic specialist. Osterman has over 15 years experience working to promote health and fitness. Her goal is to educate both Quill's employees and its customers on the issues of ergonomics. Her areas of expertise and training include cumulative trauma injury prevention, job site evaluations and back injury prevention.

Gregory Hauca

Gregory J. Hauca, former director-retail services at Distribution America, has been promoted to the post of vice president-marketing. In addition to coordinating the Retail Profit Management (RPM) program and the Space Management Program, Hauca oversees all Distribution America market research and the development of new retail concepts. Hauca also coordinates store design, training and education and retail services.

Ian Thomson

Ian Thomson has been promoted to division controller of Dexter Corporation's Packaging Products Division. An eight year Dexter employee, Thomson began

his career with Life Technologies in Paisley, Scotland. As European finance director, he was a major contributor to the success of the Deeside, Wales and Tournus, France facilities, and a 1991 recipient of Dexter Packaging Products Division's annual president's award for excellence for his negotiating and management skills. A resident of Chester, United Kingdom, Thomson and his family have relocated to northern Illinois.

Keith Brown

Keith J. Brown has been elected president and chief executive officer of First Midwest Bank/Illinois. Brown joins First Midwest following a 20 year career with First Chicago Corp. For the past four years he served as division president, First Chicago Bank/Ravenswood, a community banking operation comprising seven banking offices and 400 employees. Prior to that time, he held management positions in the Cash Management Div., First Chicago Cheque Corp., Marketing Division, and the Private Banking Div. Brown also served a four year assignment as executive assistant to the president of First Chicago Corp.

Brian Anderson

Brian Anderson has been named an officer of Baxter International and has been appointed corporate controller. Anderson joined Baxter's finance department in 1991 as vice president, corporate audit. Before joining Baxter, he was a partner with Deloitte & Touche, a public accounting firm. He is a certified public accountant.

Mark Smith

Mark Smith has been named Manager Financial Analysis at Dexter Corporation's Packaging Products Division. Smith's professional experience includes five years of financial related responsibility and two years in Dexter's Management Development Program. He lives in Libertyville with his wife Julie.

Vince Winkunas

Vince Winkunas, manager of the Mundelein Super 8 Motel, attended the Blanchard Training and Development Workshop. The goal of this workshop is to enhance management skills and improve operational techniques. Winkunas has previously been employed with Costa Cruises, Super 8 Management, Cleanline Controls, and Stratford House.

C. Sanchez Crozier

Caroline Sanchez Crozier, Computer Services and Consulting (CSC), Inc.'s president and founder, was named Illinois' 1993 Small Business Person of the Year by the U.S. Small Business Administration. CSC, founded by Crozier in 1988, began as a part-time, one-woman operation providing quality products and services to effectively integrate computers in business, education and government. CSC is now a full service corporation with sales of \$2 million (year end 1992) and 25 full-time employees.

Boats

(Continued from page 19)

"We had the same discussion, what if you just sold what sells. I worked retail and wanted to have my own store and Tom was a builder and he thought he could better himself," Fairbanks said.

They next found 12 retailers before they even made their first boat in 1990.

"All four workers in the plant worked 48 hours straight to get the first boat ready to show them. I thought if I could sell just one boat a day we would be fine. Now we produce six a day."

Fairbanks said he got his start in the boating industry when he worked at an Antioch boat retailer in 1981 as a parts person and later in sales.

Fairbanks says because his business is smaller he has a special relationship with customers. Every boat he sells, he takes out on Bangs Lake at night to demonstrate.

"I really enjoy going out and showing the boat. I took a guy out last Wednesday. He was flabbergasted. He had never had someone take him out on a lake and demonstrate a boat before."

"The inexperienced boaters really appreciate someone who will go out there and show them the ropes. I give them tips

on maintenance," Fairbanks said.

Fairbanks said his business runs on "the chump of change" philosophy.

"Most businesses use markups. If something cost the factory \$10,000 they sell to the dealer at \$13,000 and the dealer raises it to \$16,000. I take something that cost \$10,000 and sell it for \$11,400."

"If it costs me an extra \$1,000 for a new engine part, it only costs you \$1,000 also," Fairbanks added.

Fairbanks started the retail business in a site off Route 12 near the industrial park.

"When we started all we had was one 18 footer. We had a terrible little space. It was a terrible location," Fairbanks said.

Fairbanks is pleased with his new location which is easily visible off Route 12 and his boat selection.

"Last weekend I was just opening up and I got a dozen people from Island Lake and Lake Zurich that didn't know the other location."

"I keep four to six models. The ones with the most popular colors and engines. If someone wants to buy one from the showroom he can," he said.

With the larger lot size Fairbanks will now sell used boats and brokerage boats.

TCF Bank establishes commercial banking group

TCF Bank-Illinois, with 30 offices in the Chicago area, including offices in Deerfield and Vernon Hills, is expanding its Commercial Banking Group.

"This group develops and services corporate relationships, including lines of credit, equipment, owner-occupied business real estate and other fixed asset term financing starting from \$300,000 and including SBA loans," said Michael C.

Spitler, senior vice president and manager of commercial lending in Illinois.

The group also offers a complete line of deposit and cash management services including commercial checking accounts, account reconciliation services, zero balance concentration accounts, sweep investment accounts, night deposit, lock box and a payroll banking program, added Spitler.

Tour of homes offers a glimpse of the latest designs

The 1993 Lake County Tour of Homes, sponsored by the Home Builders Assn. of Lake County, is scheduled for June 19 through June 27. The tour will showcase the newest home models from more than 40 leading home builders, with sites located throughout Lake County and neighboring areas. Tour homes include both single and multi-family residences that range in price from about \$150,000 to well over \$1,000,000.

Dan Riedel, HBALC President, encourages all those who are thinking of investing in a new home to attend the tour. "This is the most exciting opportunity available this year to view the best that the Lake County area has to offer. We have models that reflect a wide range of architectural styles to suit every taste. And each home has something innovative or unique to offer, whether in its style, its features, its livability or its landscaping," he notes.

For those who are not actively seeking a move just yet, the 1993 Tour of Homes provides an opportunity to view the latest trends in home and garden decor as idea-starters for updating their own surroundings.

"All of the interiors are designed for living, and are a real treasure trove of ideas on built-ins, furniture, flooring and colors," said Riedel. "Last year, we had thousands of visitors who enjoyed the excitement, beauty and drama of these homes, and this year, we'd like to host even more."

Mike Werchek of Werchek Builders, the Association's chairman for 1993 Lake County Tour of Homes, echoes Riedel's invitation. "This year, especially, we encourage people to come out and visit as many homes as they can," he says. "Lake County is enjoying a growth spurt and now is the ideal time to explore the possibility of living here. It's a great place for everyone: families, professional people and empty-nesters alike. We have an award-winning school system, plenty of job opportunities, excellent recreational facilities and a wide range of retail development. And, with interest rates so low, there's never been a better time to invest in a home," he concludes.

For more information on the 1993 Lake County Tour of Homes, contact Barbara Anderson of the Home Builders Assn. of Lake County at 816-4663.

Real Estate Personnel

Susan Carey

Susan Carey, corporate accounts manager of Century 21 Kreuser and Seiler in Libertyville, attended the Employee Relocation Council's National Relocation Conference, which was held at the Walt Disney World Dolphin Hotel May 5 to 8 in Orlando, Fla. Carey's primary function at Century 21 Kreuser and Seiler is to assist cor-

porations and relocation companies in relocating corporate transferees and their families to and from Lake County.

Lisa Vitucci

Lisa Vitucci has joined the staff of RE/MAX Advantage in Antioch as marketing coordinator. She will report to Joe Epifanio, a top producer with RE/MAX Advantage. In addition, Epifanio has two other full-time staff members, Christine Sheehan and Kim Epifanio.

Christopher Hoelz

Grayslake resident Christopher Hoelz of RE/MAX Center became a graduate of the Realtor Institute earning him the prestigious GRI designation. Hoelz is RE/MAX Center's Top Listing Agent for January, February and March, 1993. He also leads his office in sales for March, 1993.

Top agents

Chris Jackson, Marilyn Sturino, Gale Schuemelfeder, Karen Baker, Jean Morris, and Roxanne Revell, agents with ERA Woodland Realty in Lindenhurst, have completed requirements of the ERA Top Gun Academy, an advanced training course for brokers and sales associates of Electronic Realty Associates, L.P.

Title insurance protects home buyers in ownership disputes

You've purchased and "closed" on the house of your dreams and have plenty of documentation to prove it. But you may not own the house.

"Although you may have signed what appears to be a perfectly valid contract, and everything else seems to be in order, your ownership rights can still be challenged," said David E. Minella, chairman and manager of title operations for Greater Illinois Title Co., a leading title company that coordinates real estate closings from nine full-service offices in the Chicago metropolitan area.

For example, while you're waiting to take possession, someone else could turn up and claim that he or she has a contract to buy the same house. To make matters worse, this individual may decide to sue the person who sold you the house and to sue you, too.

"While this may seem far-fetched, it's happened before and will probably happen again," Minella observed.

What probably happened is this:

Owner Smith negotiates to sell his house to buyer Jones, but calls off the sale because he doesn't think Jones has met all of the conditions. Jones disputes this and thinks he has a valid contract to purchase.

In the meantime, Smith agrees to sell the house to you, neglecting to mention his dispute with Jones. After the sale is made, Jones shows up to make trouble for both of you.

"Claims of this sort are one of the reasons why home buyers need title insurance," Minella said. "Without it, the buyer runs the risk of losing all or part of his investment or being exposed to the cost of long and expensive litigation."

Title insurance insures that the person who is selling the property really has the right to sell it, and that the buyer is getting all of the rights to the property (title) that he or she is paying for. The insurance pays the policyholder's losses if title to the property is subsequently challenged.

In the hypothetical dispute between Smith and Jones with you in the middle, it would be important to determine when Jones filed his suit, Minella explained.

If the Jones' suit was filed before your transaction closed, the suit would serve as notice that the first buyer believed that he or she had a binding contract to purchase the property. The title company would be expected to catch the court filing, and would not insure title until this particular issue was resolved. Without this assurance, the sale could not move forward.

Memorial weekend at The Country Squire

This Memorial Day weekend might be the right time to gather friends and family for great food and conversation at The Country Squire Restaurant.

For instance, you could have a long and leisurely lunch, choosing something as simple as soup and a sandwich or enjoy the complete luncheon. Try the Monte Cristo made of three decks with cheese, ham, and sliced turkey dipped in egg and pan fried. Or, select our New Orleans shrimp plate topped with tomato wedges, hard boiled eggs, in a bed of lettuce and cocktail sauce.

If you are really hungry try the luncheon entrees which include fresh fruit cocktail, soup or tomato juice, fresh spinach with warm oil and vinegar dressing topped with crisp bacon and chopped eggs, and potato or vegetable. Entrees include pork chops, broiled whitefish, or breast of chicken. Prices start at \$4.25 to \$11.95. We also have some new "lite" lunches too.

Saturday is a good day for late afternoon dining. From 3 p.m. to 6 p.m. they serve early dinners. They have over 20 entrees to choose from. Select your appetizer choice of soup or fresh fruit cup. Spinach salad or a tossed salad are available with your choice of dressing. Dinner also includes potato and vegetable, dessert, and beverage. Prices start at \$7.95.

The regular dinner menu is served from

6 p.m. to 10 p.m. and on Sundays from noon to 9 p.m. Remember those Sunday dinners when all the family would get together? Give them a call and they will reserve a table for you and your family, no matter how large. Seafood, steaks, chops, and other entrees are expertly prepared. Included with the meals are the relish tray of cheese spread, liver pate, spiced apples, and two surprise salads.

After church or a round of golf, enjoy the Sunday sit-down brunch. The extensive menu has many specialties. The service is superb and your brunch order is taken and served at your table. Prices range from \$6.95.

There is something extra special at The Country Squire! They now have our new international menu. Swiss Chef Haakon Blanken plans a series of summer dishes from around the world. Better yet, they are different every week. So, you can travel the world with our international menu without ever leaving home. Visit Ireland, Greece, Germany, Norway, and even the Middle East. Prices are from \$11.95 to \$14.95.

The spring showers have brought the May flowers, so come and enjoy the gardens while you eat. We are located at Routes 120 and 45 in Grayslake. It is easy to get here from wherever you live. For reservations or more information, call 223-0121. We will be closed as usual on Mondays, so have a great Memorial Day.

The Durkin family shows off their three adopted greyhounds, Amie, Alex and Arnie at Dairyland Greyhound Park Alumni Day on May 16.

Families welcome retired racers

Photos and graphic drawing provided by Dairyland Greyhound Park.

Looking for that special pet? Man's best friend. A dog as a pet can be a fulfilling experience for a family if the dog fits the family's size and personal needs.

Dairyland Greyhound Park, in nearby Kenosha, Wis. offers a unique way to adopt former race dogs at a price most area family's can afford.

by THOMAS STEVENS

According to Sherry Reynolds, director of the adoption program at Dairyland, former race greyhounds make excellent pets and would be a wonderful addition to anyone's home.

"These dogs are very intelligent and love people," said Reynolds. "They are already housebroken and either spayed or neutered, with all their shots, before going home with a family."

Since the track opened in 1990, 347 greyhounds have been adopted from the Dairyland program.

Historians believe greyhounds originated in the Middle East more than 5,000 years ago. Since that time, the greyhound has co-existed with mankind as a hunter of food and as his companion. In addition, nobility chose the greyhound as its

breed for the royal kennels of Queen Cleopatra of Egypt and Queen Elizabeth.

Greyhounds were introduced in the United States during the 1800s as a coursing dog to help farmers control the jack-rabbit population.

"Actually, the greyhound is a wonderfully unique dog blessed with the ability to be very competitive and aggressive while on the track, yet very loving and gentle while living with a family," said Reynolds. "Their demeanor is helpful, especially with young children who love to pull their ears and try to ride them."

One of the area families that have adopted greyhounds this past year were Spring Grove's Jim and Julie Durkin, who have adopted three dogs since the program began.

Durkin brought his three dogs, Amie, Alex and Arnie, to the park's annual Alumni Day on May 16, which reunited the Durkin's dogs with their former running mates for at least a few hours at Dairyland.

"One look at the dogs and my heart was gone," said Durkin, who attended the Alumni Day ceremonies with Julie and their three children.

Reynolds added that the annual event is exciting for all who attend the day at Dairyland.

"I'm very excited about Alumni Day because I get to see how well the greyhounds have adapted to their new families and see the joy they bring them," said Reynolds.

The greyhounds, according to Reynolds, get placed in the adoption program by their racing kennel due to their age, minor injury, or a racing habit that would keep them from further competition.

Once in the adoption program, the dogs receive a thorough checkup and are either spayed or neutered. The dog also receives the required shots, a teeth cleaning and a heartworm check.

The greyhound is then placed on a pet-diet similar to the one the dog can expect to receive once placed with a family, since the high-protein meat diet of its racing days is no longer needed.

"The personality and progress of each retiree is constantly assessed by our staff so that a successful placement can be made," said Reynolds.

Reynolds adds that there is a cost to adopting a greyhound, as the Wisconsin Racing Board requires a \$75 fee to be paid by the adoption family. However, the rest of the expenses incurred preparing the dogs for family life are paid by Dairyland.

So if you think a greyhound would be a welcome addition to your family, or perhaps you felt a strong pull on the ol' heart strings, Reynolds invites you and your family to visit the Dairyland Park Adoption Center.

"Please plan to visit our adoption center, where we will be happy to answer any further questions or help you get started on the way to owning one of these gentle and loving greyhounds," said Reynolds.

The adoption center is open seven days a week from 6:30 to 10:30 a.m., as well as during all nine racing performances weekly. To set up an appointment or for more information about the adoption process, call (800) 233-3357.

Kidz Fare

Tom Chapin to appear in Woodstock

Tom Chapin will appear in two concerts at the Woodstock Opera House on Sat. June 19. Chapin will perform his critically acclaimed children's show at 2 p.m. and present a concert for all ages at 8 p.m.

The secret of Tom's success lies in that intangible element which combines earthiness, genuine concern and a personal warmth that makes everyone feel like a treasured friend. This shines through in all of Tom's concerts from a coffeehouse to a major festival.

Seats are available for the children's show at \$9 each. Seats for the evening concert are \$11. Tickets are on sale at the Woodstock Opera House. For more information call (815) 338-5300.

Children's Museum extends hours for summer

The Chicago Children's Museum has extended its hours for the summer and will be offering drop-in take-home arts activities all day long from June 7 through Sept. 3.

June special programs include: "Memories from Puerto Rico." Learn about Chicago's Puerto Rican community and the tropical fruits and music of this beautiful island on Sat. June 5 from noon to 1 p.m.

Summer hours are in effect June 7 through Sept. 3. Hours are Monday-Sunday, 10 a.m. to 4:30 p.m.; Thursday free family night, 5 to 8 p.m. Admission is \$2.50 for children and \$3.50 for adults. The Chicago Children's Museum is located at 465 E. Illinois Street (North Pier), in Chicago.

Dance Pounds Away

Dance Pounds Away is starting a children's fitness program this summer titled, "Craze in Health and Fitness." The program is specifically designed to keep kids having fun while participating in a fitness program. For more information call 662-2772.

Sealed with a kiss

Through Aug. 29, Chicago Children's Museum will present its newest exhibit, Sealed with a Kiss: Mail Art, sponsored by the United Parcel Service Foundation.

S.W.A.K.: Mail Art is a highly interactive exhibit of fanciful art that redefines the everyday act of mailing a bill or sending a letter to a friend. Mail Art is art that has been post-marked; it is correspondence designed to please the eye as well as the mind. There are thousands of artists worldwide who create art out of and on spaces as little as a nineteen cent postcards or a letter size envelope—and then send it to someone through the mail.

Design stations in the exhibit will offer paper, paint, rubber stamp images, markers,

copy machine art and found objects to all who wish to try their hand at creating their own masterpiece to mail to a special pen pal. In addition, young artist will be able to commemorate important individuals or events in their own lives by designing and then making their own stamps. Also on display in this section will be winning entries from the Illinois Department of Conservation's Junior Duck Stamp Contest.

Chicago Children's Museum is dedicated to the needs and interest of children and their families. Located at 465 E. Illinois Street n North Pier Chicago, 2nd Floor. For more information, call (312) 527-1000.—by RHONDA VINZANT

COLLEGE OF LAKE COUNTY

'I encourage students to learn about themselves through their writing.'

—George Liu,
CLC English instructor

"Before I attended CLC, I never had the incentive to study or do well in school. George Liu gave me the inspiration to try, to not give up.

"George showed me that if I work hard, I can learn. He helped me build confidence in my writing and myself."

—Tina Bartoli, CLC student

Faculty like George Liu are an important reason why CLC is the first choice for growing numbers of students. Isn't it time you learned more about what CLC can do for you?

Registration for summer classes is now underway.
Call 223-3636 for more information.

Music

Deerfield band

The Deerfield Community Concert Band will perform at the Deerfield Plaza, Waukegan and Deerfield Rds., on Monday, May 31 from 10:45 to 11:45 a.m. The band will introduce the village's summer season with a variety of show tunes and traditional favorites. For more information call Peggy Amado at 831-4664.

Folk concert

Kat Eggleston and Andrew Calhoun, a popular folk duo, will perform on Friday, June 4 at 8 p.m. at the David Adler Cultural Center Ballroom, 1700 N. Milwaukee Ave., Libertyville. Appearing with them will be Pat Gaughn, an instructor at the Cultural Center. Admission is \$8 for adults, \$5 for seniors, children and Cultural Center Members. For further details call 367-0707.

Membership drive

Lake County Community Concert Assn. has opened its membership drive for its 40th concert season. All concerts are held at Waukegan High School auditorium, 2325 Brookside, on Saturday evenings. Membership subscriptions for the series are \$30 for adults, \$15 for students. No tickets are sold for individual concerts. For information on joining

Community Concerts call Helen Sorvari at 623-3178.

Art

Recycled art sale

A Recycled Art Sale, the first such event at the Adler Center, continues through June 4 at the David Adler Cultural Center, 1700 N. Milwaukee Ave., Libertyville. The public is invited to participate by donating art as well as purchasing artworks at the sale. Viewing hours are Monday, Tuesday and Friday from 9 a.m. to 7 p.m.; Wednesday and Thursday from 1 to 7 p.m.; and Saturday from 9 a.m. to 2 p.m. All proceeds from the sale will benefit the Cultural Center. For further details call 367-0707.

Sculpted Concepts

Sculpted Concepts, featuring works by Carole Komarek and Ruth Ann Frazier, will be exhibited now through July 2 at the Community Gallery of Art, located in the west wing of the main building of the College of Lake County. Gallery hours are: Through June 4, Monday through Friday 8 a.m. to 4:30 p.m.; June 7 through July 2, Monday through Thursday 8 a.m. to 10 p.m. and Friday 8 a.m. to 4:30 p.m. For further information call 223-6601, ext. 2240.

Dance

Buoys and belles

The Buoys and Belles Square Dance Club is hosting a "Sing and Dance" dance on Friday, June 4 from 8:30 to 11 p.m. at First United Methodist Church, 128 N. Utica St., Waukegan. There will be a Round Dance Workshop from 8 to 8:30 p.m. and a Plus Tip at 11 p.m. For more information call 662-6546.

Dancer North

Dancer North of Libertyville will have an expanded summer session with many specialty programs to be held from June 14 to July 31. Offered are Summer Dance Camp, Musical Theatre Workshop, Cheerleading and Pom-Pon Workshop and "Boys Only" classes. Registrations are being accepted through June 12. For further information and schedules call 367-7970.

Solo Singles dance

Solo Singles is an organization of friendly, single people who meet at the Princess Restaurant in Libertyville on Wednesday nights. They are an independent, nonprofit organization designed to accommodate the special needs of single people. Join Solo Singles on Wednesday, June 2 from 8 p.m. to midnight for an evening of dancing and socializing. For further information call 816-1011 or 249-5067.

Theater

'The Swan'

"The Swan" will play at Apple Tree Theatre through Sunday, June 13. "The Swan" is a modern fantasy about a lovelorn nurse whose life is transformed when she takes in a mysterious, wounded swan. Showtimes are 7:30 p.m. Wednesdays, 8 p.m. Fridays, 5:30 and 9 p.m. Saturdays, and 3 and 7 p.m. Sundays. Ticket prices range from \$20 to \$23. For reservations or information, call Apple Tree Theatre at 432-4335, or write Apple Tree Theatre, 595 Elm Place, Highland Park, Ill. 60035.

'Driving Miss Daisy'

"Driving Miss Daisy" will be presented now through June 27 at Shady Lane Dinner Theatre in Marengo. Performances run Thursday through Sunday at 8 p.m., Saturday and Sunday at 2 p.m. Tickets are \$10 to \$15. Further information and reservations for dinner theatre packages and individual ticket sales may be obtained by calling the Rock Valley College box office at 654-4296 or the Shady Lane box office at 568-3270.

'Ice Cream Suit'

Bowen Park Theatre Company at the Jack Benny Center for the Arts, 39 Jack Benny Dr., Waukegan, presents Ray Bradbury's "The Wonderful Ice Cream Suit," directed by Mark Heller, and the Ballet Folklorico "San Jose." The Mexican-American Festival opens Thursday, June 3 for a three-week limited engagement through June 19. Taco Loco restaurant will sell Mexican food one hour before each performance. Show times are 8 p.m. Thursdays through Saturdays; 3 p.m. Sunday, June 13. Tickets are \$12, \$10 for students and seniors. For reservations and information call 360-4741.

'Let's Get A Divorce'

PM&L Theatre presents "Let's Get A Divorce," by Victorien Sardou and Emile de Najac. This farce, set in 1880 France, will open at PM&L Theatre, Main Street, Antioch, June 4 with performances set for June 5, 6, 11, 12, 13, 18, 19, and 20. Performances are at 8 p.m. except the June 6, 13, and 20 Sunday matinees starting at 2:30 p.m. Tickets are \$8, with student and senior citizens tickets priced at \$6. For reservations call 395-3055.

PM&L auditions

Auditions for PM&L Theatre's "Camelot" will be held on Tuesday and Wednesday, June 8 and 9 at 7:30 p.m. at Antioch High School, corner of Rtes. 83 and 173. Men and women, ages 20 to 60s, and one boy age 12 to 16 are needed. For more information call Deane Jones at 546-1889.

Barrington Class of 1983 will be held Friday, Oct. 8, Homecoming weekend, Barrington Banquets in Barrington;

Barrington Class of 1984 is seeking classmates for 1994;

Grayslake Class of 1983 will be held Saturday, Oct. 16, Homecoming weekend, Holiday Inn in Mundelein;

Lake Zurich Class of 1973 will be held Saturday, Oct. 9, Homecoming weekend, the Princess in Libertyville;

Round Lake Class of 1983 will be held Saturday, Oct. 2, Homecoming weekend, Holiday Inn in Mundelein;

Wauconda Class of 1983 will be held Friday, Oct. 1, Homecoming weekend, Barrington Banquets in Barrington;

Warren Class of 1983 will be held Saturday, Oct. 16, the Princess in Libertyville;

Warren Class of 1984 is seeking classmates for 1994;

Waukegan Class of 1968 will be held Saturday, Aug. 7, Holiday Inn in Mundelein;

Waukegan Class of 1953 will be held Saturday, Aug. 21, Bonnie Brook Country Club in Waukegan;

Zion-Benton Class of 1984 is seeking classmates for 1994.

For more information contact Alumni Systems, Inc. at (815) 477-0858 or (800) 924-6643 (Chicago/suburban area only) or write to: Alumni Systems, Inc. 6201 Scott Lane, Crystal Lake, IL 60014.

Exchange Club open house

The Exchange Club of Grayslake will hold an Open House on Thursday, May 27 from 5 to 7 p.m. at Olde Stratford Hall, Grayslake. This casual, come-as-you-are event will feature the Youth of the Year Program, and door prizes will be given away.

Pow Wow

A Pow Wow, sponsored by the Native American Church of Illinois, will be held at the Lake County Fair Grounds on Saturday, Sunday and Monday, May 29 to 31. Featured will be authentic arts and crafts, Native American Indian food, raffles and a tipi village. Pow Wow hours are 10 a.m. to 11 p.m. Saturday; 9 a.m. to 11 p.m. Sunday; and 10 a.m. to 5 p.m. on Monday. Admission is \$6 adults, \$3 seniors and children under 12, and free to children under three. For more information call Anthony Yazzie at 740-9270.

Memorial Day picnic

Solo Singles Club will hold a Memorial Day Picnic at noon on Monday, May 31 at Shelter A, Lakewood Forest Preserve, Fairfield Rd. and Rte. 176, Wauconda. Bring own beverage and dish to pass. For further details call 816-1011 or 249-5067.

Free VW and Audi inspection service

Lake County Automotive, 45 W. Belvidere Rd., Hainesville will be offering a free bumper to bumper diagnosis of VW and Audi cars during the month of June. This offer is open to everyone. An estimate of the repairs needed will be provided free of charge, along with a 10 percent off labor discount coupon applicable at Lake County Automotive for all repairs diagnosed. Call 223-9684 for an appointment.

Midnight Tour

Join thousands of motorcycle riders in the 14th Annual Midnight Tour on Saturday, June 12. Meet at 10 p.m. at Maryville Academy, Central and River Rds., Des Plaines. Gates will open at 5 p.m. for the 65 mile, escorted tour. Vendors, entertainment, food and beverages, guest personalities, motorcycle services and accessories will be available. Cost is \$5 per person. No pre-registration is required. For more information call 635-6724.

Guided bird walk

Join Volo Bog State Natural Area volunteer Marv Schwartz in search of grebes, herons, wood ducks and more on Saturday, May 29 at 7 a.m. Bring binoculars and field glasses. Ages seven to adult are welcome. Reservations are required, phone (815) 344-1294.

'Magic of Spring'

Allendale will host its annual "Magic of Spring" dinner dance on Saturday, June 6 at 6 p.m. at Glen View Club in Golf, Ill. The event includes live and silent auctions and a showing of Allendale's award-winning video. This benefit raises for Allendale, a treatment center for emotionally disturbed children. Most of these children were abused or neglected, or suffer from severe behavior disorders. Allendale has a 101-bed residential program, a day education program, specialized foster care and an out-patient counseling center.

'Psychic Zone' makes tv debut

Popular radio and television talk show host, Dave Allen, will debut a new television show entitled "Psychic Zone," starring noted psychic Mel Doerr, on U.S. Cable Lake County (Channel 19) on June 7 at 8 p.m. Calls from the viewing audience will be taken.

In addition to this new venture, Dave Allen broadcasts "Allen in the Afternoon" each weekday from 1 to 4 p.m. on radio station WKRS-AM (1220 on the dial) and hosts a weekly television talk show entitled "Focus with Dave Allen," which is seen on numerous cable stations as well as on KTAR Phoenix.

When not making guest appearances on other radio and television talk shows in the area, you will find the energetic Allen "wearing a different hat"—that of acting as co-anchor on the Chicagoland Radio Information Service (CRIS), a radio service which airs news and feature stories primarily to Chicagoland's blind or otherwise print-impaired over a subcarrier of WBEZ-FM.

Allen caught the broadcasting "bug" in 1961 when he filled in for a TV weatherman in Wausau, Wis. He's been either in front of a microphone or a camera ever since. A licensed pilot who gets his "high on life itself," Allen has rubbed elbows both with the known and the unknown; he loves his work. He loves people.

Comedic gold mine in 'Black Snow'

Critic's Choice

Some satires are engagingly quiet, cerebral affairs. In contrast, "Black Snow," adapted by Keith Reddin from a novel by Mikhail Bulgakov, is a free-wheeling, boisterous affair—a comedic gold mine.

Premiering at Chicago's Goodman Theatre, this play enlists 15 performers who take on 40 different roles.

Set in the mid-1920s in Russia, "Black Snow" follows the up-and-down career of a young novelist/playwright, Sergei (Bruce Norris). Each of the two acts opens with a distraught Sergei contemplating ways in which to do himself in, and things go downhill from there as he struggles with an oppressive bureaucracy to get his work published and later transformed onto the stage.

Sergei is followed around by a violin-playing muse (Miriam Sturm) who can't save him from a pompous director or a ridiculous artistic director (Jordan Charney), whose idea of eliminating a scene is to simply tear it out of the script and to whom continuity is a foreign concept.

Hilarious scenes abound: From one in which Sergei gets into a bidding match on his "contract" to one where an overwrought ticket manager meets his frenzied public. A dream scene in which bigger-than-life portraits of Shakespeare, Sophocles and Moliere taunt the unknown playwright is a classic, as is the scene in which Barbara Robertson plays a harried manuscript dictationist, typing at warp speed.

Sergei soon discovers that getting one's play produced in the Soviet Union is not all it's cracked up to be.

"Black Snow" runs through June 5. Ticket information is available at (312)433-3800.—by TOM WITOM

Bruce Norris and his muse (Miriam Sturm, left) in "Black Snow."

Randall Arney and Martha Lavey in "Ghost in the Machine."

'Ghost in the Machine'—fascinating!

Critic's Choice

"Ghost in the Machine," a fascinating play by David Gilman receiving its world premiere at Chicago's Steppenwolf Theater, features six characters in a tangle of ever-convoluting mind games.

The drama, set in Cambridge, Mass., starts when one of the principals finds he is missing \$50 from his wallet. His wife discovers a \$50 bill in the cosmetic case of one of their two guests. Did the guest steal it, or was it hers to begin with?

Another paradox arises: One of the guests, a musicologist, finds 19 bars of "A might fortress is our God" buried in a complex random electronic composition. Its provenance is suspect. Was it a message from the Almighty, as he believes, or did someone out to discredit him or simply cause a stir in the music world inject it into the piece?

Another well-played who-do-you-trust scene involves marital fidelity.

Maryann Mayberry, as Kim, is the ultimate manipulator—a computer programmer, she's intrigued at playing games in which a person makes up the rules as they go. Randall Arney is Wes, who is as much a manipulator as one who is manipulated. Martha Lavey, as his wife Nancy, gives a strong performance as a woman pulled in many directions.

Kevin Rigdon's set—two bedrooms at opposite ends of the stage with a living room in the center—is simple but inviting.

Superbly directed by Jim True, "Ghost in the Machine," played for its full 90 minutes without intermission, is a stimulating production. It runs through June 27. (Ticket information is available at (312)335-1650).—by TOM WITOM

FRIDAY

Northlake Singles

The Northlake Singles Club invites all single adults age 21 and over to their social on Friday, May 28 at 8:30 p.m. at the Antioch Golf Club banquet room. Call the Hotline for more details, 265-1387.

Parent group

The Parent Group, Inc. sponsors weekly Parents Anonymous self-help support groups at no charge. Parents attend these groups out of their desire to be better parents. No cost structured child care is available during all meetings. The support groups meet in Waukegan on Friday mornings from 9 to 11 a.m., Thursday evenings in Vernon Hills from 7 to 9 p.m. and in Zion on Tuesday evenings from 8 to 9 p.m. and Wednesday afternoons from 3 to 4:30 p.m. For further information call 263-7272.

Parents Without Partners

Parents Without Partners will hold a LEO (Let's Eat Out) and

general meeting, lounge afterwards on Friday, May 28 at 7:30 p.m. at Buckley's Restaurant, Rtes. 21 and 137 in Libertyville. All single parents are invited. For more information call 265-0833.

SUNDAY

Memorial Day picnic

The Northlake Singles Club is having a Memorial Day picnic at noon on Sunday, May 30 at Grant Woods Forest Preserve off Monaville Rd. and Rte. 59. Bring your own food, drinks and equipment. For more information call 265-1387.

TUESDAY

Libertyville vets

Veterans of Foreign Wars, Libertyville Post 8741 will meet at 8 p.m. on Tuesday, June 1 at the post home, 293 Peterson Rd. For more information call Jim Robbins at 680-5114.

Young Single Parents

For parents who are single, divorced or widowed, between the ages of 21 to 60, join Young Single Parents Club every Tuesday at the Uptown Ballroom, 62118 22nd Ave., Kenosha, Wis. from 8 to 11 p.m. for dancing and socialization. For more information call Buzz at (414)652-1677.

THURSDAY

Blue Lite Singles

The Blue Lite Singles group, for ages 50 and up, meets the

first and third Thursdays of every month with get-togethers planned throughout the month. Their next meeting will be held Thursday, June 3. For further details call 623-1147 or 872-1065.

Adult volleyball

Recreational volleyball for single young adults ages 21 to 38 will be sponsored by the Catholic Alumni Club from 6:30 p.m. until sunset on Thursdays from now through September at Willow Stream Park, Old Checker Rd., two blocks west of Buffalo Grove Rd. in Buffalo Grove. There is no charge for playing. For more information call (312)726-0735.

Exchange Club

The Exchange Club of Grayslake meets every Thursday at noon at Randall's Restaurant in Grayslake. Visitors and prospective members are invited to join the club for lunch and learn more about the Exchange. For more information and reservations contact Bob Wegge at 223-0777, Monika O'Connor at 223-5547, or JoAnn Ritzwoller at 223-8161.

COMING SOON

Drive-in reunion car show, swap

On Sunday, June 6, the Eleventh Annual Skip's Fiesta Drive-In Reunion Car Show and Swap meets at the Lake County Fairgrounds from 8 a.m. to 4 p.m. Billed as "Chicago's Largest Summer Event," admission is \$5.50 and parking is free. For further information call 682-8792 or write Skip's, P.O. Box 88266, Carol Stream, Ill. 60188.

Genealogical society

The Lake County Genealogical Society will meet on Tuesday, June 8 at Cook Memorial Library, 413 N. Milwaukee Ave., Libertyville at 7:30 p.m. Lester Hartrick will speak on German-Irish-American Connection: Sources. For further details call Joan at 566-1789 or Wanda at 546-4154.

SOLO dance

SOLO Singles Club will meet Wednesday, June 9 at the Princess Restaurant, 1290 S. Milwaukee Ave., Libertyville, from 8 p.m. to midnight. For more information call 816-1011 or 249-5067.

Alzheimer's support groups

The Chicago Area Chapter of the Alzheimer's Assn. sponsors Alzheimer's support groups in Long Grove the second Wednesday of each month from 1 to 3 p.m. and the third Wednesday of each month from 7 to 9 p.m. at Maple Hill Nursing Center, Box 2308, R.F.D. The next meeting will be held Wednesday, June 9. These informal sessions are free and open to the public. For more information call 933-1000.

Rwheel World

'Human Heart' a five-star rave

Every so often a movie comes out that is warm, romantic and memorable to the "nth" degree. That "so often" is here again as "Map of the Human Heart" opens.

The plot, which is refreshingly, extremely unpredictable, is filled with the unexpected.

Director Vincent Ward handles each twist and turn with the love and care of a gardener tending a rare exotic plant.

A mapmaker, Patrick Bergen, finds an ailing Eskimo

lad in the Arctic. To precipitate the child's recovery, he is taken to a clinic in Montreal, Canada, where he meets a girl as different from the kind of people he has known as Bergin is.

Two of today's finest young thespians, Jason Scott Lee and Anne Parillaud eventually get entwined in a romance the audience really cares about.

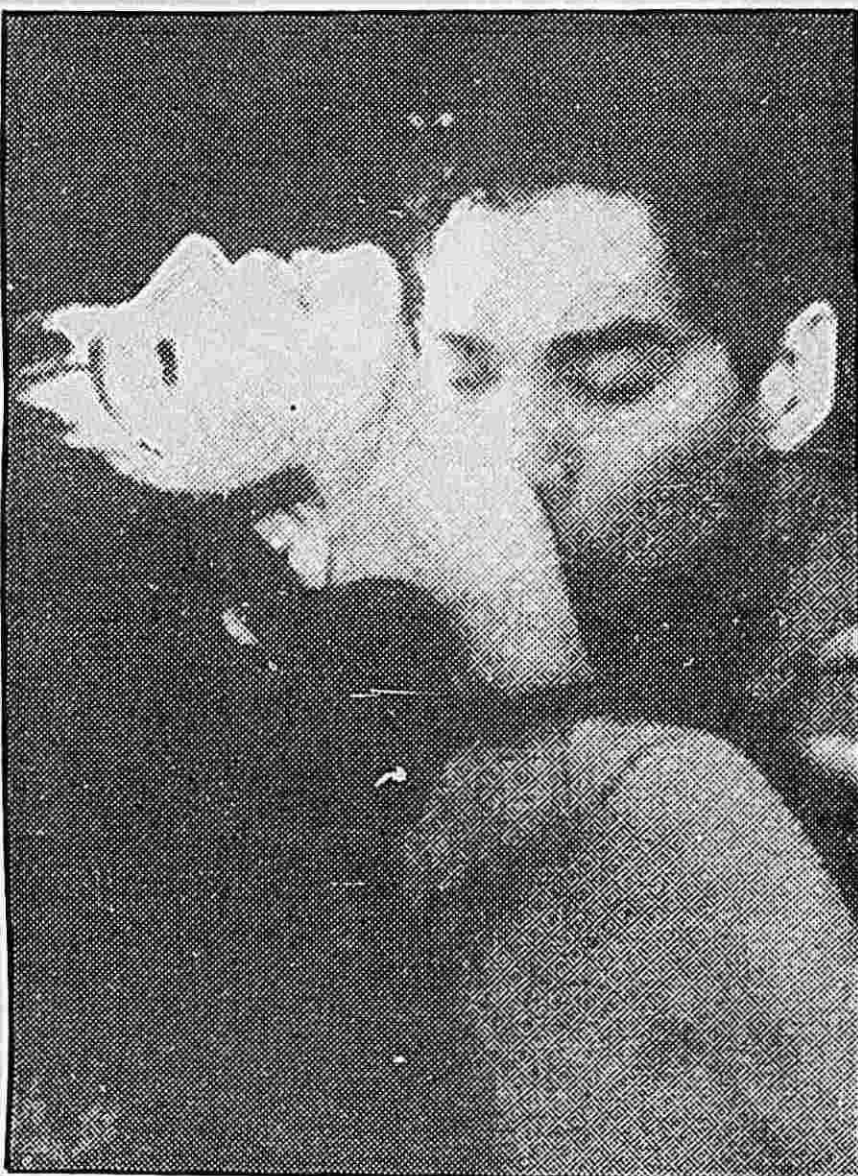

Lee, whose Asian looks have gotten him such plum roles as the lead in Bruce Lee's life story, "The Dragon," shows that he is a budding Yule Bryner, whose talents and physiognomy might allow him a wide range of ethnic parts.

Just when one thinks they know what to expect next, the plot swirls into a pleasant surprise, leading sometimes to a bit of astonishment.

You have to see it, not only to appreciate the efforts of all involved, but also to experience its warmth, its humanity and the ardor and zeal given its characters by Ward and his two stars.

This is the kind of film, you'll want to see again, not unlike the feeling you felt when Rhett decided he didn't give a damn and Scarlet said, "I'll think about it tomorrow."

This one walks away with all five of the rating stars, a must see if you love people, love romance and are simply into living!—by GLORIA DAVIS

Ann Parillaud Jason Scott Lee

Club Med on Paradise Island The name says it all

by JIM WARNKEN, PRESIDENT
NORTH STAR TRAVEL, INC.

Whistles at 9 a.m. Everyone down to the beach for volleyball. This is the picture that may come to mind when you think of an all inclusive Caribbean resort. This is not Club Med.

Some vacationers prefer to have their days planned out for them. I do not. So when I was offered a chance to visit Club Med on Paradise Island, I envisioned a list of daily activities in which I would be expected to participate. Boy, was I wrong!

This is not to say there is nothing to do at Club Med. Quite the contrary. During my three day stay I took golf lessons and sailing lessons. I took a boat trip to a small island and went snorkeling on a beautiful reef. (By the way, those disposable underwater cameras work great. Stop in and I'll show you my pictures). I ran out of time before I could take tennis lessons complete with video playback to improve your game.

The beauty of Club Med is that everything is there for you, but you plan your day. If you feel like taking windsurfing lessons, just be at the beach house at 10:30 a.m. or 3:30 p.m. Want to learn how to sail a Hobie Cat? That's at 10 a.m. and 3 p.m. The snorkeling boat leaves the dock at 11 a.m. and 4 p.m. with lessons in the pool one hour before.

The activities are there, but you are not pushed into "enjoying" yourself. If you just want to lay on the beach, that's just fine. And what a beach it is. Club Med is located right on the best beach in all the Bahamas.

This resort, or village as it is called, was once three separate Georgian mansions, two of which now house restaurants for those preferring more intimate dining than that offered in the Main Harbor restaurant. Reservations are required, but all is included in your package price.

The food? Fine wines, caviar and international cuisine prepared by top French chefs. What more can I say?

Strolling through the acres' landscaped gardens shaded by palm trees makes you think this to be a perfect resort for honeymooners. In fact, this Club Med is very popular as a honeymoon destination and offers special packages for newlyweds.

For the sports minded who still want a relaxing vacation, Club Med is the place.

Horoscope

ARIES (March 21 to April 19) You will have new career opportunities this week. However, be careful of some advice you receive. It may well be faulty. This weekend, a meeting with close ties bring some pleasant surprises.

TAURUS (April 20 to May 20) You will enjoy the social scene this week, but be careful not to tire yourself out. It's a good time to examine your feelings regarding a certain someone. You'll come to a rather nice revelation. Someone you meet offers an interesting career opportunity.

GEMINI (May 21 to June 20) Make long-range domestic plans despite the fact that you may be bewildered by a relative's behavior. This will soon pass, and you'll realize the reasons behind it. Romance is in the spotlight this weekend, so don't be shy. Enjoy!

CANCER (June 21 to July 22) A deception or misunderstanding could occur on the job. While you may be tempted to take action, it's best to sit this one out. The resolution will come in an unexpected way. Sharing ideas with a loved one increases rapport.

LEO (July 23 to August 22) Though enthusiastic about new monetary prospects, you still could be careless about expenditures. Talk things over with others, and you'll gain their full cooperation. Since your powers of persuasion are strong, talks with others are fruitful.

VIRGO (August 23 to September 22) Though romance is favored, a family member could let you down in some way. A sudden urge leads to a nice purchase for the home. It seems the stars are just right for a successful shopping spree. Feel free to mix business with pleasure this weekend.

LIBRA (September 23 to October 22) Watch out for ill-founded assumptions. You'll work well from the sidelines, but avoid fantasizing. New ideas come thick and fast if you just tap into your creative nature. Go after what you want.

SCORPIO (October 23 to November 21) Be on guard against financial proposals that are not feasible. Social life is accented, but results are mixed. Keep secrets sacred. Be sure to complete all unfinished business by week's end.

SAGITTARIUS (November 22 to December 21) Though career opportunity comes now, don't let it go to your head. Yes, you've worked hard for this, but you had a lot of support and help. Be sure to acknowledge those who cheered you on behind the scenes. Celebrate this weekend with a quick getaway.

CAPRICORN (December 22 to January 19) Travel and cultural matters are favored, but learn to read between the lines. Others may be secretive, so it's up to you to be astute. Talks with bosses may bring raises or important assignments.

AQUARIUS (January 20 to February 18) Get advice about investment matters. Advisers could turn you on to some worthwhile opportunities. Educational and distant concerns prosper. Friends and money don't mix favorably, as you've learned, so turn down a loan request you may receive.

PISCES (February 19 to March 20) Innovative methods bring career success. Investment matters turn out well, and you'll be very relieved. Now, concentrate on ways to improve the overall security of your family. If necessary, do some research.

Multi-arts day camp registration open

Registration is now open for a multi-arts day camp offered by the MCYO Community Arts Center. ARTWORKS will run in two three-week sessions, July 5 through 23 and July 26 through Aug. 13. The location will be the Crystal Lake Montessori School, 3013 Country Club Rd.

The program is offered to children ages eight to 12 and features a balance of recreation and camp fun with opportunities for growth and devel-

opment in four arts disciplines. Each ARTWORKER will choose a major and a minor from the areas of dance, visual arts, music and theatre.

Professional artists with extensive backgrounds in working with children as well as experienced art educators will form the ARTWORKS staff.

A limited number of financial assistance awards will be available for applicants who show demonstrated financial need to participate in the program.

Further information and registration materials can be obtained by calling the Community Arts Center office at (815)356-6296.

Cuneo Museum and Gardens offers tours

The Cuneo Museum and Gardens at 1350 N. Milwaukee Ave., Vernon Hills is open Tuesday through Sunday from 10 a.m. to 5 p.m.

The historic house museum, a 32 room Mediterranean style mansion was built in 1914 by architects, Marshall and

Fox for Samuel Insull, founder of Commonwealth Edison Company.

The mansion lies in the middle of 75 landscaped acres with lakes, a greenhouse conservatory, formal gardens, fountains, and a private golf course. There is also a deer park

with rare white deer that visitors can feed.

Also on the premises, a restaurant serves lunch daily from 11 a.m. to 2:30 p.m. A brunch is served on Sundays from 11 a.m. to 2:30 p.m.

For further information, call Barbara Hirschfeld at 362-3042.

Lightscape your outdoor areas for beauty, safety

Outdoor landscape lighting fixtures that are decorative enhance gardens as well as accent focal points with light. Bell and flower shaped fixtures are available in such finishes as gold, bronze, silver, black, verd and other greens. These types of low-level, spread lighting fixtures can be placed along pathways or a driveway, or be positioned close to steps and obstacles people need to avoid for safety. Positioned so, they serve a dual purpose as they accent leaves and flower beds and call attention to their beauty.

There is a magic in landscape lighting that can turn a dark, forebod-

ing area hidden by the night into a place of warmth and beauty. A garden, otherwise hidden in darkness after sunset, becomes a beautiful oasis of color and drama. A lighted pathway bids a special welcome to family and friends and increases the value of your home.

Cross lighting

A single light source placed in front of a statue may be flat and boring. Borrowing a trick from the theatre and placing two light fixtures, one on either side aimed to cross their beams at the statue, creates depth and visual interest.

Deck lighting

Decks can be softly

lighted to provide an outdoor space for intimate dining and entertaining in pleasant weather. Choose fixtures that blend with your house and your landscape lights. Lantern-style light bulbs are suitable for traditional homes. Fixtures with glass globes or cubes in either clear or amber patterns are appropriate for contemporary homes. Clear glass light bulbs can be effective in this style fixture. Deck rail converters with center holes drilled for mounting are available. Consider matching wall fixtures for a coordinated effect. Mount them on the outside wall on one or both sides of the deck entrance.

Lighting for all seasons

Shrubbery and trees are beautiful when illuminated in spring and summer during the growing season, but the outline of the branches in late fall and winter, with uplighting or backlighting, is dramatic. The skeleton-like shapes and bark textures provide vivid contrasts in the brisk wind of fall and the snow of winter.

Remember, in any landscape lighting situation, try to create a focal

pint, an area of visual interest, by drawing attention to a specific tree or planting area with intense, but not glaring, light.

Security lighting

For security lighting,

low levels of evenly spread light are very effective. Don't forget to illuminate all entrances as well as walls with easy access windows. Ample lighting over the garage will enhance security,

particularly when other lights are not on. And, installation of automatic controls, timers or photocells, creates the impression that someone is at home during nighttime hours.

Caring for lawns in shade areas

Thin, weak, poor-looking grass seems to be a common complaint from homeowners when lawns exist under the shade of trees. Maintaining a quality stand of grass under the shade of trees is difficult, and in some situations nearly impossible, according to Bruce Spangenberg, Extension Horticulture Educator with the Univ. of Illinois Cooperative Extension Service Center in Grayslake.

Lawns in the shade of trees compete with the trees for sunlight, water, and nutrients. Usually the tree wins the battle, but Spangenberg offers some ways to help the lawn. Start by choosing a shade tolerant grass mixture. Red fescue or other fine fescues are the primary lawn species in these mixtures. Next, prune vegetation to allow the maximum amount of light to reach the soil surface.

Once established, care of a lawn in a shady area is different than grasses grown in the full sun. Spangenberg suggest to mow as high as possible, and fertilize less in the shade, as too much nitrogen can be detrimental to shade lawn species. About one to two pounds of actual nitrogen per 1,000 square feet per season is all that is needed. When watering shade lawns, do so as infrequently as possible, and water deeply.

"If these practices have been followed but the lawn still fails, there probably is not enough light, even for a shade tolerant species," says Spangenberg. "Often homeowners will seed the proper quality shade lawn mix, it comes up fine, but then declines rapidly due to a lack of sufficient light."

Lawns in the shade of ten have problems with

moss or shade-loving broadleaf weeds. Ground ivy, or creeping charlie, is a prime example. These problems exist primarily because the lawn grasses are thin and weak, allowing easy invasion.

If lawn grasses have failed, the next step is to try a shade tolerant groundcover, such as ajuga, pachysandra, euonymus, and periwinkle, among others. If it's too dark for these, then the next step is to apply a mulch, such as chipped or shredded bark, possibly in combination with ferns or woodland flowers.

"Don't expect a picture-perfect, vigorous lawn in the shade," concludes Spangenberg. "Lawn grasses in the shade will just maintain themselves and cannot tolerate kids playing football, lots of backyard events, or other types of stress."

Poor soil source of many lawn problems

Poor lawn growth, thin lawns infested with weeds, thatch problems, and disease infestations are all problems that may occur this season on area lawns. These problems often have something in common, according to Bruce Spangenberg, Extension Horticulture Edu-

cator with the Univ. of Illinois Cooperative Extension Service Center in Grayslake.

"Many lawn problems are the result of the underlying problems in the soil," Spangenberg stated. For example, soil compaction is frequently the cause of many lawn trou-

bles. Compacted soils will drain poorly, contain little air for roots, and will severely retard root growth. Soil compaction can be reduced by cultivation with machines that create openings into the soil.

Coring machines which actually remove

small soil cores and bring them to the surface are the most effective type, according to Spangenberg. This procedure will improve turf root growth and control thatch, in addition to solving the compaction problem. Keep heavy equipment off lawn and avoid heavy foot traffic over the same area to help prevent compaction. Extremely severe compaction may require total reworking of the lawn.

Another soil problem facing many area homeowners is trying to grow

lawns on heavy clay soil. Clay soils drain poorly. Spangenberg suggests to be sure to work up the soil thoroughly and mix in lots of organic matter, such as peat, compost, rotted manure, or leaf mold before seeding or sodding. This will provide a long term solution to heavy clay soil conditions. If topsoil is brought in to solve a heavy clay situation, be sure to mix it in with the existing soil on the site rather than just layering it over the surface.

The best way to help

improve heavy clay under an existing lawn would be to core aerify and then possibly topdress with organic matter or an organic soil, so it filters down into the holes created by the aerifying.

Soil pH is another characteristic which can cause problems if it is out of balance. Lawn grasses prefer pH values between 6 and 7. Sulfur will lower it (make more acidic) and lime will raise it (make more alkaline); but don't add either without knowing the pH value.

Scab, rust have already infected some trees

Scab can be a serious disease on crabapples. On susceptible varieties, defoliation can be severe says James E. Schuster of the Univ. of Illinois Cooperative Extension Service. The disease starts off as smoky spots on the leaves. As the disease progresses, the leaves will turn yellow to brown and fall off. The best defense against these disease is to grow resistant varieties. The other defense against the disease on susceptible crabapples is to use fungicides as a preventive control. Sprays need to go on as soon as buds start to open and be repeated every seven to 14 days depending on

amount and frequency of rain and dew. Even if your crabapple is already infected, preventive sprays can still help protect leaves still emerging.

Use at least two or more different fungicides, on a rotation basis, to reduce the possibility of the fungus becoming resistant to the fungicide.

The other disease Cedar Rust attacks crabapples, hawthorns or quince. This disease starts off as a yellow to orange spot. As the diseased spot enlarges, the spot becomes orange with black pustules in them. As the summer progresses, the disease will grow down

through the leaf and emerge on the bottom of the leaf. At this time the disease is going to infect the junipers (red cedars) where it will spend two winters and a summer before returning to the crabs, hawthorns or quinces.

Just like with scab, try and grow resistant varieties. Where this is not possible, fungicides must also be used preventively. Again, two or more fungicides should be used says Schuster.

Your local garden center or Cooperative Extension Service can help you with varieties that are resistant or the fungicides to use.

Soaker hose, drip irrigation puts sense back into watering

Soaker hose/drip irrigation puts sense back into watering

The days of seeing water cascading from an over-irrigated garden plot and sprinklers busily shooting water everywhere but where it's supposed to go are numbered.

The availability of fresh water is fast becoming

the big environmental issue of the 90s; and concern is spilling over into the homeowner's backyard. While fires, droughts and overall lack of rainfall and snowfall will continue to grab the lion's share of headlines in this arena, the real crunch from

dwindling water supplies hits the average homeowner who has to either suffer from total bans and other severe restrictions or pay higher water rates.

The water crisis—and that's what it has become in Lake County—has forced re-evaluation of traditional irrigation techniques. Getting adequate water to the root system is still the primary objective of any irrigation system. Just how it gets there, or more critically how much of it gets there without being wasted, is the concern.

Lakeland area homeowners are being introduced to new irrigation systems and techniques to conserve water. In some drought-stricken states

like Illinois the list of things to do is long and includes taking advantage of modern irrigation technology and developing a comprehensive water management program.

A few of the technologies homeowners are being asked to implement to conserve water are employ multiple program automatic sprinkler controllers, use low gallonage sprinkler heads; install check valves to prevent leak out; and add rain switches. Included in a water management program are water audits, irrigation system evaluations, and ways to help condition lawns to use less water.

The trend toward re-assessing landscape irrigation has put the spotlight on less traditional watering techniques such as soaker hose and drip irrigation. Despite new technology that includes computer-controlled systems and more efficient sprinkler heads, the more traditional overhead systems are still prone to wasting water. Even the most sophisticated overhead systems still fall prey to evaporation from wind

and hot air, and overgrown plants can block the water's passage to adjoining dry areas.

The key is to get the water as close as possible to the plant's root system. Soaker hose and drip irrigation systems accomplish this without leaving water to chance the elements. Both systems are especially effective in garden plots and landscaped areas around the home.

Soaker hose

A soaker hose operates just the way it sounds. Water soaks through porous hose material and gradually weeps into the soil, so that no water is lost to evaporation or run-off. As a result, it takes far less water to do the job, up to 70 percent less in some cases.

Soaker hose users also find that plant roots stay moist but never get waterlogged. So the plant-retarding root shock, caused by conventional wet-dry watering cycles, is eliminated. Weeds get far less water so there are fewer weeds. There's also less chance for foliage disease because water doesn't spray on the

leaves. Unlike ordinary sprinklers that water in intervals—missing spots in between—soaker hose uniformly distributes water. And soaker hose reaches those impossible places like narrow strips alongside houses, walks and driveways.

Drip irrigation

A drip system like soaker hose slowly put water exactly where it's supposed to be. Instead of oozing through a porous hose, water is gradually emitted from a dripper line. A drip system is ideal for isolated plants, garden row crops and low-growing plants.

Soaker hose and drip emitters won't push sprinklers out of the market, he adds. Sprinklers and other above-ground systems have their place, especially in wider turf areas where it would be unfeasible to install drip lines or soaker hose. Yet for smaller areas such as vegetable and flower gardens and other landscaped areas around the home, a soaker hose or drip system will save water one drop at a time and ensure the right amount of water gets to its proper destination.

Several vegetables make good bedmates

More and more people are growing vegetables because they know that not only is the taste better when picked fresh from the garden, but home-grown are so much cheaper than shop-bought.

Being able to pick at the peak of tenderness and serve within an hour or two of picking is a revolution for the taste buds.

It's essential to sow when the soil is moist but not wet or waterlogged. It pays to buy top-quality seeds and plants. Sow seeds in drills and never forget the old well-proven saying: Don't sow too early, too deeply or too thickly.

Some Lake County gardeners might say that you shouldn't plant vegetables side by side because you won't get a good yield. Take that—as you would your vegetables—with a pinch of salt.

But one thing is certain: Some vegetables make better bedmates

than others, and for what it's worth, here is a list of "compatible bedmates."

Asparagus—basil, parsley, tomatoes.

Beans—marigolds, celery, potatoes.

Beets—carrots, onions, kohlrabi, cauliflower, kale, broccoli, Brussels sprouts, turnips, cabbage.

Carrots—onions and parsley (which repel carrot flies), beets, peas, sage.

Corn—beans, cucumbers, lettuce, soybeans, spinach.

Cucumbers—corn, radishes.

Lettuce—cabbage, onions, radishes.

Nasturtiums—potatoes.

Onions—carrots, lettuce, radishes.

Peas—beans, carrots, corn, potatoes, turnips.

Peppers—carrots, eggplants, peas.

Radishes—carrots, lettuce, spinach.

Strawberries—borage, lettuce, basil, nasturtiums.

Turnips—peas.

Sawflies, caterpillars are eating landscape

Two major tree insects are now eating your landscape. The first is pine sawfly. This insect feeds on pines and prefer scotch and mugo pines. However, they will feed on other pines. This insect feed for about six weeks or sometimes longer if its been cold says James E. Schuster of the Univ. of Illinois Cooperative Extension Service.

One characteristic of pine sawfly is that when disturbed, it and all the others with it will lift the front half of their bodies up into the air and "wave." This is a defense mechanism to help scare away birds and other predators. Pine sawflies feed on last years' needles tending to make evergreens look thinned out and weak. Control is carbaryl. Follow label directions. The sawflies are easier to con-

trol when insects are still small (less than one-half-inch in length).

To other insect that is feeding now is the Eastern Tent Caterpillar. This insect feeds on fruit type trees such as crabapples, pear, peach, choke cherries, black cherries, quince, etc.

The insect overwinter in egg masses stuck on twigs pencil thick or smaller. Schuster says the best control is physically removing the egg mass before it hatches.

The next best control is to use a biological control of Bacillus thuringiensis while insects are less than half grown. Left uncontrolled, these insects can totally defoliate trees and thus weaken them. The weakened trees are more prone to other problems.

DEMANDING JOBS DEMAND KUBOTA

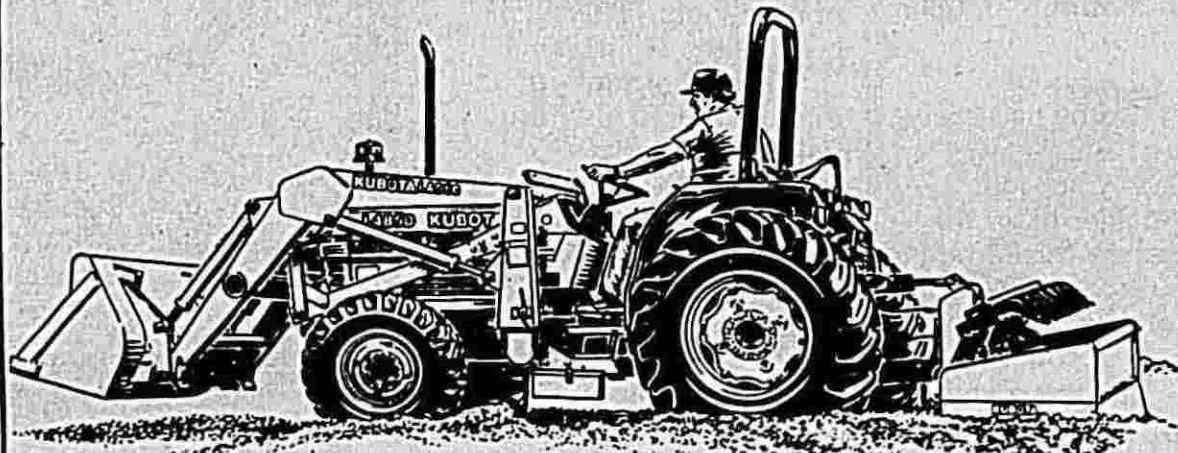

What makes the new models in Kubota's L-Series so unique? They're the first compact tractors ever with the innovative "Ever Clutch".

It's a true wet clutch that works hard and long without mechanical failure or maintenance nightmares. Kubota is so sure of the "Ever Clutch" that it has developed a 3 year/1500 hour clutch warranty.

The new L-Series with 23-49 PTO HP also has improved working efficiency and overall performance with a powerful hydraulic system and increased front loader lift capacity. Power steering, mechanical shuttle transmission, 3-point hitch, comfortable operator area and a wide range of performance matched implements contribute unmatched versatility.

For jobs that demand power and mobility, look to Kubota's new L-Series.

Bulbs can be more than a spring fling

Crocuses, daffodils, and snowdrops herald the arrival of spring, but their passing does not mark the end of the bulb season. When they begin to fade, don't repine—replant. The Garden Council suggests planting a variety of summer bulbs this spring to light up the garden as the season advances.

Bulbs—and their cousins corms, rhizomes, and tubers—share one important characteristic: All depend on stored food to carry them through a dormant season brought on by cold or drought, and then to give them a good start when dormancy ends. So although you may be more familiar with the term "bulb," don't shy away from the others when you begin planting for summer blooms. Care for corms, rhizomes, and tubers is similar to bulb care.

Bulbs store food manufactured in their green leaves, so it is important to keep foliage growing as long as possible. Keep plants fed or watered until foliage yellows or turns brown—

or with late blooming plants such as dahlias and tuberous begonias, until frost threatens.

You can camouflage the fading foliage of spring bulbs by sowing seed or setting out plants of low-growing annuals such as sweet alyssum, forget-me-not, English daisy, or viola.

Here are a few tips to keep in mind as you plant bulbs for summer and fall show:

- Provide good drainage. Bulbs are likely to rot in constantly wet soil. Unless your soil drains quickly, plant on hillsides or in raised beds.

- Be selective. Your effects will be more striking if you concentrate on a few bulb kinds and colors.

- Plant bulbs in clumps

or drifts (irregularly shaped masses) rather than singly or in rows.

- With bulbs that bloom just once (gladiolus, Mexican Shell Flower), stagger planting over several weeks to get a succession of bloom.

In cold-winter climates, plant summer and fall bulbs when danger of frost has passed and dig and store them when frost threatens or when foliage has died off. Where winters are mild, many of the varieties listed below can stay in the ground throughout the year.

For summer-long show of bulbs and bulbous plants, the Garden Council suggest this scheduled:

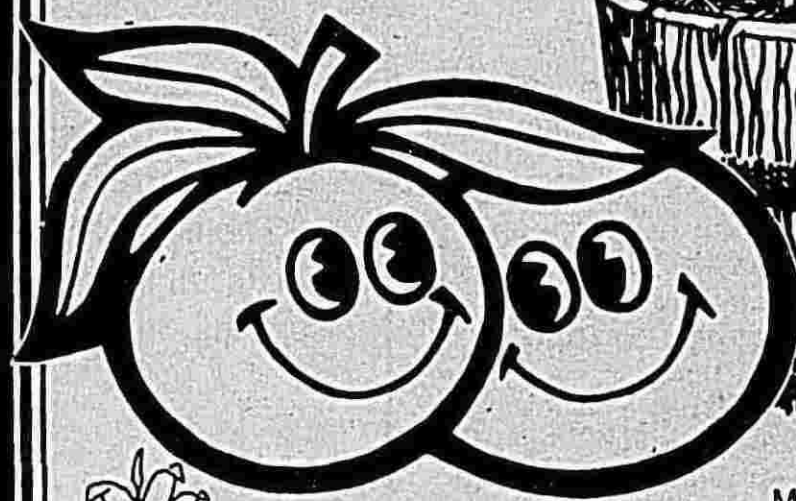

Early summer—tuberous begonia, gladiolus, lily (Asiatic Hybrids).

Mid-summer—tuberous begonia, caladium (fancy leaf), calla (zantedeschia), canna, dahlia, daylily, gladiolus, lily, tigridia, tuberose.

Late-summer-fall—tuberous begonia, caladium, canna, dahlia, daylily, gladiolus, lily (oriental), tuberose.

GOOD EATING!

Work smarter, not harder, on lawn care this spring

Sometimes, the best route to a beautiful lawn may be to start over. Take an honest look at your lawn and determine whether weeds and diseases make it a candidate for a complete makeover. If so, consider killing existing grass with a non-translocating herbicide, or removing the old sod. Either will enable you to start over and do it right.

If you were pleased with your lawn's looks last year, you'll only need to begin this season's care with a general cleanup. Rake off dead leaves with a flexible steel or bamboo rake and give a good mowing. If the ground is soft and muddy, wait until it firms up. If you must use a roller to even out lumps, be sure that the roller is empty—you don't want to compact the soil, and stunt root growth. If there are low spots, brush sand into them with a bamboo rake—if the depressions are deep, add sand gradually as the grass grows to avoid smothering it.

Most lawns in the northern part of the country are composed of cool-season grasses, such

as Kentucky bluegrass, bentgrasses, creeping fescues, and perennial ryegrass. Spring is the best time of year to feed these grasses because they'll need the nourishment then, during the strongest growing season. If growth slows noticeably and the deep green color fades, feed again in late spring, then wait until cooling weather in late August or fall brings good growing conditions for the final feeding.

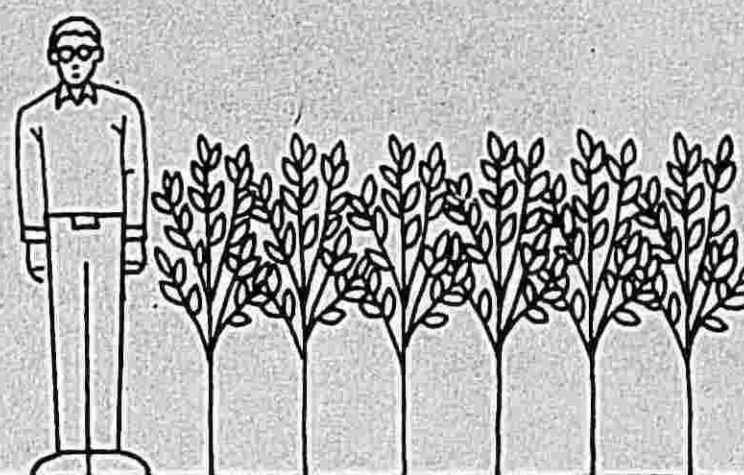

Adequate feeding and watering are the paths to success: excess in either or both causes excessive growth, which means more mowing. Excess can also lead to fungus. Monitor your lawn. It should make steady but not rapid growth and keep a deep green color. If you can't stick a stout screwdriver

several inches into your lawn, chances are that it needs water. Soak it deeply. Another sign of thirst is grass that looks grayish or bluish and doesn't spring back after you step on it.

Foot or heavy mower traffic can compact the soil, depriving roots of air and slowing water penetration. The Garden Council suggests treating the problem with a core aerator, which removes small plugs of soil, opening channels for air, water and fertilizer. Hand devices will treat small lawns, but a mechanically driven one will save time and labor.

The best way to control weeds is to keep them out. If the lawn is dense and healthy, it can do the job itself. If weeds should gain a foothold, there are chemical herbicides on the market. The Garden Council recommends checking with your local garden center for the proper control, and it further recommends that you follow label instructions faithfully to avoid damage to desirable plants—your own and your neighbors.

Foresters Annually Plant Six Trees for Every American

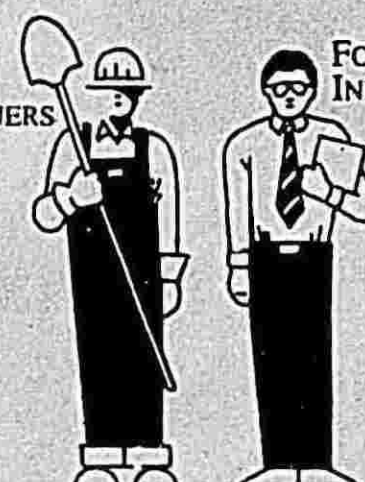

In 1991 six trees were planted for every one U.S. citizen.

There is a good reason why the country relies heavily on lumber. Forest products are recyclable and biodegradable as well as inexpensive. Plastics and metals come from non-renewable resources and are less biodegradable. According to the American Forest Council, the total energy costs required to acquire, transport, process and use lumber is less burdensome on our natural resources than alternative materials.

Foresters Lead Way In Replanting Efforts

The U.S. Department of Agriculture reports our country has regained 70 percent of the forests that existed in the 1600's. This has been achieved in spite of the fact that the land now supports 5,000 percent more people. The reforestation process has developed into a specialized industry. In Oregon alone, there are more than 350 registered reforestation contractors, supporting a \$100 million industry.

A dumpling called Chelsea

Chelsea is a seven-year-old female pure-bred Brittany Spaniel. A bit of a "dumpling," she has a pretty white coat splashed with bright orange patches that ripples with waves and feathering. Chelsea has had some training, she'll sit on command and acts house-broken. But in her cage, this poor dog acts heart-broken. Yet take her out and she's sweet, easy-going and full of affection. Chelsea gives kisses, and is thoroughly delightful—a real doll. Responsive and playful, Chelsea adores people, is gentle yet very active and in love with life. This special dog needs a home, a diet, exercise, and a family to love her. Chelsea is in cage 12.

Adoption can be made for a \$55 cash donation which includes free spay/neuter, collar, tag, leash, follow-up care, first shots and more.

Chelsea

Orphans of the Storm is located at 2200 Riverwoods Rd., in Deerfield. Hours are 11 a.m. to 5 p.m., seven days a week. Call 945-0235 for further information.

Enjoy slow walks with Benjamin

Benjamin

Benjamin is a mature dog who spent most of his life in a training crate. He is affectionate and a fine companion for an older person who enjoys slow walks with a loyal canine companion.

For information on how to adopt Benjamin or any of the dogs and cats at the Assisi shelter call (815)455-9411. Adoptions include spay or neuter and shots.

Anti-drug abuse campaign waged by Navy Reservists

Navy Reservists from the Great Lakes Naval Training Center have a message for local youth: "You don't need drugs to be happy, accepted, or successful."

Thanks to a formal program called "Campaign Drug Free," local Navy Reservists are ready to bring this message to local schools, youth and other organizations where young people are available to hear the message. Captain James Ferrar, who heads the Great Lakes Campaign Drug Free effort says Naval Reservists have a vested interest in getting the message to youth:

"We live and work in this area, and

what happens here affects each Navy Reservist and his or her family. We do this on our own time, with no compensation—not even drill pay from the Navy. Our motivation is simple: we care and with Campaign Drug Free, we have the ability to make a difference..."

This program works in conjunction with other programs in the community, Captain Ferrar says. "It's part of a broad effort for a drug-free America."

For more information, or to arrange for a presentation at school, church or youth group, call "Campaign Drug Free" at 1-800-554-4542. Call Captain Ferrar at 886-5467.

Polish Legion will salute vets

The Polish Legion of American Veterans Gen. Pulaski Post serving all of Lake County will host, "Memory Highlights of Fort Sheridan," on Saturday, May 29 at the Dome in Zion beginning at 1 p.m.

The ceremony will feature Col. George A. Latham, a speaker from Fort Sheridan. This will be the last speaker from Fort Sheridan, which was scheduled to close this week.

Col Latham was born in 1943 in Watseka, Illinois. He received his commission in 1966. He has served as

Commander, Readiness Group Sheridan, Fort Sheridan since June 1990.

Rev. Stratton Knight Hilliard, Jr., will give the invocation at the ceremony. He served in the Air Force from 1957-1961.

Truman Hudson, Benton Township Supervisor will play taps at the ceremony which will be preceded by a VIP breakfast at Happy Bill's in Zion at 10 a.m. that morning.

Bob Miller is chairman of the event and has served in that capacity for the past 15 years.

Dist. 187 board member resigns, cites dissolution

by MARK HAHN
Lakeland Newspapers

Dennis Cress, a School Board member of North Chicago District 187 for four years who opposed the dissolution of the North Chicago Schools, resigned on Monday, May 24.

According to Pamela Johnson, school board president, Cress's letter of resignation stated that he thought the dissolution resolution was premature, and that his resignation would allow him to better ad-

dress the problem outside of the board's venue. Other matters included in Cress's letter were held confidential.

Cress was unavailable for comment.

The North Chicago School Board has 45 days to find and appoint someone with the same qualifications to fill the vacant seat. If someone is not appointed to fill the vacancy, then Regional Superintendent Ed. Gonwa will have authority to do so.

United Way of Lake County sets campaign goal for 1993

Organization sets sights on \$6.5 million

United Way of Lake County has set a goal of \$6.5 million for its annual fund raising campaign, representing a 4.5 percent increase over monies pledged last year, announced General Campaign Chairman Daniel J. LaVista, Ph.D., president of the College of Lake County.

"We found ourselves faced with many difficult circumstances last year, and our campaign fell short," LaVista explained. "Because of this shortfall, many of our agencies were not able to receive the level of funding that they had anticipated, so it is imperative that everyone gets involved and does what is necessary to ensure that people are able to get the help they need."

"Our primary goal is education," LaVista continued. "We must do everything possible to help our donors, and our potential donors, understand that their contribution will be put to good use and that it does have the power to change lives."

United Way of Lake County President Elizabeth Jan Edgar explained how the goal was determined and how realizing it will impact the community: "Our goal this year was modified to take into consideration the effect of last year's campaign. The \$6.5 million represents less

than what is actually needed, based upon the expanding need for services and the increased number of people requesting assistance. It will, however, provide the minimum amount necessary to maintain existing services to the people of Lake County."

The United Way of Lake County campaign runs from September to December, and monies collected will be allocated to 99 programs offered through 48 agencies. Monies will also be used for one-time funding to outside programs' start-up or expansion costs, and for community problem-solving efforts. The program funded through United Way of Lake County help one in three local residents receive needed assistance annually.

More volunteers are needed to support the campaign effort. If interested or for more information, call 816-0063.

Literacy program seeks volunteers

The Lake County Literacy Program will offer a tutor training workshop series from 1 to 3:30 p.m. beginning Tuesday, June 8 at Lakeshore Campus, 111 N. Genesee in Waukegan. The seven session workshop series will continue on Thursday, June 10 and end Tuesday, June 29. Tutors are needed to work with both adults wanting to improve their basic skills and parents of children who are enrolled in the Lake County Head Start programs throughout Lake County.

The Lake County Literacy Program currently

works closely with Lake County Head Start to promote family literacy and is involved with a weekly parent workshop called "Parents as Reading Partners." The focus of this special project promotes family

reading which benefits both parents and children.

For additional information or registration for the tutor training call 223-3641 or 623-9261.

OBITUARIES

Anna M. Patterson

Age 83, of Round Lake Beach, IL passed away Thursday May 20, 1993 at Good Shepherd Hospital, Barrington, IL. She was born June 28, 1909 in Chicago, IL and was a Round Lake Beach resident past 40 years. She was a member of Good Shepherd Lutheran Church, Lake Villa, IL. She was a volunteer worker for Condell Hospital's Blue Smock in Round Lake. She was an avid bowler at Lakes Bowl, Round Lake.

She leaves 3 daughters: Elaine (Eugene) Pikora, Wheeling, IL; Susanne (Gary) Sparkman, Buffalo Grove, IL; Karen L. Stillwell, Waukegan, IL; 3 sons: Roland Klimczak, Bensenville, IL; Dennis (Candi) Patterson, Colorado; Ross (Bonnie) Patterson, Ingleside, IL; 17 grandchildren; 18 great-grandchildren; 1 brother: Mimer Babyar, Manchester, TN. She was preceded in death by her husband, Henry.

Funeral services were offered at 1 pm Monday, May 24 at Strang Funeral Chapel, 410 E. Belvidere Rd., Grayslake, IL with the Rev. John Zellmer, Good Shepherd Lutheran Church, Lake Villa, IL officiating. Interment followed at Mt. Emblem Cemetery, Elmhurst, IL.

Wilbur L. Kercher

Age 86, a 30 year resident of Long Lake/Ingleside, IL, formerly of Chicago, passed away at Northern Illinois Medical Center in McHenry on Tuesday, May 25, 1993.

He was born in Roann, Indiana on May 24, 1907. Mr. Kercher was former President of the Tuckpointer's Association and a member of the Tuckpointer's Union, was founder of the W.L. Kercher Company and was a member of the Long Lake Yacht Club.

He is survived by his daughter Elizabeth (Jack) Snell of Rockville, MD; his son William A. (Marilyn) of Lake Bluff; six grandchildren and four great grandchildren. He was preceded in death by his wife Constance in 1988.

A memorial service will be held on Saturday, May 29, 1993 at 11 a.m. at Ringa Funeral Home, 122 S. Milwaukee Ave. (Rt. 83), Lake Villa with the Rev. Lisle J. Kauffman, pastor of Calvary Presbyterian Church, Round Lake, officiating. The family will receive friends at 10 a.m. until time of service on Saturday.

If desired, memorials would be appreciated to The American Heart Assoc., Lake County Chapter, Forum II, 1117 S. Milwaukee Ave., Libertyville, IL 60048.

Personals

HELP US FULFILL OUR DREAMS. We are a loving couple that longs to share our lives and love with a baby. We can provide a happy and secure life for your child, a beautiful and spacious suburban home and many wonderful opportunities. Legal and allowable expenses paid. Please call our attorney, SARA (312)975-0535 (confidential, collect OK) TJ.

You can save your family many hours of confusion by investing a few hours now.

How? Take time to plan all your final affairs now. Wills, insurance and all funeral plans including type of ceremony, place of internment, choice of clergy, and financial considerations can and should be decided on when you are in a position to make good decisions. You can meet with our professional staff to discuss funeral plans without obligation. Write or call for our free pamphlet on funeral planning, then make your plans. The time you invest now will save your family confusion later.

When you must...call

How To Survive The Job Search

By Nancy Sakol

Q: Dear...Search: My husband and I have been living and working in the city of Chicago, and have always relied on public transportation to get to and from work. I have given notice to my employer of 8 years as we are about to move to the suburbs do to by husband's transfer. While his company has given him an automobile as part of his new perks, it is apparent that I will have to further rely on public transportation to get to and from however I am able to find new employment. I have been told that it would be best for me to find something very close to home until the time that I can afford to purchase a car. It has also been said to me that employers sometimes will ask on their applications what the year and make of your vehicle is, and frown upon use of public transportation by their employees. Is this true? G.S. - Chicago.

A: Dear G.S.: Thousands of people every day rely on the use of public transportation and manage very well. Besides, with the high cost of operating motor vehicles coupled with the costs of parking in the city, and heavy rush hour traffic, I can see why so many do depend on public transportation. In answer to your question regarding asking for year and make of vehicle, many corporations look upon this question for use before and after the fact. For instance, information may be needed for vehicles parked within a parking lot which is secured. Also, if the position is calling for an outside sales position with their own automobile, for instance whereby the potential employee will need to be hauling around samples, it would be safe to assume someone without a car would not operate as effectively as someone with a car. Do employers frown upon the use of public transportation out in the suburbs? Not likely! However, if public transportation becomes a reason for tardiness and such...yes! The ideas, as I am sure you are more than experienced with, is to leave yourself enough time for the possibility of incident in that area. Be up front in an interview regarding this if it is brought up to you. Tell them that you have relied on this for 8 years and it has never been a problem. Also follow up with the fact that the situation is temporary and that your intentions are to be purchasing an automobile shortly. Make sure they understand that the reasons for not having one were due to city living and city employment. Offer them to speak with your former employer who should be able to verify your ability to report for work daily in a timely manner. Good luck on your move!

Note: Nancy Sakol is a licensed personnel professional and President of Superior Personnel in Gurnee. Letters can be sent to Nancy c/o Lakeland Newspapers, P.O. Box 268, Grayslake, IL 60030

How To Survive The Job Search

By Nancy Sakol

Q: Dear...Search: My husband and I have been living and working in the city of Chicago, and have always relied on public transportation to get to and from work. I have given notice to my employer of 8 years as we are about to move to the suburbs do to by husband's transfer. While his company has given him an automobile as part of his new perks, it is apparent that I will have to further rely on public transportation to get to and from however I am able to find new employment. I have been told that it would be best for me to find something very close to home until the time that I can afford to purchase a car. It has also been said to me that employers sometimes will ask on their applications what the year and make of your vehicle is, and frown upon use of public transportation by their employees. Is this true? G.S. - Chicago.

A: Dear G.S.: Thousands of people every day rely on the use of public transportation and manage very well. Besides, with the high cost of operating motor vehicles coupled with the costs of parking in the city, and heavy rush hour traffic, I can see why so many do depend on public transportation. In answer to your question regarding asking for year and make of vehicle, many corporations look upon this question for use before and after the fact. For instance, information may be needed for vehicles parked within a parking lot which is secured. Also, if the position is calling for an outside sales position with their own automobile, for instance whereby the potential employee will need to be hauling around samples, it would be safe to assume someone without a car would not operate as effectively as someone with a car. Do employers frown upon the use of public transportation out in the suburbs? Not likely! However, if public transportation becomes a reason for tardiness and such...yes! The ideas, as I am sure you are more than experienced with, is to leave yourself enough time for the possibility of incident in that area. Be up front in an interview regarding this if it is brought up to you. Tell them that you have relied on this for 8 years and it has never been a problem. Also follow up with the fact that the situation is temporary and that your intentions are to be purchasing an automobile shortly. Make sure they understand that the reasons for not having one were due to city living and city employment. Offer them to speak with your former employer who should be able to verify your ability to report for work daily in a timely manner. Good luck on your move!

Note: Nancy Sakol is a licensed personnel professional and President of Superior Personnel in Gurnee. Letters can be sent to Nancy c/o Lakeland Newspapers, P.O. Box 268, Grayslake, IL 60030

Midfirst Bank, State Savings Bank
 v/k/a Midfirst Savings and Loan Association
 Plaintiff, vs.
 Francisco G. Soto and Jennifer Lea Soto, et al.
 Defendant.

No. 91 C 7255

NOTICE OF SPECIAL COMMISSIONER'S SALE OUR FILE NO. 23337

(IT IS ADVISED THAT INTERESTED PARTIES CONSULT THEIR OWN ATTORNEYS BEFORE BIDDING AT FORECLOSURE SALES)

Public Notice is hereby given pursuant to a Judgement entered in the above entitled cause on February 14, 1992.

I, Max Tyson, Special Commissioner for this court will on June 28, 1993 at the hour of 9:15 a.m. at the front door of Lake County Courthouse, Waukegan, Illinois, sell to the highest bidder for cash, the following described premises:

26885 N. Bernice St., Wauconda, IL 60085

The improvements on the property consists of single family, wood frame, one story dwelling with an attached garage.

Sale Terms: 10% down by certified funds, balance within 24 hours, certified funds. No refunds. The sale shall be subject to general taxes and to special assessments.

The property will NOT be open for inspection.

The judgement amount was \$84,085.64.

Upon the sale being made the purchaser will receive a Certificate of sale which will entitle the purchaser to a deed on a specified date unless the property is redeemed according to law.

For information call the Sales Officer at Plaintiff's Attorney, Fisher and Fisher, 30 North LaSalle, Chicago, Illinois. (312) 372-4784 from 1:00 p.m. to 3:00 p.m., however, under Illinois law, the Sales Officer is not required to provide additional information other than that set forth in this notice.

AT RE/MAX ADVANTAGE

WE OPERATE A BIT DIFFERENTLY...

Antioch/Fox Lake/Ingleside/Spring Grove 1/1/92-6/30/92

This bar graph combines the "sold" residential listing of all office locations and independent offices of each multi-office or franchise organization identified, which listings were sold by such organization itself, or with the aid of a cooperating broker, according to publications of the Multiple Listing Service in the geographic area and time period indicated.

IT MUST BE WORKING!

RE/MAX Agents Out Sell Other Agents 3 to 1 Nationally Because...

...the average RE/MAX agent has over ten years experience

...at RE/MAX, Buyer's calls go directly to the listing agent not to whom ever answers the phone. (Who knows the home better?)

...RE/MAX ADVANTAGE agents are better educated

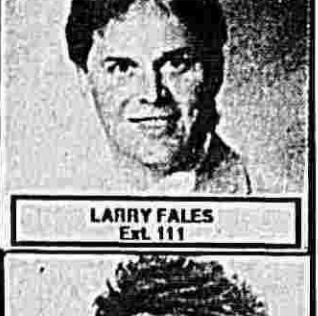

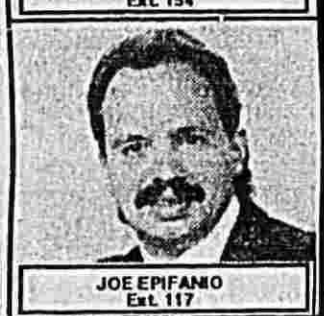

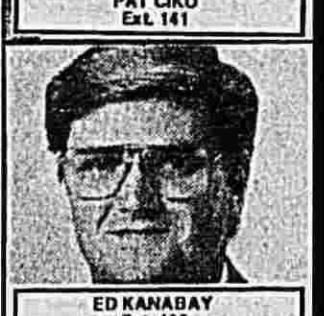

- 33% of our agents are graduates of the Realtors Institute
- 25% of our agents are licensed brokers
- 35% of our agents are licensed in both Illinois & Wisconsin

FIND OUT WHY WE ARE #1!

If you are buying or selling, get the

RE/MAX ADVANTAGE (708) 395-3000

If your home is currently listed for sale with a Broker, this is not intended as a solicitation of that listing.

Where To Worship

Mundelein

Faith Lutheran Church, 1966 Hawley St., Mundelein, held a special offering of letters on May 2. Members of the church wrote letters to Senators Simon and Brown and Representatives Porter and Crane urging them to support the "Many Neighbors, One Earth" legislation that would make reducing hunger and poverty in environmentally sound ways the leading purpose of foreign aid. Currently, the U.S. Government spends \$15 billion, less than one percent of its total budget, on foreign aid. Over half of that goes to military and security aid. Less than one-quarter goes to programs directly focused on reducing hunger and poverty or protecting the environment. The "Many Neighbors, One Earth" legislation calls for increases to programs that have been effective in helping hungry people become self-reliant and in protecting the environment around them. The bill calls for no new foreign aid money. It would instead reprioritize how current funds are spent now that the Cold War is over. Faith Lutheran Church is part of a national offering of letters campaign led by Bread of the World, a Christian citizens movement dedicated to ending hunger. During an offering of letters, people combine their gifts of faith and citizenship to write Congress on legislation that affects hungry people.

Millburn

Memorial Day services will be held on May 31 at 2 p.m. in the small park at the west end of Millburn Cemetery. The services are sponsored by Historic Millburn

Community Assn. There will be a short program, followed by a walk through the cemetery when flowers will be placed on Veteran's graves. Refreshments will be served after the program. Call 362-7567 for further information.

LIPSERVICE

IT'S THE TALK OF THE TOWN

Lakeland
Newspapers

(Continued from page 14)

Don't Be Chicken

I guess the mayor of Round Lake Beach got a taste of his own medicine from a sewer company. That's what he gets for dumping chicken grease down the sewer. He should stop putting the blame on another restaurant, and quit being a chicken. Admit it like a man!

Examine Yourself

You would rather pay for murder than childcare? You should examine yourself.

Sing It Right

I want to make a correction to the people who sing "Take Me Out To The Ballgame" incorrectly. It is "I don't care if I never get back" NOT "ever".

Where Is The Logs

Why is the William's Park Drainage Commission trying to kill local wildlife? They are supposed to put the logs in by May. But every year they say they lost them.

Wants To Quit

Even though we have Mayor Welton, Gurnee must be the best place in the world to live. It seems as though there are never any letters from people in Gurnee. I have called in several times about Woodland School but they are never printed. I think that Lipservice just wants to keep controversy growing. I think we are going to cancel the Lakeland paper.

Cry Uncle

Listen, not all cops are bad. One of them happens to be my uncle!

Coffee Break

Take a ride through Cedar Villa. CHA has already arrived. They have been here for five or six years. Wake up and smell the coffee. I also want to applaud the woman who put in the story about the cat being shot in her own yard. I have a friend whose dog was shot in his yard! The next thing, they will probably be shooting children.

Children Beware

To all the "children" who play in the Washington School playground in Mundelein after hours. BEWARE. We are having you arrested. To the parents of these "children", your kids are going to be arrested and you are going to have to bail them out.

Grandma's Next?

I am from Antioch and I would rather pay for the care of a child than the murder of one. What's next? Killing the elderly?

Scouting

Cub Scouting is alive and well in Round Lake Beach. Thank you to all the leaders who turned my son around. Super Pack 199 is wonderful.

Let There Be Light

I want to say Hi to the Hollow Road person. Not only are the potholes unbelievable, but the lack of lighting at night is terrible.

Who Gets It?

The residents of Forest Avenue just lost their money for the block grant. So, who is going to get gutters and curbs? Devlin Road. Wonder who lives in the apartments.

Gold Faucets

Mr. Cunningham is a wonderful person. Whether or not he has gold faucets is irrelevant. He is a good man with a good mind. Leave him alone.

Hockey Controversy

I just read the Tribune article about the child whose parents are denying 800 children from playing iceless hockey just so his Down-syndrome son can play. How selfish. Remember, I pay taxes and so do the parents of the other 799 kids who want to play.

Woof Woof

I live in Round Lake Park and folks there need to train their barking dogs. With proper training, your dog can feel secure enough that he will not bark all day. Get an anti-bark collar, get your dog some training, get a crate, put your dog inside, etc... This is really annoying.

Pucker Up

If you want some positive comments in Lipservice, the person who complained should start it off. Put your lips where your mind is.

No, No, No

I am an 11 year old girl from Antioch. All of you abortion people, you're naughty. It is bad.

Trades Jokes Not Drugs

I wonder if the same person wrote both "Unwritten Code" and "Shift Party"? Such generalizations about police officers is truly an injustice. I am especially insulted by your accusations about dividing up drugs and alcohol at someones house. I am sure, just before you graduated law school, you covered the subject evidence "chain of custody." Maybe you watched the movie Macon County Line too many times. Yes, we get together and have shift parties. But, we usually exchange humorous stories about people such as yourself and not ANYTHING

else. Did you get a ticket this week?

Still Sad

My sister got an abortion seventeen years ago and still cries about it today. Maybe it is not as easy as the Pro-choicers make it out to be. I got pregnant too when I was young, but I can look at him today.

A Theme

I am from Gurnee and have noticed that there is a shocking theme running through all of these abortion articles. There is a shocking lack of respect of human life.

Please Look For Boo

We were on a trip to Lake in the Hills and my son lost his favorite stuff toy, Boo. He is a ghost. We think he threw him out the window on Rts 176, 31, and Randall Road. If anyone finds him, please post a note in Lipservice. There may be a reward. By the way, I love you Lipservice. Keep up the good work.

Open The Door

In November, District 41 will be made accountable for their actions. Under the table and closed door procedures will not be tolerated anymore. I am from Lake Villa.

Happy Resident

Stand up and take a bow Planning and Zoning Board of Fox Lake. Our hats are off to you. Thank you for stopping the yes vote on the asphalt plant. You know who you are. And so do we. We salute you!

Field Trip Hijinks

I was visiting Centennial Park when the Antioch High had a field trip there. The supervision of these kids was terrible. I saw kids smoking! If teachers are going to take kids on field trips, they ought to be more responsible.

Step Backwards

Congratulations to the Lake Villa School Board. We are back where we started from, broke and corrupt. Maybe you can manage to give Mr. Camp a heart attack.

Brand Name Service

People want something for nothing. I am a childcare provider I am always asked "How much do you charge, Why is it so expensive. That's too much." They are putting a price tag on a child. If you pay a generic price, you are going to get generic care.

Coleman ends prep career with state title

Libertyville's Becky Coleman strides out en route to a 3,200-meter run state title.
— Photo by Steve Young

Pats' Joyce double dips; soph vaulter on to state

Changing to a new pole and finding a new event made all the difference for one young Libertyville track and field athlete.

Meanwhile, the Wildcats' James Duncan, Chris Brown and the 3,200 meter team and Pat Joyce of Stevenson will be the veterans of the area competitors at the state track and field state finals at Eastern Illinois University.

"He started out in gymnastics but was injured. Our athletic director," Libertyville Coach Ron Long said of Dan Lutz.

The sophomore cleared 12-0 in the pole vault at the Stevenson sectional track and field meet Friday. He was using a new pole for only the second time.

"My goal is to break the school record, which is 14-1," Lutz said.

He will have two more years to strive for that mark, as he is only a sophomore.

Libertyville was the top area team finisher with 88 points in the meet won by Waukegan with 126. Antioch was third with 50 points, followed by Stevenson and Carmel with 36. Warren had 34. Stevenson's Pat Joyce was a double winner yet again. He won the 3,200 over Brown in 9:08.5 and the 1,600 in 4:19.8.

"He had a plan and he implemented it," Stevenson Coach Hank Andrew said.

He was challenged at the start of the 3,200 meter run by Jason Gannt of Grayslake. The young Ram ended sixth.

Three runners will qualify in the 1,600. Nathan Westin, a senior, and Chris Brown of Libertyville.

Tony Riggstein of Mundelein just missed qualifying in the 1,600, by eight-tenths of a second.

"He was mentally ready for the race. He knows he can do it. He will be all right next year," coach Dave Sibley said of the junior.

Duncan's 200 meter dash effort of 21:7 was good enough to beat the other qualifier, Ayessa Lartey of Warren.

(Continued on Page 60)

Stevenson's Pat Joyce cruises during one of his two sectional triumphs.
Photo by Bill Carey

The next time Becky Coleman limbers up for a track and field meet, all competitors in Illinois may be breathing a sigh of relief.

For Coleman will be donning the yellow and black of the University of Iowa next after capping off a successful high school career with a state title. She left the rest of the field in the dust with a 10:46 run in the 3,200 meter run.

"She is going to do a good program at Iowa. There is no reason her success cannot continue," Coach Jim Seward said.

"The next fastest runner was 16 to 17 seconds behind," Seward said. "No one was close to her."

Coleman, state cross country champ last fall, bettered her own school record by 18 seconds. "We figured she would be between 10:45 to 10:47, but we did not think she should win by that much," Seward said.

The Wildcats garnered 11 team points, with Coleman accounting for 10. The other point was scored by the 3,200 meter run for eighth place.

"We switched Angela Morris from second to fourth," Seward said.

The order of Emily Velotta, Katie Leffelman, Stacey Krucic worked out well to a time of 9:48.99.

In field events, Stevenson's Danielle Mall finished third with a 130-2 in the discus, 10th in the high jump. Antioch's Dana Thompson had a 5-0 in the high jump.

Chandra Kotty had a surprise in store for herself and Coach Art Campbell.

"In the training and the day before, she could not get to 39 feet," Campbell said.

Her 128-5 was a school record in the discus, and good enough for fifth place and a medal.

"Her confidence level was up coming into the meet. She enjoys it and likes it," Campbell said.

He mentioned Kotty's efforts are

attracting interest from colleges.

In the Class A meet, Wauconda's Amy Scharlau had a 5-0 effort, just missing a medal for ninth place. The 400 meter relay team of Majka Majewska, Scharlau, Amy Winther and Andy Harris had a 51:7.

"They did fine but we did not have a burner who could bring it home," Wauconda Coach Al Willhoit said.

Wauconda's Majka Majewska finishes a 100-meter dash heat at state.

Manuel named Loyola women's basketball coach

Antioch native Tracy Manuel has been named women's basketball coach at Loyola University in Chicago.

Manuel comes to Loyola after heading the women's basketball team for one year at Lewis University. She took a team that finished 6-21 in 1991-92 and turned it into a 12-15 squad in 1992-93, despite not having the opportunity to recruit any new players. Before that she was an assistant coach at Indiana University from 1988-92, where she also served as recruiting coordinator.

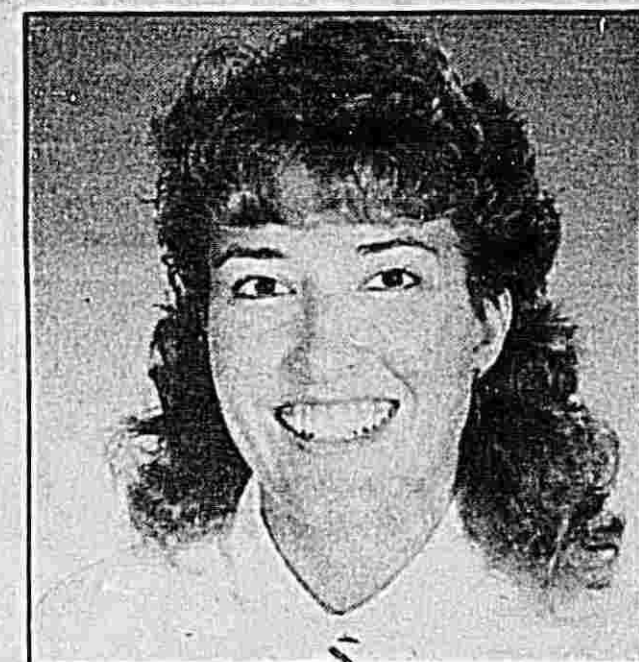

"We were very impressed with Tracy's enthusiasm and her desire to take the Loyola women's basketball program to the next level," Loyola Athletic Director Chuck Schwarz said. "She has both Big Ten experience as an assistant and recruiting coordinator and she also has been a head coach at Lewis. Her desire, ability and experience makes her a natural choice for Loyola."

"I think it's a great opportunity," Manuel said. "Loyola is a great university, with a Division I program in Chicago. I see those as the keys to having a successful program."

At Indiana, Manuel helped recruit the team that took second place in the Women's National Invitational Tournament in 1991. She also worked with the Hoosier's post players and monitored the player's academic progress. Before that, she was the graduate assistant coach at Central Michigan University, from 1986-88.

"It's great to be at Loyola and it's because of all my past coaching experiences

that I have this tremendous opportunity," said Manuel. "One of the most important things, especially for women, is to get a degree. That's what college is all about,

Tracy Manuel

the student always comes first in student-athlete."

"I like a disciplined program that is organized from the top to the bottom," Manuel said.

Manuel graduated from Antioch High School in 1982 after a stellar prep career. She began her college playing career at the University of Illinois-Chicago, where she set records for points and rebounds in a single game. She also played two seasons at DePaul University, from 1984-86, captaining the squad in 1986.

No four-peat for Wauconda in baseball tourney

Wauconda pitcher Steve Waldo rolls the dice in regional play. — Photo by Bill Carey

by STEVE PETERSON
Lakeland Newspapers

Right until the end, when their season was ended by a ground ball to third base, the Wauconda Bulldogs thought they could do it.

But an eight-run deficit proved to be just too much for Wauconda to overcome in the championship game of their own regional. For the first time in four years, someone else will be making the trip to the Class A Aurora Sectional as the Bulldogs were eliminated by North Boone 10-5.

"We had a lot of big innings this year and right up until the end the players thought they could do it. We had a young team on paper with only three seniors and I can't say enough about the seniors," Wauconda Coach Jim Van Fleet said. "A 21-8 record is a lot to be proud of."

Steve Waldo, one of the three seniors, got roughed up by wind-blown plays and opportunistic North Boone hitters. North Boone scored four runs in the second inning just two singles.

"We wanted to go with

Waldo as long as we could and then bring Byron Johnson in. We have our best team on the field when Waldo is pitching," Van Fleet said.

Waldo was coming off just one day of rest after earning a 4-2 win over St. Edward in the regional semifinals.

The high scoring Vikings tallied 24 runs in two games.

North Boone Coach John Rutland said he decided to go with senior Keith Krieg 30 minutes before the start of the wind-blown game.

"I could have gone any one of three ways. With the wind, I thought Krieg would be the most effective pitcher," he said. "In this wind, you want your pitcher to throw strikes and be ahead of the batters."

Krieg (8-1) did just that. Wauconda had runners on base each inning, but could not get the key hit.

Johnson had two of the hits, including an RBI double in the seventh for a 10-3 margin.

A wind-blown hit by Ron

Lindsay scored two more runs. The centerfielder was charged with an error.

North Boone, 22-1, gained the lead in the second on singles by Dan Herman and Scott Kicko. Two Wauconda errors helped prolong the inning.

"All the pressure was on them," Rutland said.

Tourney notebook: the regional final was the first title for North Boone...seven of the 10 North Boone players competed in the Class 1A state football title game...Wauconda fans thought they got jabbed by the umpire on a play in the fifth inning. With two runners on base, Kicko hit a ground ball. A rundown at third base ensued, but the umpire called interference on the Wauconda infielder and all hands were safe. Dennis Dresser then blasted a three-run triple for a 9-1 lead...Touching scene occurred when a Wauconda fan tossed a ball to a youngster who had been denied a foul ball. It probably made his day.

Illini Club golf outing June 21

The Chicago Illini Club, a regional affiliate of the U of I Alumni Association, will hold its annual golf outing Monday, June 21 at Silver Lake Country Club in

Orland Park.

Special guests will be Coach Lou Henson and AD Ron Guenther. Call Jim Fessler at 923-6055.

Condell Open June 4

"We have a very special day planned for the Condell Auxiliary's 1993 Golf Open on Friday, June 4 at Midlane Country Club in Wadsworth," said Bob Schachner, the chairman of this year's outing.

"Peter Longo, the renowned trick shot artist, lunch and dinner and a live and silent auction with terrific prizes are all part of the event. Prizes include a special California vacation package at Laguna Niguel, a luxurious condo vacation on Bayside Captiva Island in Florida, and a sunset cruise from Belmont Harbor in Chicago," said Schachner.

In addition, a brand new car is also part of the auction along with a grand raffle prize of \$10,000 in cash to be awarded that evening.

The Auxiliary of Condell Medical Center has sponsored the Golf Open for the past 13 years to raise funds for the hospital. The proceeds this year will be used to fulfill the Auxiliary pledge of \$1 million for the expansion and renovation of the Oncology/Hematology Center on the medical center campus in Libertyville. The pledge, to be fulfilled over a three-year period, is the largest ever for the Auxiliary.

Cancer diagnoses and treatment at Condell have increased significantly. In addition to inpatient care, Condell provides a wide range of services for outpatients and their families, such as physical therapy programs, home health and medical equipment services, mammograms, support groups and Hospice.

For more information about the Condell Auxiliary's 1993 Golf Open, call Nancy Clark at 362-2905, ext. 5678.

Muellemann hits, pitches Panthers to title

by STEVE PETERSON
Lakeland Newspapers

The problem was nothing that a change in bat here and a little more determination there could not solve for the Round Lake baseball team.

Yes, the Panthers were pushed to the final day of the regular season. But on the strength of seven runs in the first two innings, the Panthers successfully defended their Northwest Suburban Conference title with a 9-6 win over rival Grayslake.

"I just changed bats," Scott Muellemann said.

The Round Lake swinger clubbed three hits — a triple, single and double — and shut out the Rams rally bid in the final two innings.

"Winning the conference title again has been our main goal," he added.

The Panthers exploded early and often against Grayslake starter Scott Schupp.

"Our biggest key was Justin Koski going five innings. Justin did an outstanding job. He fired the ball. He has not pitched a lot this year in other positions in catching, the outfield," Round Lake Coach Jim Prorok said.

The win was Koski's third in four decisions.

"Our hitting came back today and did an outstanding job," the coach—just doused

with a bucket of water—said.

Muellemann is the leading RBI producer for the Panthers and had three in the three-hour struggle.

Scott Ellenwood had a sharp single to start the game and Clint Rodriguez followed with the same. Muellemann's triple then cleared the bases. After Vinnie Lira walked, a Joe Meyer double staked the visitors to a 4-0 lead.

Ed Martinek started the second with a single, and a walk to Rodriguez and singles by Muellemann and Mike Niemczyk added up to three runs and a 7-1 lead.

Vinnie Lira clubbed his first homer of the year for a seven-run lead in the fourth.

"We're just improving. We had a let-down earlier in the week, but we came back like champions. We had nothing to lose. The worst we would have been was tri-champs," Prorok said.

Round Lake (11-4) is first while Grayslake ended third at 9-6 in the NWSC and 10-10 overall.

Grayslake found itself down 9-2 entering its fifth inning. The Rams, though, did not fold and instead rallied.

Steve Taylor singled and one out later Schupp and Rusty Welch walked. Bill Guenther reached on an unsuccessful fielder's choice, scoring Taylor. Jason Heine-mann pulled the Rams to within three

runs on a two-RBI single.

Johnathan Daniels, the who has lived in both Grayslake and Round Lake school districts, was holding the visitors in check. He recorded five strikeouts in 3 1/3 innings.

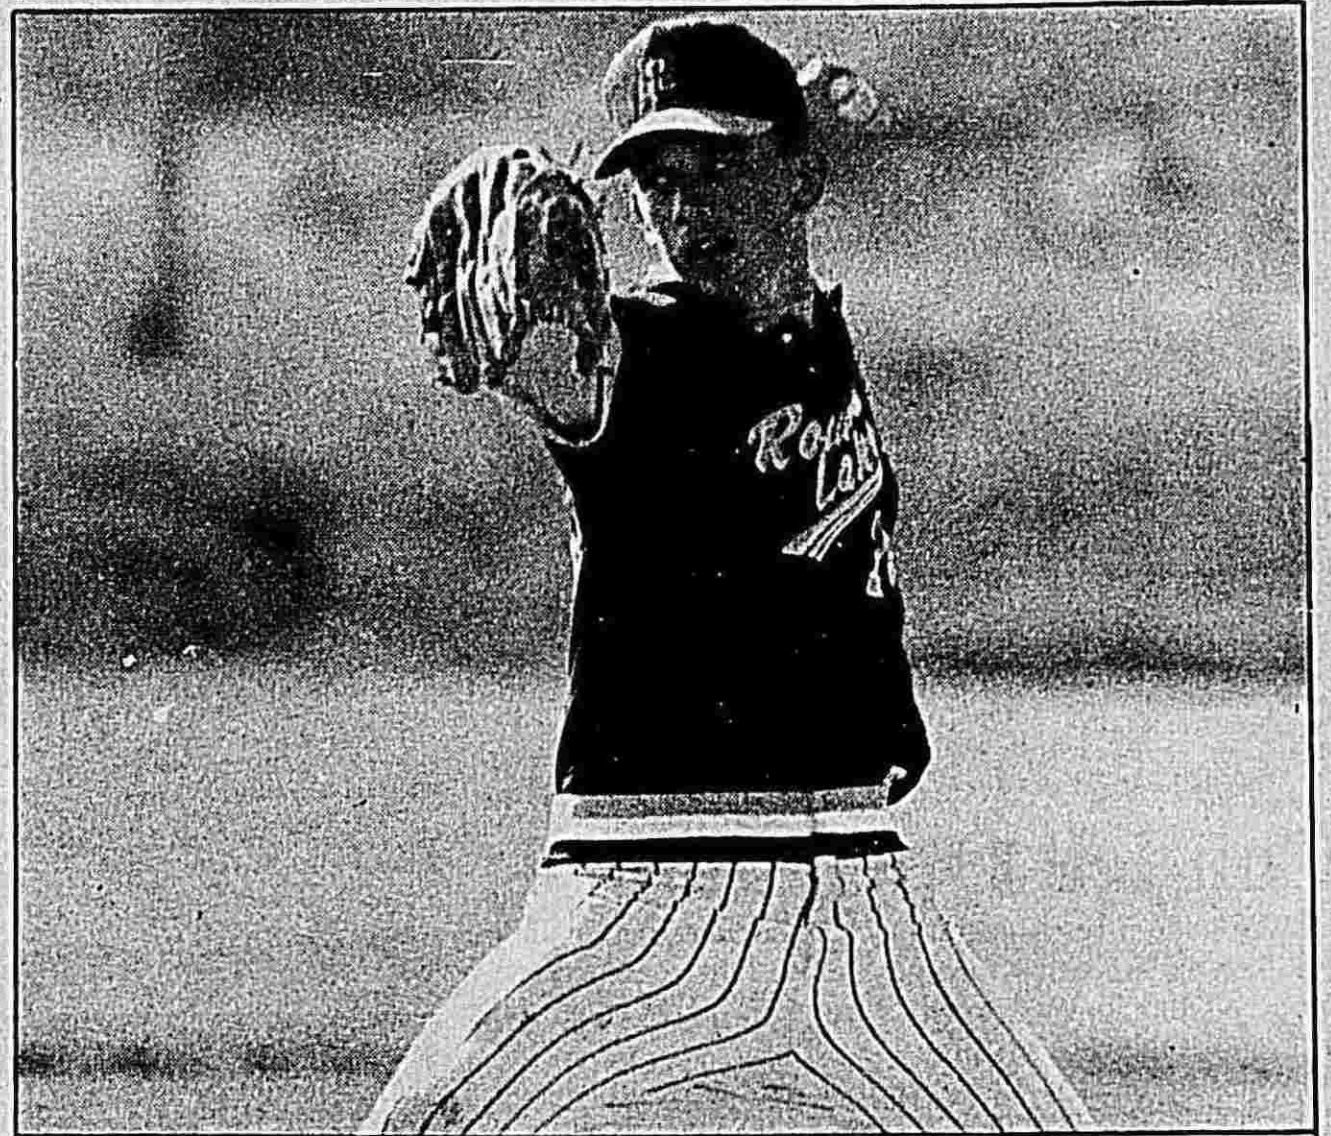

"Daniels did another good job. He did that at our place (a 6-3 Grayslake win). He's a junior; he is coming along," Prorok said.

"We gave up too many runs and fell short there. That's the difference. I'm proud of the guys; they did not quit. We

thought we could win. We were very confident; but the guys did not give up," Grayslake Coach Troy Harper said.

"Daniels did a nice job of stopping them; he really did. He had a hard time throwing strikes because he was one-dimensional with the fastball. He is really starting to work on his curveball," the rookie coach said. "He's working on it. He's a competitor. He does not like to lose."

The Rams face Libertyville in the first round of the Waukegan regional.

Warren's Rich goes by the book to singles title

by STEVE PETERSON
Lakeland Newspapers

Midway through this tennis season, Andy Rich needed some inspiration.

Warren girls tennis coach Chris Cowal came to the rescue, letting the senior borrow the book, "The Inner Game of Tennis." On Saturday, Rich followed the theme of the book to a T as he beat Chris DeVore of Zion-Benton 7-6 (7-5), 6-1. Rich had lost to DeVore in dual-meet play.

"There was a lot of mental toughness. Once I beat him in the first set, it was a matter of jumping on him in the first game of the second set. I kept my mental attitude and kept going," Rich said.

"He really kept the pressure on him in the second set," Warren coach Pete Campbell said of Rich.

The result was the sectional championship at McHenry for Rich. Rich had earlier qualified for this weekend's state meet by defeating John Wolfe of Grayslake in the semis 6-0, 6-1.

"He played really great," Wolfe said. Wolfe then downed teammate Con O'Donnell for the third of four spots. O'Donnell claimed the fourth singles spot in qualifying for the state meet at Hersey this weekend.

Warren defended its sectional title at McHenry with 26 points. McHenry had 23 points, Round Lake 16, Waukegan 14, Grayslake 13, Zion-Benton 12, Antioch eight, Grant four. Harvard and Johnsburg did not score.

The season has not been a cakewalk for Rich. In fact, it took the wins Saturday coupled with a tourney win at the Warren Invitational last week to improve over the .500 mark at 13-11.

"At the beginning of the year, my mind was not in the game. I was playing bad, over anxious, too aggressive. I think my game has matured a lot. I have more shots in my arsenal and am more consistent and have better strategy," Rich said.

He is qualifying for the state meet for the second straight year. He played second doubles with Brent Mackie last year. He was second singles his sophomore year.

"Doubles helped my serve and my game because there is more strategy. I hit the ball where I wanted to," Rich said.

"I knew I could beat Wolfe. I beat him before. There was pressure there because I watched him in his previous match and I knew he was playing well. I just had to play well. Once you get to the finals, you can just relax," Rich said.

Coach Campbell pointed to a doubles match won by Pete Kozlowski and Hilary Negele. The Warren team was down 4-0, 5-1 to Antioch but came back to win the match.

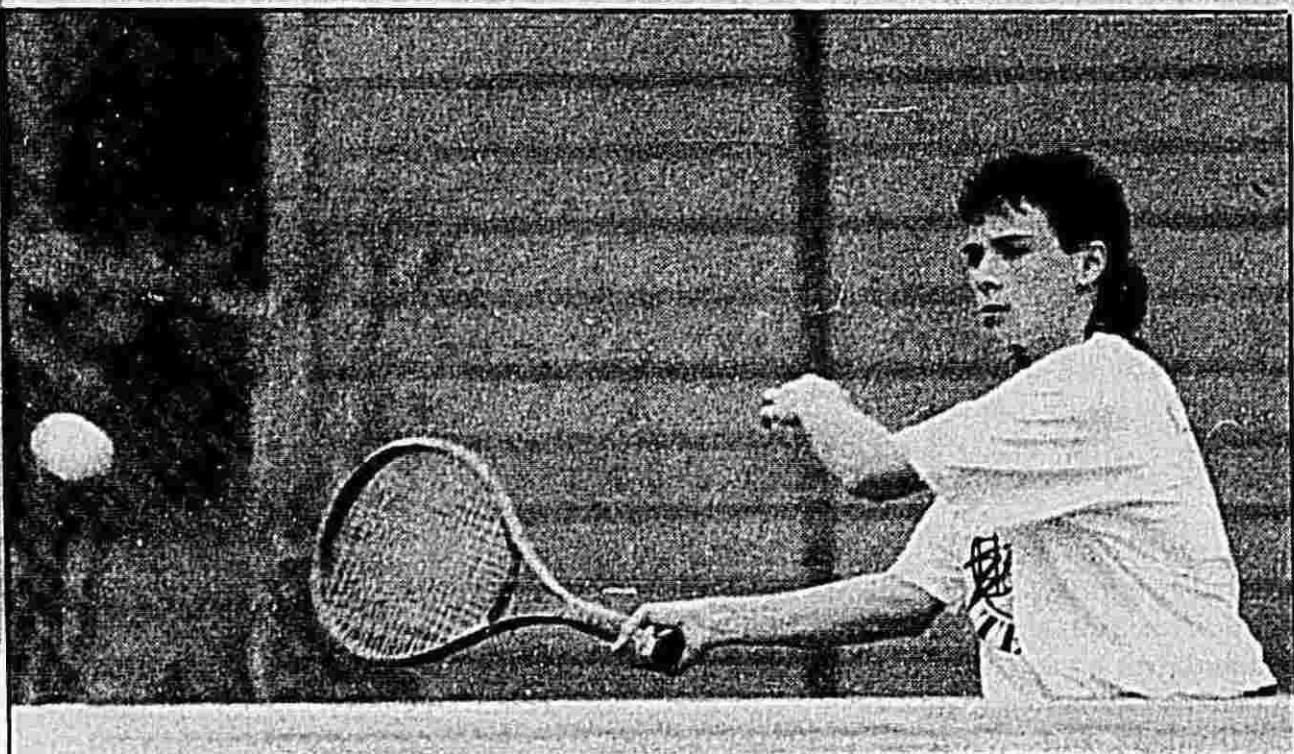

The Mackie and Tony Largo doubles team advanced to the finals before losing to the Chervin brothers of Waukegan 6-4, 6-4.

For Grayslake, Coach Paul Keller pointed to early doubles losses.

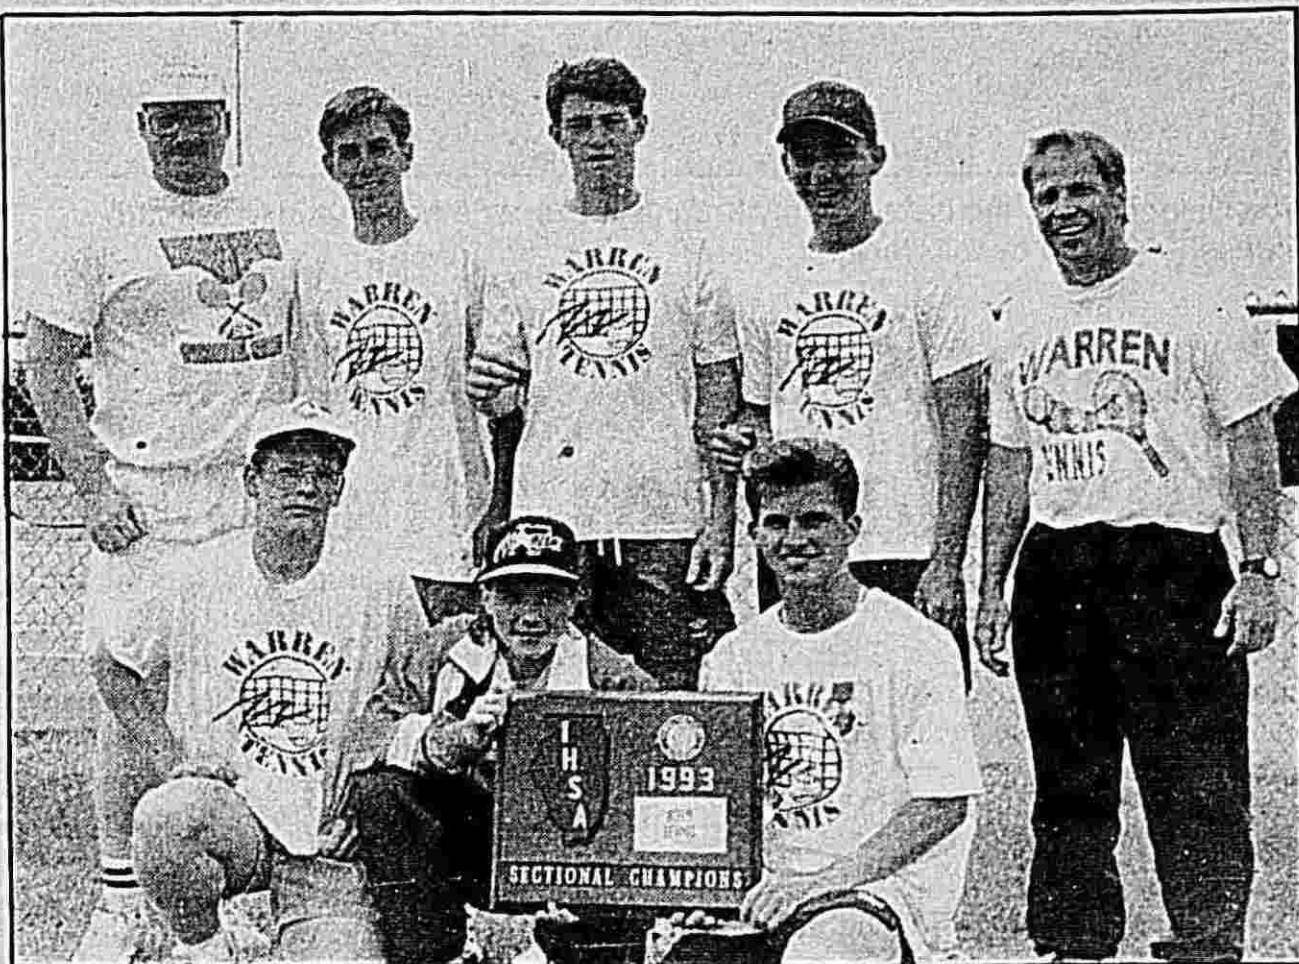

"Both doubles teams lost three set matches, or we would have been right there. That has been our history this year — losing the three-set matches.

Wolfe earned a spot in the semis by outlasting Mike Kileen of Zion-Benton. After losing the first set 6-4, the Northwest Suburban Conference first singles winner Wolfe prevailed 7-5, 6-2.

Round Lake was paced by Dave Thomas. O'Connell ousted him in the sectional quarterfinals.

Warren's Kevin Klinesmith returns fire during the Warren Invitational. — Photo by Bill Carey

Warren Twp. High School's tennis team successfully defended its sectional championship at McHenry. Front row from left: Hilary Negele, Kevin Klinesmith and Brett Mackie. Second row: assistant coach Greg Cohen, Pete Kozlowski, Andy Rich, Tony Largo and head coach Pete Campbell.

Golf against diabetes June 21

On Monday, June 21 the McHenry County Foundation will hold its Third Annual Golf Outing and Dinner Auction at Bull Valley Golf Club in Woodstock. The American Diabetes Association is the beneficiary of 60 percent of the funds raised and the remaining funds will be used throughout the year for emergency distribution to individuals in need throughout the county.

The event begins at 10 a.m. with a golf clinic, followed by lunch and a shotgun start at noon. A delicious dinner will be served at 6:30 with an exciting live auction after dinner. The golf package —

which costs \$250 per golfer — also includes a motor cart, and plenty of extras including a jacket, and for-caddie. Dinner and auction tickets can also be purchased separately for \$50 per person.

Last year, the McHenry County Foundation awarded a donation to the American Diabetes Assn. which was used to send children from McHenry County with diabetes to summer camp. This year, funds will also be used to send children and teens to diabetes camp.

To attend the golf outing or dinner auction, contact Judy Kentor at (815) 338-6484.

SUNfloat

Your very own island for fun in the sun!

•Lightweight, Portable

200 pounds maximum. SUN FLOAT is easily handled by two people. Has grips for lift and carry.

•Unsinkable, Safe

Won't tip or sink. Filled with Polyurethane foam for positive flotation. Supports 2 tons.

•Completely Secure

Easily anchored to secure SUN FLOAT offshore for the summer. Anchor holding is rated for 2 tons of pull.

•Completely Maintenance Free

SUN FLOAT requires no special care, painting or fussing thanks to its sturdy, durable urethane and off-plastic construction.

Martial Arts can help your child gain self-confidence, improve concentration and develop self discipline.

Tae Kwon Do has improved both Randy's and Tiffany's self confidence and feeling of self worth dramatically.

They have proven to themselves that they can achieve goals that they thought unreachable. In particular the "Never give up" attitude has crossed over into their school work.

Where he used to shrink from anything new and different he now accepts the challenge readily, and is willing to keep trying until he conquers whatever it is the teacher presents to him.

The biggest factor has been the "family" atmosphere that exists in class. Everyone helps. Everyone is friends. Therefore, no one is left out.

Mrs. Valerie Stevens

Sidekicks offers convenient schedules six days a week as well as a wide variety of programs tailored to meet your needs. Our structured children's programs are all taught by qualified black belt instructors. Best of all, your child will not only learn martial arts, but have fun doing it as well. Call Today!

Russians show they do know American football

by STEVE PETERSON
Lakeland Newspapers

As a quarterback at New Trier High School, Matt Wickline may have been used to hearing a little "trash" talk on the football field.

You know. Stuff like "Your mother wears Army boots" — and worse.

But in his first game as a semi-professional football player, that tactic did not exist.

"We could not intimidate them verbally because they did not understand the language," Wickline said.

For the Lake County Knights opponents this very rainy Sunday at North Chicago Community High School did not come from Gary or Milwaukee, but Minsk in Byelorussia — formerly part of the Soviet Union.

About the only group that did not get drenched was the Highsteppers, a drill team from North Chicago.

The Russians showed they could run the simple, straight up-the-middle plays to the fancy reverses in a 19-13 loss to the Knights.

"I hope our next trip to the United States is better. We only have 25 or 26 players and the United States teams have 45 players," said Oleg Morozov, co-owner of the Minsk Zubrs (Bison).

"This is a wonderful experience for us. Win lose or draw, we can learn from these games," said Gene Pyatenko, Minsk team co-owner.

Knights Coach Tom Nelson said the game was a plus for his team.

"We had a little letdown at the beginning of the second half. They are a seasoned team with four or five games under their belt. We have only been practicing for four weeks. We ran only five plays on offense," Nelson said.

Quarterback Gordon Bittner turned in what Nelson called a "consistent" performance. He threw a five-yard TD pass to Cliff Paul in the second quarter and ran for a touchdown in the third quarter. The other score came on a 30-yard run by Kirby Colbenson.

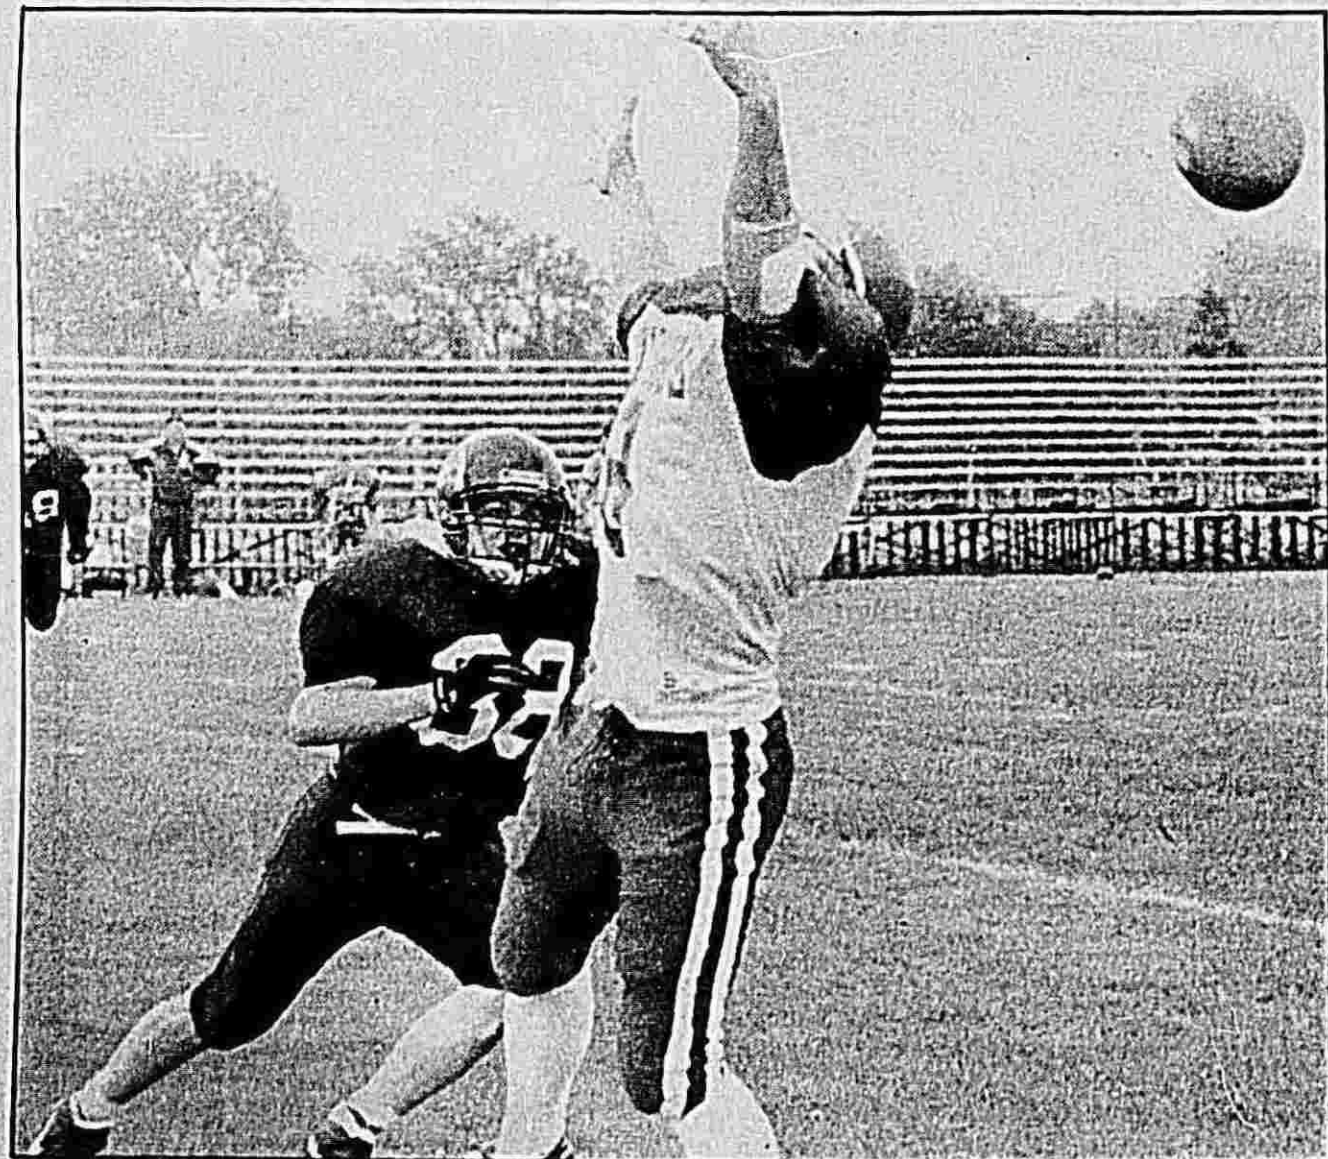

The Minsk team showed its defensive skills when Kiril Petrovich intercepted a pass. Two plays later, Vladimir Novikov outran the Knights secondary on a 70-yard touchdown pass from Igor Golonov.

Novikov capped off an 80-yard drive with a three-yard TD run for a 19-12 deficit. The extra point made it 19-13.

But that's when the Knights defense took over. Steve Garner knocked down a pass deep in Knights' territory and Dennis Lane stopped a reverse.

For players with names of Alekzander, Igor, Vladmimir, it was time to relax and relish their visit to Chicago. For the public address announcers, it was time to be thankful the next opponent will have names like Gordon, Dale, Jack and Kevin.

The "real" preseason games loom just weeks away for the second-year team.

Alekzander Mikchilovsky of the Minsk Zubrs can't hang on to a pass as Lake County Knights cornerback Jacob Yukna closes in. — Photo by Bill Carey

Bears register unbeaten FVC season, tourney next

Lake Zurich girls softball coach Joe Kedizor knew what he was doing when he down-played the Bears clinching their second straight Fox Valley Conference title.

"We clinched the title a week and a half ago, but we wanted to go undefeated in the conference," Kedizor

said.

The Bears had to rally, but pleased the home crowd with a 5-3 win over Jacobs Friday. It took two runs in the sixth inning to do it.

Amanda Leineberg won for the 14th straight time and Lisa Konkko gained the save.

The key hit was by Vicky Krenchenko, a two-run

triple in the sixth.

Both teams had seven hits. The Bears, 14-0 in the FVC, finished the regular season 22-1. The Bears are the second seed in the Dundee-Crown regional and hosted seventh-seed Palatine May 27. Semifinals are May 29 with the final June 1 in Carpentersville.

Stevenson outlasts Loyola, prepares for own regional

Stevenson High School's baseball team secured a tie for second place in the North Suburban Conference and won a wild one in non-conference action as the regular season drew to a close.

The Patriots (24-9-1) shutout Fenton 7-0 behind the pitching of Kevin

Fredrick. The senior helped his own cause with a double and a triple.

It was the Turnbull combination which helped to outlast Loyola 9-8 Tuesday.

Stevenson led 9-1 before Loyola scored six runs in the last two innings.

Jeff Turnbull gained the win, his ninth win 10 deci-

sions. Pete and Jeff Tuftbull were two-for-three. Jeff had two RBIs, Pete one.

Fredrick continued his hot hitting with three RBIs.

Stevenson is the second seed in its own regional. The hosted Deerfield May 27. Semifinals are 10 a.m. and 1 p.m. May 29 with the final noon Memorial Day, May 31.

Dramatic homer, 20th win top Wildcats stretch drive

Libertyville's baseball team had two games left on the regular season slate, but few could ever hope to be as dramatic as the one between Libertyville and Zion-Benton.

Sexton Rose is involved in every play as a catcher, but his hitting chores have been limited and he has been designated-hit for as of late.

"He had been doing a nice job of catching but the last few games he looked good as a hitter," Libertyville Coach Jim Panther said.

That is why the junior

was allowed to hit in the 10th inning with two out and Adam Jacobson and Shawn Park on base. Rose belted a three-run homer for a thrilling 10-9 win.

The win kept the Wildcats in a tie for second with Stevenson at 10-4. That is how the season's race ended. Libertyville downed Zion 6-3 but lost to non-conference Waukegan 8-5 to close out the regular season. The Wildcats battled Grayslake seeking a spot in the Waukegan regional semis May 29 at Bowen Park.

Dave Bernstein started his first game of the year and was staked to a 6-0 lead and that lasted for three innings. The Zee-Bees rallied, and Adam Jacobson had to win his second straight game in relief.

"Bernstein pitched a good game," Panther said.

The Wildcats split with Stevenson. Stevenson won the first game 4-3 but Libertyville held off the Pats 11-10.

"We could have won two or lost two and we ended up with a split," Panther said.

Libertyville's strong finish earns spot in regional final

Libertyville High School's girls soccer team got its offense into high gear as the Wildcats scored nine second-half goals to oust St. Viator 11-0.

The win advances the Wildcats to the regional title game played May 27 against Prospect. Prospect shutout Antioch 2-0 in Stevenson sectional tournament play on Monday.

"I told them to keep

putting the pressure on and their defense would break down," Libertyville Coach Andy Bitta said.

Wildcats fans did not have to wait long for the offense to get started. Eric Chung scored the first goal two minutes into the match.

Junior forward Jenna Sorenson scored the first of her two goals to close out the first half. Kristin Bachochin, Bethanie Hopma each scored two goals.

Renee LaVista, Mandy McLean, Allana Domas and Susan Oboikowitch scored once.

Stevenson closed in on the .500 mark with a 9-10-3 mark with a 7-1 win over Wheeling. Tricia DeClark scored three goals to lead the way.

"St. Viator had six or seven shots on goal, but nothing we could not handle," Bitta said.

Joyce

(Continued from Page 55)

"I felt good except at the end. I feel stronger about the 200. The 100, we will just have to wait and see," Duncan said.

Interestingly, Duncan was running after a week without much practice due to the flu. Westin was also fighting the illness.

The 3,200 meter relay team clocked an 8:03.7 with junior Mike Schnieders, senior Jeff Zematis, senior Mike Crane and Westin. "The 3,200 meter had a great race," Long said.

Josh Painter of Carmel had a 1:58 in the 800 meter run as the senior was nipped at the wire by Lake Forest's Andrew Fritts.

Warren's 400 meter relay team qualified with a :44.2. Senior Mallory Baker, sophomores Rob Mondonero and Stacy Boye and Larley comprise the race.

"The team really supports each other and gets along well. That is a big factor," Ron Taulu, Warren coach, said.

Dave Kelton of Libertyville rounds out the qualifiers with a 15.0 in the 110 meter high hurdles.

Wauconda's Amy Scharlau clears the high jump bar during the IHSA state meet.

Chiefs claim second place, both squads gain victories

The Lake County Chiefs are back. The youth baseball organization has won 20 wins between two teams and finished second in a round robin tournament.

The 11-year old Chiefs are preparing for a tourney in Wheaton while the 12-year olds are back in Palatine again Memorial Day weekend. It was in Palatine the Chiefs gained a second-place trophy.

The Chiefs downed Hoffman Estates 10-1 in the opener of the Palatine tourney. John McEvilia was

three-for-four and was the winning pitcher. John Glatt of Riverwoods was two-for-three.

Next came Frankfort, which gave coach Art Mansavage's team a run for its money. The Chiefs had to rally in the seventh inning for a 4-3 win. Anthony DiClementi of Deerfield had the game-winning hit, a double. Dustin Dobslaf of Deerfield was the winning pitcher. Walter Hinsin of Waukegan was two-for-three.

"That was the best game

of the day," Mansavage said.

The Chiefs knocked off Palatine, a team they would hear from later, with a 11-5 win behind winning pitcher Clark Collins. Hinson and Joe Ratleff had two hits, Wesley Peete three hits including a home run.

Palatine proved to be Lake County's undoing in the championship round, with an 11-5 win.

Mansavage, state AAU director, said plans are in the works for a 10-year-old team. Call him at 945-9606 to arrange a tryout.

Pats start with shutout

Stevenson High School softball Coach Larry Fredrichs may have found himself in a good-news, bad news situation Thursday.

The good news is, of course, that the Patriots are playing that day in the regional semifinals of the Mundelein softball tourney. The bad news, is they faced the top-seeded Mustangs.

"We lost to them 22-1 in the first game but 6-1 in the second game and we were right in it," Fredrichs said.

Stevenson ousted North

Chicago 17-0 as Tina Lear threw a two-hitter.

Evon Wang set the Stevenson stolen base record with one in the fourth, her 27th of the year. "We have three girls on the team who can run now as Christy Miller has been with us for 16 or 17 games. That is something you can't coach," Fredrichs said.

Miller showed her home run power against Wheeling with one in a 9-5 Pats win.

"Lear threw pretty well. In the 10 years I have been

hersd, seldom have we had anyone have more strikeouts than walks," Fredrichs said.

Rachel Field led the offense with three hits.

If the Pats upset Mundelein, they would play in the semifinals at 10 a.m. May 29. That would be a good news, good news situation in Lincolnshire.

In other first-round regional games, Waukegan is at Cernel, Zion-Benton at Lake Forest and Warren at Libertyville.

Dunlevy, Bulldogs' bats come on strong in tourney

by STEVE PETERSON
Lakeland Newspapers

Grant High School's baseball team picked a good time to get hot. Even when the weather wasn't.

Most of the 1993 season has been a struggle on the diamond at the Fox Lake school. But the Bulldogs gained two wins in the last week, improving to 8-13 overall.

The latest win was the most important, a 3-2 victory over Antioch in the preliminary round of the Waukegan regional. The win advances the Bulldogs to face Round Lake for the fourth time of the season May 27.

Dan Dunlevy gained the win, striking out 11 Sequoias. He also won in a 7-0 shutout of Johnsburg.

"In his last three games, he has thrown for 21 innings, given up 14 hits and had 22 strikeouts and just two walks. He is throwing with more confidence and is

throwing better," Grant Coach Fritz Kazlauskys said.

Antioch, which finished the year at 4-20, took a 2-0 lead as Mike Wulf singled and was sacrificed to second. Dave Jones bunted him to third and Matt DiMartini drove him home with a single. Adrian Picard's RBI single made it 2-0 in the third inning.

"He has been coming along pretty well. He was hurt for two or three weeks and that hurt us. He makes a lot of contact," Antioch Coach Paul Petty said of Picard.

Grant countered in its fifth inning.

Lou Notraino's double drove home Brett Bending. Adam Von Bruenscheuheim tripled and he scored the winning run on a sacrifice fly by Dave Stone.

"We have been playing real good baseball of late. We lost to Mundelein 4-2 but I thought we played

well there. Of our conference losses, we held a lead going into the last inning in seven of them," Kazlauskys said.

Stone, a sophomore, leads the Grant hitters with a .464. Stone was named to the all Northwest Suburban Conference team.

Antioch's losing pitcher was Erick Eckenstahler.

The Sequoias finished the North Suburban Conference at 2-14. Antioch split with Warren, winning 7-5 but losing 4-3.

"The last three weeks of the season, we have been playing closer to our potential," Petty said.

DiMartini, Casey O'Connor, Eckenstahler and Harry Schmid all return next year.

"The first game against Warren was out best hitting game of the year," Petty said.

Di Martini was three-for-five with three singles and Picard had a home run.

Gym Shorts

Mundelein's Ashley Struggles is hitting at a .311 clip as she and her DePaul softball teammates enter the National Invitational Championships at Macomb.

Keith Lindbloom from Lindenhurst and Mark McDonough from Round Lake are members of the Augustana College baseball team. Lindbloom is a freshman pitcher and catcher, while McDonough is a sophomore pitcher.

The Oakwood Racquet & Health Club in Waukegan is taking sign-ups for men's and women's doubles sand volleyball tournaments June 5 and 12. Call Kathy at 336-7444.

Over 300 cars are entered for the 38th Annual Olympics of Drag Racing at Great Lakes Dragaway in Union Grove, Wis. Saturday, Sunday and Monday, May 29-31. Monster

truck races and an exhibition by the 50-foot Robosaurus round out the event. The track number is (414) 878-3783.

Bears safety Mark Carrier will be on hand Saturday from noon until 2 p.m. during the CBS Sports Challenge '93 Tour stop at Gurnee Mills May 28-30.

The Seventh Annual Heart Association Celebrity Invitational with Kevin Butler and Friends will be held Monday, June 7 at Rolling Green Country Club in Arlington Hts. A host of Chicago sports stars will participate. For more information, call 253-0400.

The College of Lake County is offering Sport First Aid and Sport Nutrition this summer. Both classes begin in June. To register, call 223-1111.

Lindenhurst Soccer Club's Blitz racks up another shutout

For the third week in a row, the Lindenhurst Soccer Club's Blitz, an under-14 girls team, blanked its opponents. This time it shutout Trevian 08 at Polley Field 4-0.

It was a solid performance by all players with two goals being scored by Becca Bleyer and one each by Carrie Gofron and Stacie Morley. Assists were handed out to Morley (two) and Jessica Haynes (two). Allison Earl and Gofron were between the posts. The Blitz is now 6-0-1 on the spring season.

Head Coach Ron Giangiorgi sent his U-12 Power into battle against the undefeated Fox Valley Strikers. The Power again played a strong game, as they have all season, but they were overpowered in the second half and fell to the Strikers 4-0.

The U-10 Lightning notched it's first win of the spring season at Oakland

Field 2-1 over the team from St. Charles. After outplaying their opponents in the first half, the Lightning broke the 1-1 tie in the second half and held on for the victory. Head Coach

Mark Hungarland was very pleased with his team's overall play.

Over Memorial Day weekend all three teams will be in the Park Ridge Tournament.

Real Estate

By NANCY CLUTE

REALTOR

BUY OR SELL FIRST

Here is one of the oldest questions in the real estate business: "Should I sell my house first and then scramble to buy a new one or should I find the new one first and then sell?"

Actually, both steps could be taking place simultaneously, but you'll need more information first and a helping hand to coordinate the steps so they'll fall into place painlessly. Your first step should be a visit to an experienced residential agency like ours. We will prepare a marketing plan for your present home. This will give you a firm basis for planning your new purchase. You'll have an idea of the cash you will have available to use for the downpayment on the next house. Also, you'll have a time-frame for the sale of your present home from listing to passing. This will help in planning the time you'll need to wrap up the purchase of the new home.

In selling one home to buy another, you are not alone. Over 70% of all residential transactions are hinged on one sale taking place before another is consummated. Our agency will help make this transition more profitable and less stressful.

If there is anything I can do to help you in the field of real estate, please phone or drop in at RE/MAX HERITAGE, 4641 Grand Avenue, Gurnee. Phone: 336-2600. I'm here to help!

Grayslake Colts expecting strong turnout for sign-up

By the time registration is completed, more than 250 youngsters are expected to register for Grayslake Colt football and cheerleading programs.

The final sign-up session will take place Saturday, May 29 at the Grayslake American Legion Hall from 9 a.m. to noon.

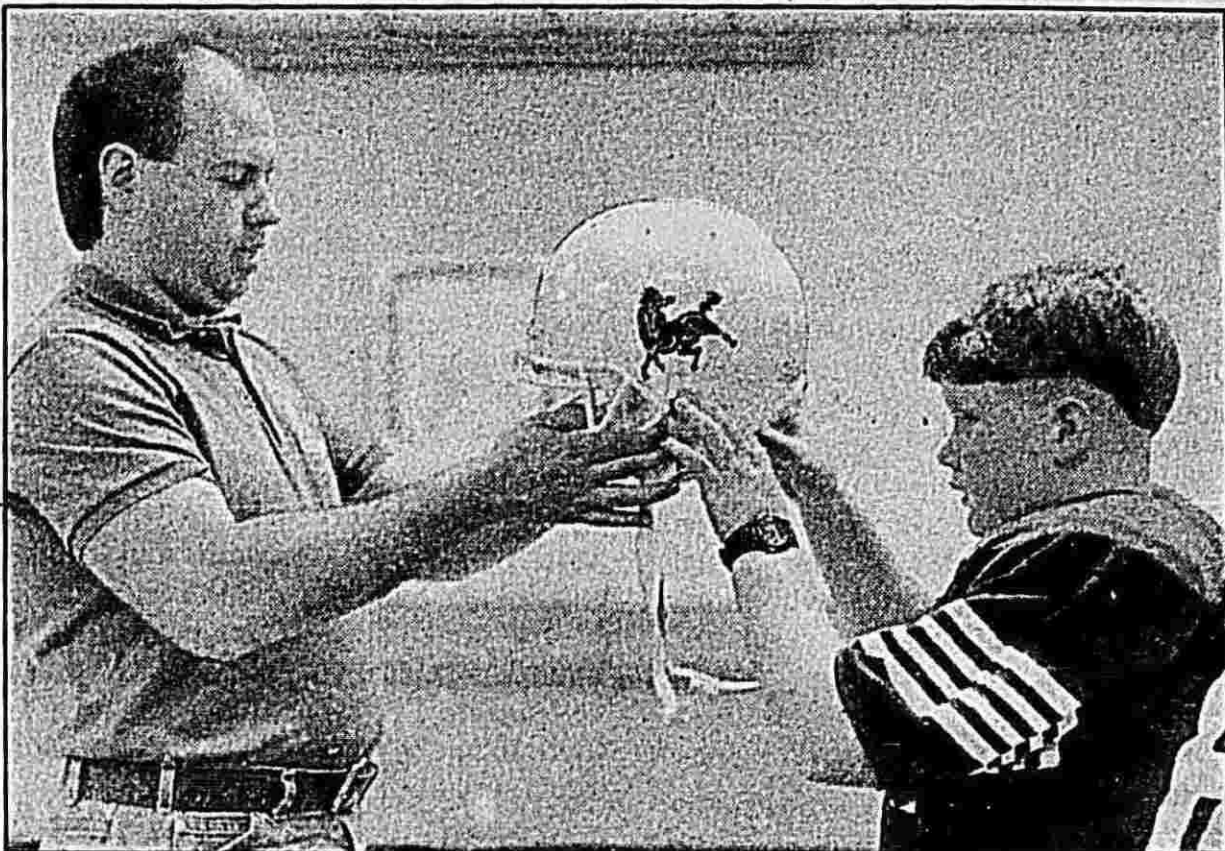

Fees are \$60 for football, \$50 for cheerleading.

The Colts play in the Northwest Football League. Coaches are certified through the National Youth Sports Coaches Assn.

Coaches are: Nandee Short of Grayslake, varsity; Fred Wessely of Lake Villa, lightweights; Mike Wright of Lake Villa, assistant lightweight; Mike Staver of Lake Villa, assistant lightweight; Don Rathunde of Grayslake, featherweights; and Gallagher, peewees.

A breakdown of teams by weight: featherweights for 95 pounds or under; lightweights for those 115 pounds or under and varsity over 115 pounds.

For more information, call Gallagher at 223-3138.

Fred Wessley, lightweights head coach, make sure Dan Short's uniform is nice and snug. Grayslake Colts will have youth football sign-up again at Grayslake American Legion Hall from 9 a.m. to noon Saturday, May 29.

Warren High tennis camps begin instruction June 14

Warren Twp. High School will be offering tennis instruction this summer at a camp conducted by an assistant tennis coach.

Greg Cohen will host the camp June 14 through July 1 for one session, July 12 through July 30 for a second session. Class size is expected to be six students to one instructor. Cost for classes that meet two hours a day is \$30 per session; cost for classes which meet one hour a day, \$25 per session. Checks should be made payable to Warren

Twp. High School.

Classes are open to boys and girls entering fourth through 12th grades.

The first session times: 1 to 2 p.m. for fourth through eighth grade advanced beginner; 2 to 4 p.m. ninth and 10th graders advanced; 4 to 5 p.m. seventh through ninth graders, beginner and 6 to 8 p.m. 10th through 12th grade, tournament.

Second session times and grade, skill levels: 9 to 11 a.m. ninth and 10th graders, advanced; 1 to 2 p.m. fourth

through eighth grade, beginner; 2 to 4 p.m. ninth and 10th graders, advanced; 4 to 5 p.m. seventh through ninth grade, beginner and 6 to 8 p.m. 10th through 12th grade, tournament.

For more information, call Cohen at 662-1400.

Classes meet Monday through Thursday with match play on Friday. Tennis balls will be provided and each camper will receive a t-shirt. There is a minimum of 10 students to hold a class, a maximum of 20.

New Warren coach sets camp

Warren will be offering basketball camps this summer under the direction of new head coach Chuck Ramsey.

The regular camp will be June 16 to July 2 with an additional week of team camp July 5-9. Team camp will consist of full court five-on-five basketball.

Camp times at WTHS: incoming sophomores 8:30-10:30 a.m.; incoming eighth and ninth-graders, 9-10:30 a.m. and

fifth through seventh-graders, 10:30 a.m. to noon.

Cost is \$40 for the regular camp, \$10 additional for the team camp.

Forms are available at Warren Township High School, Millburn, Viking, St. Patricks, Gurnee Grade School and Woodland District 50 schools.

For more information, call Ramsey at 662-1400.

Warren girls hoop camp coming

Warren Twp. High School girls basketball coach Bruce Campbell will again be offering a summer basketball camp for incoming fifth through 10th graders.

The camp will begin June

16 and end July 2. Times will be 12 to 1 p.m. for fifth through seventh graders, 8 to 10 p.m. for eighth through 10th graders.

Camp fee is \$35 and includes a t-shirt. Checks may

be sent to Campbell at the high school, 500 O'Plaine Rd. or the fee may be paid the first day. T-shirt size of camper should be included.

For more information, call Campbell at 662-1400.

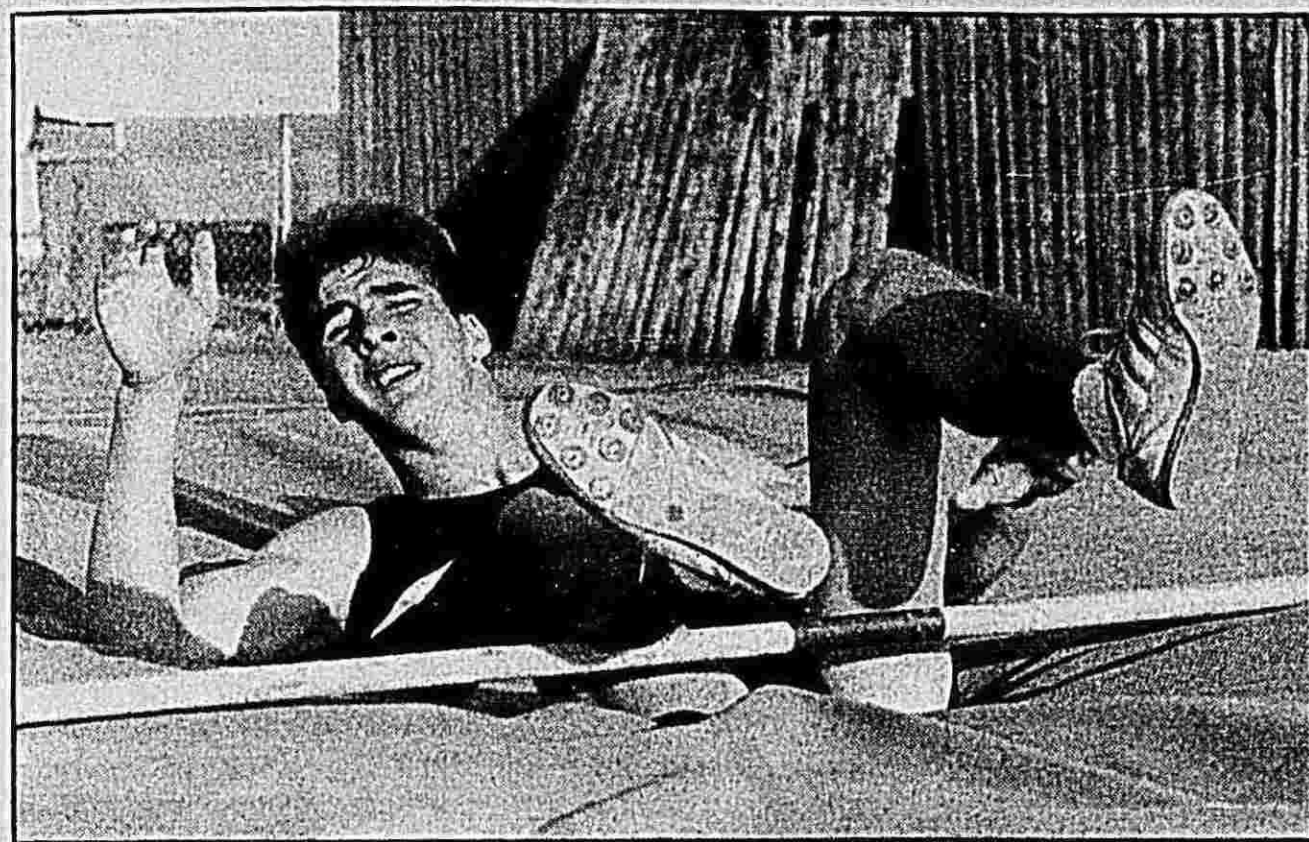

Nice cut

Remter finds satisfaction in gaining two state bids

by STEVE PETERSON
Lakeland Newspapers

Antioch's Dave Remter made up for a frustrating season by qualifying for the state track and field meet in both the shot put and the discus.

Remter threw a season-best 150-5 to finish second and qualify for the state meet in the discus. Charles Burgoon of Carmel won the event at Stevenson's sectional with a 152-5.

"It was my best throw of the year. My form has been off this year. I have not been able to hit my best throw of last year (165). It's been kind of upsetting to me," Remter, a senior, said.

"With the help of Del Pechauer (assistant coach) in practice every day, telling me exactly what I am doing wrong, he has helped me out the whole way," Remter said.

"It has been frustrating for both of us, but he has been improving the last few weeks," Pechauer said.

Remter had a 50-1 effort to qualify for the shot put. Matt Erhardt of Carmel's season-best 51 feet, 11 and one-half inch effort won the event.

"I want to try and place in the top seven," Remter said.

The state meet is this weekend at Eastern Illinois University in Charleston.

Junior Aaron Bell took second in the high jump at 6-5 to Waukegan's Shannon King. "This is his first time out for track so I am pretty happy with his effort," Antioch Coach Norm Hahn said. "When he started off, he was happy to do 5-10. He has works at and is enthused about track."

Antioch scored 50 team points in the meet won by Waukegan with 126 points.

Hawthorn Lanes hosting PBA meet this weekend

Continuing a tradition of showcasing the best bowlers from the Midwest, Hawthorn Lanes will host the Add-A-Bath Professional Bowlers Association Midwest Regional Tournament Memorial Day weekend.

The event marks the fourth consecutive year many of the top names in bowling from Chicagoland and an eight-state upper Midwest area will compete for better than \$20,000 in prize money and the prestige of a PBA tournament title in the holiday weekend affair.

A full field of 160 bowlers is expected, including national tour title winners Steve Jaros, Les Zikes, Tony Cariello and host pro Bill Spigner. Among other Chicago area players in the field are multi-titled regional champions Brad Snell of Elk Grove and Woodstock's Dave Traber.

In addition, Chicago Bears running back Darren Lewis has claimed one of the spots available in the field for non-PBA members. Lewis is no novice to the sport although this marks his first test against such high level bowling competition.

While the established pros received most of the attention, the bulk of a regional tournament's cast of entries are non-touring PBA members who hold down weekday jobs and are frequently dubbed the "weekend warriors." Many hope to use the 18 tournament Midwest Regional circuit as a springboard to a national tour career.

The pros take the lanes beginning Friday, May 28 for a practice and autograph session from 4:30 to 6:30 p.m. The first of three pro-am squads kicks off at 7 p.m., a portion of which is designated for junior bowlers.

As well as getting the opportunity to team with the pros and win trophies, each junior bowler receives a bowling towel plus an official tournament program. The cost to enter the junior pro-am is \$17.

The adult pro-am, sponsored by Add-A-Bath and Rinella Beverage, distributors of Budweiser, carries a top prize of \$1,000, based on 200 entries. The entry fee for adults is \$40 and in addition to the

Friday night session, squads are scheduled for Saturday, May 29 at 7:30 and 9:30 p.m. Both the junior and adult pro-ams feature a Nine-Pin-No-Tap format so credit for strikes will be easier to achieve.

Pro-am entrants will use their league average to determine individual handicaps. For more information about bowling in the pro-am contact Bill Spigner at 367-6220.

Prior to the Saturday night pro-am the pros will be involved in an intense 10 game qualifier to determine the top 24 bowlers for Sunday's match play rounds. At the conclusion of 16 head-to-head games the leading five players take part in a stepladder TV format finals beginning at approximately 3 p.m. Sunday. Admission for all sessions is free.

First of many special events slated at Wilmot this weekend

Toft Auto Racing's Wilmot Speedway will host several special events as part of its year-long 40th anniversary season celebration beginning Memorial Day weekend. Mother Nature was the only winner last weekend when races were rained out.

On Saturday, May 29, "Wisconsin's Clay Center of Speed" will host another first. The Midwest Street Rod Association of Illinois will hold a car show from 1-5 p.m. on the Kenosha County Fairgrounds. The car show is open and free to the public.

From 3-6 p.m., WEMP, 1250 AM of Milwaukee will be broadcasting live from the speedway grounds. WEMP radio personality Dan Marcus will be on hand along with the giant jukebox playing classic rock.

On the one-third mile clay oval that evening will feature sprints, modifieds, sportsman and mini-modifieds. The May 29 race events will be sponsored by

Gator's Dug Out of Trevor. Grandstands open at 5 p.m. with spring time trials at 6:15 and the first race at 6:45.

Thursday, June 3 will feature the first major sprint car special in the Chicago-Milwaukee area when the Club/All Star Circuit of Champions Spring Car Series brings its traveling show to Wilmot Speedway.

For further information on these and other events at Wilmot Speedway, phone the trackside racelines at (414) 862-2446, 838-RACE, the track office at 395-0500, or the WMYX/WEMP Information System Wilmot Speedway Raceline at (414) 529-7600 and press four.

Wilmot Speedway is located on the Kenosha County Fairgrounds in Wilmot, Wis. Take I-94 to Kenosha County Highway C, C west nine miles to Wilmot. Go north on County Highway W (Fox River Road) one-quarter mile to the speedway.

Tennis star has Wauconda roots

Streamwood High School tennis ace Kevin Koffen has some strong ties to Wauconda, where his dad, Allan, was in the first graduating class at the current high school. Kevin's grandmother,

Louise, still calls Wauconda home.

Kevin has advanced to the state tennis finals twice and was No. 1 last year in the Chicagoland District Tennis Association boys 16 division.

Dates set for summer Panther hoop camps

Round Lake basketball coach Bob Ward will once again be offering camps for youth.

Dates will be June 14 to July 30 for the various Panther Pride Basketball Camps.

Incoming (for the 1993-94 school year) fifth and sixth-graders will meet from noon to 1 p.m. June 14 to 18.

Incoming seventh and eighth-graders will meet from 10:30 a.m. to noon June 14 to 18.

Incoming ninth and 10th-graders will meet from 11:30 a.m. to 1:30 p.m. June 14 to July 30.

Incoming 11th and 12th-graders will meet from 7 to 10:30 a.m. June 14 to July 30.

Sequoits win in tourney**Warren sweeps Antioch, finishes in fourth in NSC**

Warren Twp. High School's softball team is pleased with a strong finish, but the question is: does it get the Blue Devils ready for Libertyville?

"We are not playing up to the level we need to play before tournament," Coach Joyce Norton said.

The Blue Devils closed the regular season with a 9-7 loss to Waukegan

Tuesday. Jill Chumbley suffered the loss as Warren finished 13-10 overall.

Warren swept Antioch by 6-1 scores in the last North Suburban Conference for a fourth-place finish at 9-7.

Antioch took the first step in its defense of its regional title with a 6-3 win over Grayslake on Tuesday.

Antioch's Michelle Kilarski, ironically, had a

one-hitter in the loss but walks and errors took their toll. Chumbley, who gained the win, had the hit.

Warren had 10 hits in the loss to Waukegan. "We hit the ball pretty good," Norton said.

Warren battled Libertyville in the regional opener May 27 for the right to advance to Mundelein for the semifinals May 29.

"It's Rented!

I ran my ad in the Fox Lake Press and the other 13 Lakeland Newspapers and the apartment rented within the 2 week run. I always get good response from your paper.

Thank you."

D.S., Barrington.

"My washer and dryer SOLD the same day the paper came out. The caller saw it in the Round Lake News. Thanks Lakeland for the quick response!"

R.F., Libertyville.

"The response was overwhelming! We had to cancel our ad after the first week on our Fox Lake house. We only wished we had 30 houses to rent for all those who called.

Thank you Lakeland Newspapers!"

C.L., Lake Zurich.

"I was delighted that I got quite a lot of calls after placing my ad in the Lakeland Newspapers. I got the house rented right away."

K.C., Niles.

"I always have good luck with your papers. I've run ads with the Fox Lake Press for 8 or 9 years and have always rented the apartment right away."

B.S., Mt. Prospect.

"We often place our Real Estate advertising with Lakeland Newspapers because we know by placing them in the Classifieds we are covering all the areas we need. When our busy office needed additional personnel, naturally, we placed our ad with Lakeland Newspapers.

The response to our ad was remarkable. It provided us with a variety of people to interview as well as those to keep on file for the future."

M.L., Antioch.

Important facts on arthritis

According to the Arthritis Foundation, arthritis literally means "inflammation of a joint." It refers to more than 100 different diseases that cause pain, swelling and redness in joints and connective tissue throughout the body. It is usually chronic, meaning that it lasts a lifetime.

An estimated 37 million Americans have arthritis. That's one in seven people. It is the most prevalent chronic health problem and the number one cause of limitations in movement in the United States.

Anyone can get arthritis. It affects people in all age groups, including as many as 200,000 children. The condition takes an especially heavy toll among women; about twice as many women as men have arthritis.

Osteoarthritis and rheumatoid arthritis (RA) are the most prevalent forms of arthritis. RA, the more serious and disabling type of arthritis, affects an estimated 2.1 million Americans. Osteoarthritis affects an estimated 15.8 million Americans, most of whom

are over age 45.

What are other serious and common forms of arthritis or related disorders?

•Gout is usually the result of a defect in body chemistry. This painful condition most often attacks small joints, especially the big toe. Fortunately, gout can almost always be completely controlled with medication and changes in diet.

•Systemic lupus erythematosus (lupus) is a serious disorder. It can inflame and damage joints and other connective tissues throughout the body.

•Scleroderma is a disease of the body's connective tissue that causes a thickening and hardening of the skin.

•Ankylosing spondylitis is a kind of arthritis that affects the spine. As a result of inflammation, the bones of the spine grow together.

•Juvenile arthritis is a general term for all types of arthritis that occur in children. Children may develop juvenile rheumatoid arthritis or childhood forms of lupus, ankylosing spondylitis, or

other types of arthritis.

There is no cure for most forms of arthritis, yet. However, medical advances can prevent or delay severe crippling in many cases. The key early diagnosis and a treatment plan tailored to the needs of each individual. Most treatment programs include a combination of rest, medication and exercise.

The symptoms of arthritis are: Swelling in one or more joints; early morning stiffness; recurring pain or tenderness in any joint; unexplained weight loss, fever, or weakness combined with joint pain; and symptoms such as these lasting for more than two weeks.

The mission of the Arthritis Foundation is to support research to find the cure for and prevention of arthritis and to improve the quality of life for those affected by arthritis. The Arthritis Foundation is the only national, voluntary health organization that works on behalf of all people with any of the more than 100 forms of arthritis or related diseases.

Pharmacists may have relief for the common cold

While doctors don't yet have a cure for the common cold, your pharmacist does have medications to help you weather your cold more comfortably. According to NARD, the national association representing independent pharmacists, the following cold remedies will offer relief from the symptoms of cold and flu.

Head, body aches
Acetaminophen, ibuprofen, and aspirin give all-purpose pain relief for your whole body including headache, body ache, fever, earache, and sore throat. Do not give aspirin to children with cold or flu symptoms because it has been linked to the potentially fatal Reyes Syndrome.

Nasal congestion

Mild decongestants containing pseudoephedrine are effective in unclogging a stuffy nose. However, it can cause sleeplessness and jitteriness in some people, particularly children.

Nasal sprays and drops, which constrict blood vessels in the nasal passages, can also unstuff your nose. Some of these products contain decongestants, some salt water. Do not exceed the recommended dosage of medicated nasal products as overuse can cause the opposite effect increased swelling after the medication wears off.

A cool mist humidifier or warm mist vaporizer

also reduces nasal congestion.

Nasal sprays and decongestants are also effective in relieving an earache when it is caused by nasal congestion blocking the eustachian tubes. A heating pad set at a low temperature and held against the ear also helps reduce pain.

Sneezy, runny nose, sore throat

Antihistamine medications reduce sneezing and runny nose; however, they may also cause drowsiness and overly dry nasal passages.

In addition to acetaminophen or ibuprofen, treat sore pain with sprays and lozenges that contain phenol, and anesthetic. Keep the throat

moist by drinking lots of fluid, gargling with salt water, and sucking on hard candies.

Coughing

Coughs caused by colds and flu are usually the result of nasal secretions that drain into and tickle the throat. Medications that dry up nasal passages, therefore, can reduce coughing. Antihistamines containing diphenhydramine and decongestants containing pseudoephedrine are usually recommended.

To suppress a cough, use antitussives that contain codeine, codeine phosphate, or codeine sulfate. Ointments that are rubbed on the chest or used in vaporizers and that contain camphor or

menthol can also be helpful in calming a cough.

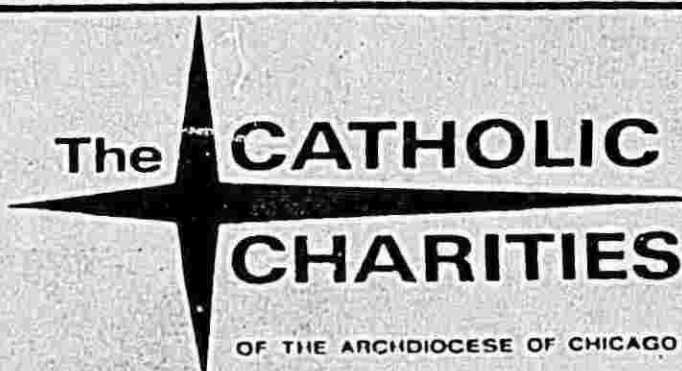

Flu

Flu and cold symptoms are similar, although flu symptoms are more severe and include fever, body aches, and fatigue. Symptoms of flu are effectively treated with the medications recommended for colds.

The prescription drug amantadine reduced the severity of flu symptoms if taken within the first two days of the flu's onset. Side effect of amantadine may cause nervousness and sleeplessness. Rimantadine is a new drug used to alleviate flu symptoms that may not cause these same side effects.

As with any prescription or over-the-counter medication, always follow the directions on the package and never exceed the recommended dosage. For colds and flu, stop using the medication as soon as the symptoms disappear. Some of these medications are not recommended for pregnant and nursing women, children, and those with heart disease, diabetes, and hypertension.

Tips to minimize your chances of car theft

With the increasing incidence of carjacking and car theft, it's important to take appropriate precautions, say the experts at the Insurance Information Institute (I.I.I.). Older Americans may feel particularly vulnerable but, according to the I.I.I., if you're ever threatened by a carjacker, it's important to save your life first, then think of the car.

To minimize the chances of being the victim of a carjacking, the Institute suggests the following:

- Stay alert. Be sensitive to persons lurking near or

moving toward your parked car. Don't confront them.

If you're in the car, drive away as quickly as you can. If you're not in the car, walk away.

- Keep the windows of your car shut and the doors locked, whether you're in or out of the car.

- Drive in the center lane of the highway to minimize the chances of being pushed onto the shoulder of the road.

- If another car bumps your car, stay inside with the windows shut and doors locked, and drive to

the closest police or fire station.

- Don't stop at isolated pay phones, cash machines or newspaper stands.

- Park only in well-lighted areas and make sure your own driveway is well-lighted.

With approximately 1.7 million cars stolen annually, you're much more likely to be a victim of car theft than carjacking.

Here are other tips from the I.I.I. for preventing car theft:

- Keep your registration card in your wallet instead

of in your glove compartment. If you and your spouse share a car, obtain a second registration card from the motor vehicle agency in your state.

- If you have to leave personal property in your car, put it in the trunk. Don't leave expensive-looking or attractively-packaged items on the front or back seats of the car.

- Use paint or an indelible marker to put the vehicle identification number under the engine hood, trunk lid and on the battery. This number is usually

found on the dashboard on the driver's side of the car.

- Use a security device like a steering wheel lock or a gear shift column lock. Ask your local police which of these devices they recommend.

If, despite these precautions, your car is stolen, call the police immediately to report the theft.

Have the following in-

formation ready to give the police: The year, make, model and color of the car; the time the car was stolen; a description of anyone you may have seen loitering around the car before the theft; and the names and phone numbers of any witnesses. Also report the theft, too, to your insurance agent or company representative.

Travel opportunities for adults

The Mature Health® program of Highland Park Hospital has scheduled summer and fall outings for its Travel Club, yet another benefit of the Mature Health program. The Travel Club offers tours and other recreational events to its membership.

The outings are planned by E&H Tour DuJour, Inc., an entertainment enterprise founded by two Mature Health members. Tours and other recreational activities are tailored to the interests and budgets of the mature population. Prices are all-inclusive and comfortable coach buses, with bathrooms, are provided. Mature Health members may participate in any or all of the following scheduled activities:

June 10—A visit to Channel 5 in the NBC Towers for the "Jerry Springer Show," 8:30 a.m. to 3:30 p.m., with lunch at the Cafe Saranda and a tour of the Chicago Tribune's Freedom Center. Cost: \$32.50, including lunch;

June 30—A tour of the Miller Brewery and outdoor garden from 9:15 a.m. to 5:15 p.m., with lunch at Mader's Restaurant and a visit to the Pabst Home. Cost: \$36.50, including lunch;

July 7—A cruise on the "Belle of the Lake" steamer with lunch on board and shopping on shore, 9:30 a.m. to 4:30 p.m. Cost: \$45.50, including lunch;

July 21—A performance of the classic "Romeo and Juliet," 5:30 to 10:30 p.m. in

the Austin Gardens of the Oak Park Historical District, featuring some of Chicago's best professionals, and including a box supper. Cost: \$45;

Aug. 5—A visit to the studios of painter/illustrator/dancer Mary Gehr, and sculptor Elden Danhauser, with lunch at the Big Shoulders Cafe in the Chicago Historical Society and a walking tour to view the work of Calder, Miro, Chagall, DuBuffet and Picasso. Cost: \$42, including lunch;

Aug. 11—A cruise on the luxury ship Odessey from 9:45 a.m. to 3:45 p.m. with music and an excellent lunch. Cost: \$55;

Sept. 9—Lunch and a matinee performance of the Tony award winning musical "City of Angels"

from 11:30 a.m. to 4:30 p.m. Cost: \$48.50, including lunch;

Sept. 22—An afternoon at the Arlington Race Track. Details to come.

Mature Health is a free membership program at Highland Park Hospital offering comprehensive, coordinated services that appeal to all segments of the mature adult population. Members are entitled to a wide range of discounted health and wellness services; a free quarterly newsletter and monthly lectures; periodic health screenings; and a variety of other assisted services.

For more information on tours or to join Highland Park Hospital's free Mature Health program and Travel Club, call 480-3935.

Volunteers needed in Loyola study

Supplementing a normal, healthy diet with doses of a substance found naturally in fruits and vegetables may offer some protection to patients at risk of developing colon cancer, say physicians at Loyola University Medical Center.

However, more volunteers are needed to take the supplement, beta-carotene, so that Loyola researchers can conclude the four-year project, which is in its third year and supported by the National Cancer Institute.

Requested are patients who have undergone

surgery for colon cancer within the past five years, but have not received any radiation or chemotherapy treatments.

Volunteers will be able to remain on their normal diets, while taking one capsule of beta-carotene daily. The capsule holds approximately the same amount of beta-carotene that an individual would consume by eating six cupfuls of carrots, said Dr. Sohrab Mobarhan, who leads the project.

Beta-carotene is a natural substance found in abundance in a variety of

vegetables, including carrots, kale and pumpkins.

Scientists theorize that beta-carotene offers protection from colon and other forms of cancer by neutralizing or ridding the body of oxygen-free radicals, substances which can destroy the genetic material of cells and promote cancer formation.

The purpose of the Loyola study is to determine whether beta-carotene reaches the colon and what effect, if any, it has on reducing the number of natural bodily elements that

increase a person's cancer risk, Dr. Mobarhan said.

Participation in the study will require a six-month commitment, during which time volunteers will receive monthly check-ups at the Loyola University Medical Center campus in Maywood. A free physical examination and nutritional evaluation will be provided at the start of the six-month period; each participant will also receive a monetary stipend.

Persons interested in the study should call Amy Shiao or Madhavi Dyanapolli at 216-6796.

New concept in elderly residences

A growing demand for progressive lifestyle choices for the elderly will be met by a Lake County project that offers "assisted living" in a bed and breakfast type residence and innovative activities, at a cost 40 to 60 percent below nursing homes fees.

New Life Options for the Vital Elderly, a not-for-profit corporation, unveiled its plans for the Antioch Country Inn to the local American Association of Retired Persons on May 11. The Inn

will begin accepting applications for residency June 10.

Set to open in 1994, the Antioch Country Inn will provide programs that promote self-esteem, independence and well-being. These include restorative and holistic activities such as horticultural, pet, music and art therapies; massage, meditation, yoga, and exercise classes; intergenerational day care. The facility will allow residents to enhance their quality of life

while having access to nurses and therapists trained to care for their special needs.

The Inn will provide private studio apartments for residents who will be able to garden, fish on a two-acre pond, picnic, and enjoy the countryside on a wooded 17-acre site in Antioch.

The building's architectural design will incorporate the use of light, glass and color to foster mental and physical well-being. Residents will also

be able to entertain overnight guests at the on-site guest bed and breakfast inn. There will even be part-time jobs for those who desire the opportunity or the extra spending money.

New Life Options for the Vital Elderly plans to provide its unique therapeutic programs free of charge to residents and community participants by seeking out grants to help fund Inn programs and research new methods of care.

Nazis In Mundelein?

Nice work, Officer #26. You know who you are. I recently took my Little League team to Community Park to practice a half hour before a scheduled game. This insane policeman began to harass, badger, and ultimately threw me out of the park because I did not show my ID. I explained to him that we were there for practice, but he told me that I "Didn't belong there and he never wanted to see me there again." Nice example for the kids. Is Mundelein sanctioning Nazi tactics now? Can we cross the street without our "papers"?

Then Move

I live in Antioch and am not disturbed by the sirens at all. I like them and least you know what is going on in town. Whenever you hear it, you can expect the volunteers soon. If you don't like it, move.

Record Is Clear

I want to set the record straight. The Antioch Fire Department uses the siren from 8 a.m. to 8 p.m. The siren you hear all night is the free advertising of the Antioch Rescue Squad. Lets not confuse the two. I am a member of the fire department and I would like to thank the lady who says "stop complaining".

Smile

This is to "It Would Be Nice". It is a shame that you have such a negative view of the world. While I agree that it would be nice to read a few more positive comments in Lipservice, I have to wonder why you did not use your space to say something positive instead of complaining about Lipservice. Cheer up and smile. If Lipservice is too negative for you, why don't you skip that part of the paper. I am from Grayslake.

Can't print them all

I am calling about all you stupid morons who call Lipservice and complain that they do not print your letters. Did you think that they could print every stinking call? They must get hundreds. Also, why waste space complaining about that? Get a life and quit wasting our time. If you have something to say, say it. And, if it is worth it, they will probably put it in the paper. By the way, I just love Lipservice and am from Antioch.

Editorial note: We would like to ask everyone to limit the number of calls from a single individual to one or two a week. Recently, we have received over a dozen calls from single individuals, often on the same subject. It is unfair to everyone else and would present a lopsided viewpoint if any single person dominated this column. Lipservice reserves the right to refrain from printing and editing any and all messages of any nature.

Cop Call

I think it is disgusting that this newspaper would print comments about police like the ones appearing in last weeks Lipservice. Accusing the police of confiscating and consuming illegal drugs at parties without any substantiation by the complainant is outrageous. It is a sad state of affairs when a newspaper publishes this kind of thing.

Dead and Buried

If the person who thinks that the new Fox Lake mayor is so honorable, maybe he can tell me what happened to those honorable pre-election promises? And, what about being at the village hall every day? I have tried calling and he is never there. If you ever attended a village meeting, you would never make such loose statements. Go to the meeting and see who he is appointing building commissioner. This town is dead, and the mayor is just doing what he does best, burying it.

Wooded Lake?

I live on the east side of Mineola Bay in Fox Lake. I've never seen so much debris floating around from people who don't take in their piers and pier posts. All of the wood is floating around and it's beginning to look like a lumber mill. People who live around the bay should be responsible enough to take care of their own piers.

Cats To Kids

Hey Annie get your gun. Some animals are hunted for trophy and others for rugs. They never had a choice or voice in the matter. Where is the great Buffalo that roamed the plains? When they ran out of Buffalo to shoot, they shot Indians. Maybe, when "Annie" runs out of cats to shoot, she can turn to kids. Hey Annie, the Wild West

Show needs a woman like you. Will we ever learn from our past?

Blame The Cat

Hey, right back at you from "Get A Leash". If you had been watching your cat like you are supposed to, he would not have been shot. And, three times? Where were you, watching soap operas? And what did Wally do to make someone that angry?

Everyone Loses

I am from Antioch and heard over the weekend that the iceless hockey is being ruined by a selfish man. I heard he is unwilling to compromise. Hope you are happy. Not only will your son miss out, but mine will too.

Off The Boards

I heard recently that Ms. Axton has been removed from the Antioch park board by the mayor. She has done an exceptional job. Could it be because Mayor Shineflug worked for a developer?

Work Not Games

I just have to comment about this ridiculous movement to bring your daughter to work with you. As if American employers don't have enough to worry about. Now they get to deal with the responsibility of having a bunch of kids hanging around. No wonder Japan is beating our tails off. Work is for work there. Not for playing stupid games.

Let Us Know

What happened to the follow-up news of the people involved in the fake driver's license scam? Come on Mr. Secretary of State. Let the people know what is going on.

Tiny Turnout

In regards to the Fox Lake Pageant, there is something radically wrong when only four girls show up. I only saw one notice in the paper. Also, please leave the mayor alone.

Don't Give A Poop

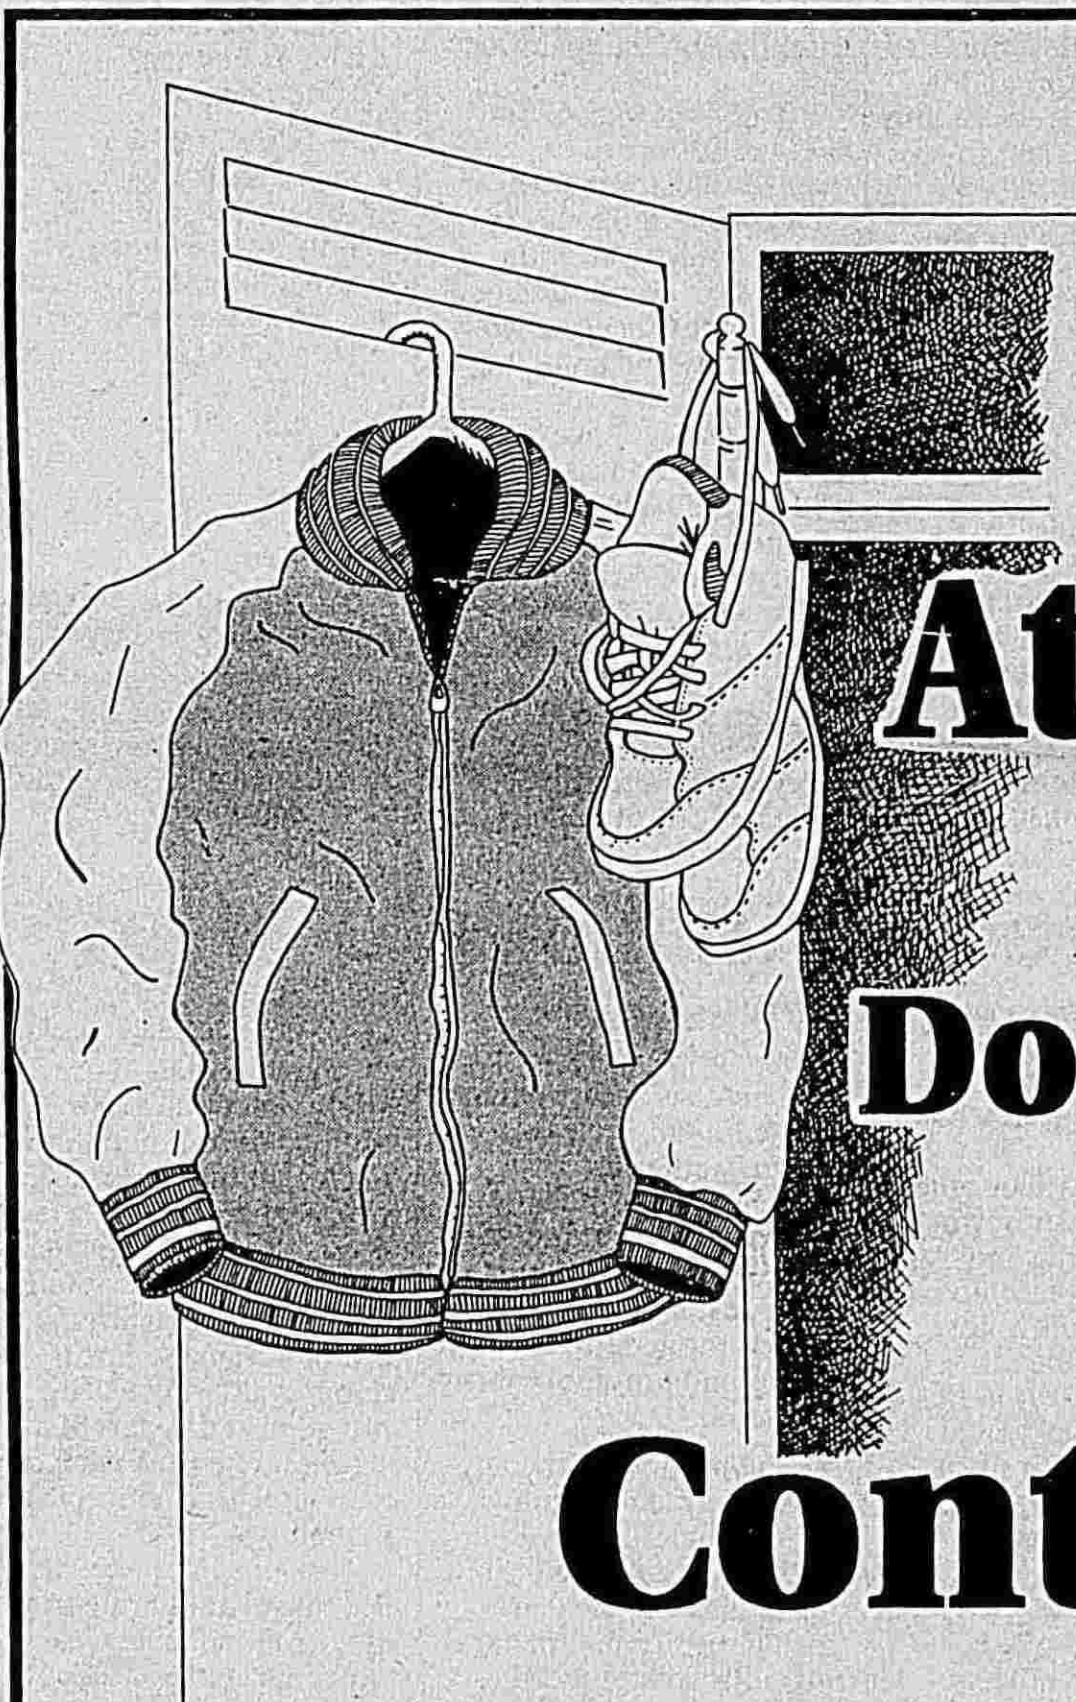

Fox Lake Zoning Board chairman, said, and I quote, "He does not defecate the village." If that is true, he should prove it by voting against the asphalt plant.

Can You Wait?

I am calling to respond to this crap about the Antioch Fire Department. If your house was on fire, you would be pretty glad the siren is calling all of these people. My husband has a pager, so I know how long it takes to respond to a pager.

Trade Hugs For Smokes

Grandma and Grandpa, please quit smoking. You really smell bad and make my clothes and hair smell like an ashtray. I want to hug and love you, but my nose just stops me. Please don't die of smoking, I love you.

Read About Athletes Who Don't Have Big Contracts

No multi-millionaires here. These kids play for the love of the game, and you love every minute of it. And with Lakeland Newspapers you can read all about these local athletes. Because every week we bring you local sports coverage that details the passion and excitement these kids have for the games they play. And we're in the process of expanding our local sports news, because our goal is to be the complete source for news and information on all your local sports activities. So pick up a Lakeland Newspaper, and keep up with the athletes who really aren't in it for the money.
